## NEWS OF STEELTON

### RUSSIANS TREAT KINDLY ALL CROATIAN PRISONERS

Marko Ferencic, Formerly of Steelton, Writes An Interesting Account of His Experience As a Prisoner of Czar's Forces

According to a letter received by a Steelton woman, Mrs. Barbara Ferencic, Main street, some of the prisoners captured by the Russians in the Poland campaign are faring better than many of the soldiers, not prisoners, but fighting in the trenches.

The letter was sent Mrs. Ferencic by Marko Ferencic, a relative, who resided here for some time, but returned to Croatia in time to take part in the war under the standard of the dual monarchy.

According to the letter, Ferencic, with other Croats, was captured early in the campaign against Warsaw, the ancient capital of Poland. All these prisoners were taken to the camp in the interior of Russia, but the letter does not mention the location of the camp. Continuing Ferencic states that he and all the other Croatian prisoners are treated and fed well and often allowed many liberties. He also stated that the Russians do not like the Germans and Magyars who do not fare so well when captured, as those of his own nationality.

"Alone in New York" at the Victoria To-day

The greatest and most sensational photo drama shown this year is "Alone in New York," a realistic story of life in a great city, in five acts, which leads to-day's bill of extraordinary attractions at the Victoria theatre, 223 Market street. This powerful emotional drama of the screen is produced by the famous Mitchell company of photo players and is in five reels, crowded with a rapid succession of powerful and absorbing scenes. The story embraces actual scenes in New York's underworld and depicts one of the most thrilling plots ever shown in motion pictures. It is morally instructive and a theme that deals with a great factor in modern life. Owing to the nature of the production children under 14 years of age will not be admitted to-day.

To-day program will be concluded with a Keystone comedy featuring Mabel and Patty in one reel. It's a ripper; don't fail to see it and the big feature to-day only. On account of the bad weather of Monday the first series of "Runaway June" will be shown along with the second series Monday, February 7.

In summer the work of eliminating poisons and acids from the blood is helped by perspiration. In cold weather, with little outdoor work or exercise to cause sweating, the kidneys have to do double work. Foley Kidney Pills help overworked, weak and diseased kidneys to filter and cast out of the blood the waste matter that causes pains in sides or back, rheumatism, lumbago, stiffness of joints, sore muscles and other ills resulting from improper elimination.

ADVERTISING LIKE MAGNET

Truths as Expressed by Keystone Motor Car Company

Mr. Robert L. Morton in speaking of the advertising done by the Keystone Motor Car Company, says:

"Our advertising is like a big magnet. It draws from the great mass of people the person who is interested enough to send us an inquiry or to come to our sales rooms to look at our cars. It is the individual we desire to reach and we find our medium of publicity successful. The first thing in selling an automobile is to have an interested prospect; second, the car to please and satisfy, followed with intelligent courtesy which costs you nothing, but brings big returns."

mittees that are required to report the expenditure of money in campaigns are political. Under the Sensenich bill, all money expended, no matter by whom, would have to be certified to the clerk of courts. Other bills introduced in the Senate are as follows:

WASTE PAPER PAYING DEBT OF DERRY STREET CHURCH

Hundreds of Dollars Raised by Men's Bible Class in Several Years by the Collecting of Old Papers and Magazines

"Scraps of paper" are literally paying for many a stone in the big Derry Street United Brethren church. Fifteenth and Derry streets, which several years ago had to be rebuilt following a disastrous fire that burned a newly-built edifice to the ground.

In the Men's Bible class of the church, 200 men are saving their waste papers and magazines, and each month a "paper committee" collects the old papers at the homes of the class members. In the last several years hundreds of dollars have been turned over to the building fund through the work of this committee. O. K. Kines, president of the class, has just announced the paper committee for 1915. The committee has three chairmen, Edward I. Sterling, S. H. Albright and E. R. Snyder.

The committeemen are: P. L. Hocker, Arthur Smolizer, Ed. C. Strickler, G. W. Thomas, J. E. Hoover, G. E. More, J. W. Jenkins, J. Frank Barclay, H. J. Nye, Elmer Sorbarger, D. F. Seal, W. E. U. S. RELIEF IN BELGIUM THREATENS TO TERMINATE

Berlin, via London, Feb. 2, 12:55 P. M.—Herbert C. Hoover, chairman of the American-Belgian relief committee, has arrived in Berlin for an important conference with the German government. So important are these negotiations that it may be said that they depend upon whether American relief measures in Belgium can be continued or not.

With Mr. Hoover are Dr. Wickliffe Rose and Ernest Bicknell, who have been investigating conditions in Belgium and in Russian Poland on behalf of the Rockefeller foundation and the American Red Cross. These two Americans are in Berlin to consider the establishment of a relief organization for Poland. A condition of the undertaking is the pledge of the German and the Austrian governments not to requisition from the inhabitants any food stuffs whatsoever for the use of the Austrian and German armies in Poland. There is good reason to believe that these pledges will be given but if they are not the relief measures for Poland as at present planned will have to be abandoned.

In the event that the two governments concerned assent to the proposal that they requisition no food-stuffs from the people grain could be imported into Poland from Rumania and the price would be comparatively low. If this plan of relief for Poland succeeds an executive committee will be established.

MUSICAL DIRECTOR RESIGNS

Professor T. Harvard Davies has tendered his resignation as musical director of the Derry Street United Brethren church. Professor Davies, who is a graduate of the London Conservatory of Music of London, England, has earned a reputation as a successful director of large choruses in various American cities.

It is understood that he will in the future confine his work to voice culture. His successor has not yet been appointed by the official board of the church.

## Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 183A Marcellus Avenue, Manassquan, N. J. Better cut out this notice and show it to any others who are ruptured—your may save life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.
