SERVICE BOARD MAKE-UP RESTS WITH THE GOVERNOR

Confirmation of Gaither, Particularly, Is Reported to Depend on Dr. Brumbaugh's Wishes—Conference Saturday to Decide

Senators who have taken the pains to make inquiries say that the confirmation of some of Governor Tenner's appointments to the Public Service Commission now rests with Governor Brumbaugh, and that if he says the word the Senate Committee on Executive Nominations will at once report out the names of at least three of the Commissioners for confirmation, these three being Commissioners Pennypacker, Brecht and Gaither.

On the confirmation of Pennypacker and Brecht there seems to be no question, but on that of Gaither it seems, from what can be learned, that the committee is almost equally divided. Senators Crow, Sproul and Catlin favoring Gaither, with Senators McNicol, Kline and Snyder opposing him, leaving the balance of power with Senator Vore, who has said that he will be guided by Governor Brumbaugh's wishes in the matter.
