- MAJESTIC Chatterton Stock Company presents this afternoon, "The Girl in the Taxi." To-night, "Tess of the Storm Country," Mary Pickford's great success. Tomorrow afternoon, "What a Woman Will Do." Tomorrow night, "The Traveling Salesman." Saturday afternoon, "Tess of the Storm Country." Saturday night, "Sins of Society." Monday afternoon and evening, February 8, European War Pictures.

in Berlin and show all the principal events of the war to date. There have been a number of so-called war pictures exhibited which are in reality nothing but views of conflicts staged by actors engaged for the purpose. These pictures, which will be shown at the Majestic on Monday afternoon and evening, are the first and only authentic ones authorized by the Germans that we may see for ourselves just what they are doing and how they are doing it.

At the Orpheum The daintiest and most popular miss who has tripped before the Orpheum footlights this season is Josie Heather, the charming singer appearing on this week's bill at the Orpheum. Miss Heather sings some of the latest songs while her interesting partner, Henry Marshall, accompanies her at the piano. Mr. Marshall is not only interesting because he is a virtuoso of the piano, nor because he sings one or two numbers effectively while his petite partner is changing her costume, but he is easily one of the foremost writers of popular songs to-day. Audiences will notice that Mr. Marshall and Miss Heather are singing only Mr. Marshall's compositions, which make the act doubly attractive. Their songs include "The Five Fifteen," which we have heard before, but not as Miss Heather sings it.

Then there's another number called "The Same Old Dress That Mother Used to Wear," which is one of the prettiest. In this song Miss Heather is a dream in her exquisite colonial dress of orange and black with a fetching bonnet to match. A distinctly modern and interesting creation is donned for a song called "He Was So Nice." This song tells of a flirtation incident that didn't end quite as nice as it began. Miss Marshall sings it in a wise and varied, and comedy skit. Walter M. Brown and company are also slated to present their good comedy playlet called "A Honeyless Honey Moon," and Lee Vernie will have something new in a singing and dancing specialty. An interesting program in moving pictures has also been arranged for.

At the Colonial New things vaudevillean come to delight us during the last half of the week at the Colonial. The two important features of the new show, though widely varied, rank well up in the Keith market. They are the Zenda Troupe, in a high-class and sensational singing act, and the Fisher Trio, in a variety and comedy skit. Walter M. Brown and company are also slated to present their good comedy playlet called "A Honeyless Honey Moon," and Lee Vernie will have something new in a singing and dancing specialty. An interesting program in moving pictures has also been arranged for.

The Regent Theatre The "Wildflower," to be exhibited at the Regent to-day is one of the most attractive film plays ever exhibited on the screen, and with Miss Marguerite Clark, in her most bewitching manner as "Wildflower," brings the play to the height of dramatic success. The scenic beauty of the place, the clever portrayal of the different parts and the enchanting surroundings marks this as one of the most successful of the higher class pictures projected upon the screen. The packed house last evening together with the expressions of approval by many patrons, shows that the people of this city fully appreciate the efforts of the management of the Regent to exhibit only the highest grade of film plays.—Adv.

Imports of Precious Stones Fall Off New York, Feb. 4.—Importation of precious stones for January was nearly \$1,000,000 less than the same month last year and more than \$3,000,000 less than in January, 1913, according to the United States Appraiser of Merchandise.

CAPITOL HILL STATE TREASURY RECEIPTS

Over \$225,000 Added to the Strong Box Yesterday, Principally From Oleomargarine Licenses

The receipts at the State Treasury yesterday were higher than on any day for some time previously, being \$225,393.31. Of this amount \$98,970 was for oleomargarine licenses, the bulk of which have been collected since January 1st by Pure Food Commissioner Foust, and \$200,000 of which have now been paid in, with a prospect of another \$30,000 on next Monday.

Foreign insurance companies paid in taxes amounting to \$59,808, and Roy C. Danner, Register of Dauphin county, paid in \$827.74, of which \$812.70 was collateral inheritance taxes. The need of money, and the fact that the treasury balance in the general fund had slumped a little since December 1, has led to close collections in the Auditor General's Department, and every bit that can be gotten is being collected to make up the deficiency.

Railroad Report The Railroad Bureau of the Department of Internal Affairs is now engaged in getting out its report for 1914, having received reports from over 1,000 corporations in the State, embracing railroad, street railway, telephone, telegraph and canal companies, all of which are required under the Constitution to make report to the Bureau.

Not Yet Introduced The joint resolution proposing an amendment to the Constitution to abolish the Department of Internal Affairs, which passed the Legislature at the last session, has not yet been introduced in either branch this session. If passed this year, it would be voted on next November, but it is said that Secretary Houck will make it apparent to the legislative committee that the State will be injured by such legislation. The committee will report the resolution unfavorably, provided, of course, that the resolution is again introduced. It is said that one reason why the resolution has not been introduced is because it is frowned upon by Governor Brumbaugh, who does not want to see his old friend, Secretary Houck, legislated out of office when there is no occasion for it.

Game Ban Still On The Department of Agriculture at Washington has not yet removed the ban on Pennsylvania's importation of quail from Mexico, and has not yet determined whether such birds are in any way diseased. The State Game Commission stands ready to purchase from 12,000 to 15,000 birds as soon as the ban is removed, but purchasing is still blocked.

Wanted a Horse Thief In making out a requisition on Governor Frank B. Willis, of Ohio, for the return to this State of a horse thief under arrest in the Buckeye State, Governor Brumbaugh wrote to his old colleague as follows: "My Dear Frank—You in Ohio have all the horse thieves you want. We want one and would like to have one of yours."

Mr. Lyon Hore Former Lieutenant Governor Lyon, of Pittsburgh, who was here before the Public Service Commission yesterday was a caller on Governor Brumbaugh.

New Corporation The Eureka Fertilizer Company, of Lancaster, with a capital of \$5,000, was chartered yesterday. The incorporators are H. G. Russ, A. B. Hess, John W. Eshleman, W. B. Bass, of Lancaster.

Increase of Capital The Altoona Times Company has filed notice of an increase of capital from \$10,000 to \$75,000. The Lehigh Portland Cement Company has increased its capital from \$400,000 to \$500,000.

Civil Service Conference Former Representative T. Henry Walnut, of Philadelphia, had a conference with Governor Brumbaugh this afternoon as representing the Pennsylvania Civic Service Reform Association which has been making investigations along the line of its work with a view to preparing legislation to be introduced at the present session. Governor Brumbaugh has declared for civil service reform, but in a modified shape with certain restrictions.

PIMPY? WELL, DON'T BE! COURT HOUSE

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the intensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.—Adv.

MEN ACCEPT CUT IN WAGES

2,500 Employees of Reading Iron Company Agree to Work Temporarily at Big Reduction By Associated Press. Reading, Pa., Feb. 4.—An announcement of far reaching importance to 2,500 employees of the Reading Iron Company was made here to-day on behalf of the puddlers, helpers and mill hands who have decided by vote to remain at work at the reduced figure of fifty cents on every ton for puddling, which amounts to between \$10 and \$15 a month less. This becomes effective Monday, February 8.

The men have finally agreed to accept the company's proposition with the understanding that as soon as conditions in the iron trade warrant it, wages are to go back to the \$5 a ton basis. The wages in every department of the iron company will be cut. The puddlers were the only employees to protest. Their decision reflects the attitude of the other employees, and no trouble is anticipated. The men in all departments will insist a return to former schedule as soon as the iron trade improves.

Proposes a Lincoln Tablet Representative Adams Wants Gettysburg Speech Inscribed in Bronze There is no place in all Pennsylvania where the celebrated and immortal speech made by President Abraham Lincoln at Gettysburg, on November 19, 1863, is perpetuated in bronze, and Representative William Adams, of Luzerne, proposes to see that this oversight of years is remedied.

About six months ago the Star-Independent suggested that the Lincoln speech be perpetuated in a bronze tablet to be placed in the vacant space on the wall of the hall of the House of Representatives, immediately in the rear of the Speaker's chair and beneath the magnificent Abbey picture of the Hypothesis of Pennsylvania, which depicts in the Keystone State almost from the day of its discovery.

The suggestion has been taken up by Mr. Adams and when the House meets next week he will introduce a bill making an appropriation of \$10,000, or so much of it as may be necessary, to place a tablet containing Lincoln's speech on the wall back of the Speaker's chair. The fact that there is no reference whatever to the great Lincoln in the Capitol will be used as an argument by Mr. Adams to obtain the passage of his bill, and he expects to have the aid of his fellow Representatives in a unanimous adoption of the plan.

The County Commissioners at their meeting to-morrow will consider the application of twenty or more business men who have offices in the Arcade building, Walnut and Court streets, and who are seeking to have the exterior of the west wall surrounding the jail yard covered with a thin layer of concrete.

The petitioners say this would improve lighting conditions in their offices. The Board of Prison Inspectors who referred the question to the County Commissioners have endorsed the plan. Among the petitioners are Harry F. Oves, chairman of the City Republican committee, and A. S. Miller, a real estate agent.

The heavy expenditures were due principally to the fact that \$101,800 worth of water bonds were redeemed during the month, \$79,300 worth of street paving bonds were canceled and paving contractors were paid \$10,000.
