You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this to-night, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

RASH ON CHILD ITCHED AND BURNED

Could Hardly See Out of Eyes. Face Swelled. Perfect Sight. Hair Fell Out. Very Cross and Fretful. Used Cuticura Soap and Ointment. In Four Weeks Well.

920 Embury Ave., Asbury Park, West Grove, N. J.—"My child had a rash so badly he could hardly see out of his eyes. His face and head were a mass. It started with a scaly look and his face seemed to swell. Water started running out. When with a scaly look and his face seemed to swell. Water started running out. When I would wash his face and head he would cry. It was a perfect sight. He could not sleep and I could not sleep. The rash itched and burned and he scratched and irritated it. His hair fell out; he lost every strand. He was very cross and freful.

"Nothing seemed to do him any good until I heard of Cuticura Soap and Olntment. From the first week I could see his face change and in four weeks he was well." (Signed) Mrs. Edna Conway, June 22, 1914.
