"Cure Your **Rupture Like** I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Death."

His Remedy and Book Sent Free.

Captain Collings sailed the seas for many years; then he sustained a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years. He tried doctor after doctor and truss after truss. No results! Finally, he was assured that he must either submit to a dangerous and abhorrent operation or die. He did neither! He cured himself instead.

FREE RUPTURE BOOK AND REMEDY COUPON.

WANT A STATE INSPECTOR OF FERTILIZER PLANTS

Agriculturists Prepare Measures for Legislature and Will Back Police Bill for Protection in Country Districts

Seeking to regulate the fertilizer business in this State the State Board of Agriculture is backing measures which will be introduced into Legislature this session. This was made known this morning when the Legislative committee of that organization made its report.

A bill has been prepared amending A bill has been prepared amending the present fertilizer law making it compulsory for the manufacturer to include in his statement of the product the sources of the materials from which the fertilizer is made, Taeboard in addition recommends the appointment of a fertilizer inspector, an employe in the State Department of Agriculture, whose business will be to inspect fertilizer plants.

Measures have also been prepared regulating commission business in \$60\$

regulating commission business in so far as it relates to the sale of agricul-

far as it relates to the sale of agricultural products; regulating the sale of lime in so far as it relates to agricultural products and amending the present fruit law so that the legal weight of a bushel will not be more than the actual weight.

The State board will also back a State police bill, which has been prepared for introduction into the Legislature by the superintendent of the State police for the better protection of life and property in the rural districts by the State police force. The committee reported that such a bill has already been prepared and the board was lending its influence in having it passed.

On the committee which wade this

was fending its influence in having it passed.

On the committee which made this report this morning were S. S. Bly-bolder, Kelly Station; M. M. Naginey, Milroy; H. C. Snavely, Celona; H. G. MeGowan, Geiger's Mills, and Robert W. Lohr, Boswell.

The report of this committee did not contain a recommendation of a bill that was much discussed yesterday afternoon, relating to a reorganization of the State Department of Agriculture, placing the direction of the department in the hands of a commission of seven to be appointed by the Governor.

Committees on resolutions and memorials reported. Secretary M. B.

Committees on resolutions and memorials reported. Secretary M. B. Critchfield, Secretary of the State Board

Critehfield, Secretary of the State Board of Agriculture, was given a vote of thanks by the board and adjournment was taken.

The final business of the present session of the Breeders' Association and the Dairy Union was completed late this afternoon with an address on the foot and mouth disease by Dr. C. J. Marshall, State veterinarian. The annual business meeting was held this aft. nual business meeting was held this aft-

This morning's session by this branch was featured by an address by A. A. Hartshorne, ex-president of Holstein-Friesian Association, on pure bred livestock.

CLING 3 DAYS TO DRIFTING WRECK

Thence they were brought to New York

by the Algonquin.

Steamer Reported Lost Reaches Port

The Italian steamship Angela Parodi,
which was lost from view of the revenue cutter Itasea yesterday in a fog
and was believed to have gone down
with her crew of 27, reached this port
to-day in tow of the Greek steamer
Crios.

Crios.

The Parodi had been adrift since The Parodi had been adrift since January 19, when her supply of coalwas shanasted. For four days the revenue cutter Itasca stood by and endeavored to get a line to the drifting ship. The Parodi's food supply ran out and this increased the suffering of the crew. High seas prevented the Itasca from aiding either the ship or those aboard.

aboard.

During Monday night the Parodi drifted away from the Itasca in thick weather. The cutter searched all day Tucsday and yesterday for the ship and not finding it sent a wireless message last night to Norfolk expressing the belief that the Parodi had sunk about 340 miles off Cape Henry with all on board. This belief was strengthened, the wireless message said, by the fact that the cutter encountered a mass of wreckage in her search. wreckage in her search.
Second Rescue for Crios

wreckage in her search.

Second Rescue for Crios

After the Parodi became separated from the Itasca, her officers said to-day, the Greek steamer Crios sighted her. This was at 3 o'clock in the morning of January 26, a few hours after she had drifted away from the Itasca. The Crios succeeded in getting a line to the helpless vessel and took her in tow.

The rescue of the Parodi is the second one achieved by the Crios in succeedies voyages. On her previous voyage from New York to Piraeus on November 23 the Crios fell in with the British steamer Gripwell, which had lost her propeller, and towed the Gripwell to Gibraltar, a distance of 800 miles.

Francis Bushman at Photoplay To-day
World's most popular movie actor
comes to the Photoplay to-day in a twoact Essanay drama, 'Dear Old Girl.'
Mr. Bushman states that his best work
before the screen is in this beautiful
story of college life, 'Dear Old Girl.'
With scenes taken at Cornell University
and with assistance of many of the
Cornell boys, also Miss Beverly Bayne,
in the leading role, we can recommend
this as a truly great production. It is
a touching romance which is beautiful
but full of sadness. Mr. Bushman does
excellent work as the lover, particularly
when he is in a demented state of
mind, after learning of his sweetheart's
death, and the production will leave a
lasting impression. Miriam Nesbitt, of
the Edison Company, appears to-day in Francis Bushman at Photoplay To-day death, and the production will leave a lasting impression. Miriam Nesbitt, of the Edison Company, appears to-day in the title role of "Lena," a two-act drama. Little Bobby Connelly, or "Sonny Jim," as he is better known, will entertain all in a Vitagraph comedy, "Chiefly Concerning Males." Special to-morrow, a Broadway-Star feature, "The Sage-Brush Gal." Adv."
