

A Single Application Banishes Every Hair

(The Modern Beauty) Here is how any woman can easily and quickly remove objectionable, hairy growths without possible injury to the skin: Make a paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a painless, inexpensive method and, excepting where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine delatone.—Adv.

CHRISTIAN ENDEAVORERS IN EVIDENCE ALL NEXT WEEK

Hundreds of Societies in This City and County Will Render Special Programs—United Society's Outline of Services for the Event

Christian Endeavor week will be observed by hundreds of Endeavor Societies in this city and Dauphin county beginning on Sunday, February 7. Many special features and programs will be rendered by societies.

The United Society of Christian Endeavor has outlined a brief program for the week of February 7-14. A morning sermon on Christian Endeavor, by the pastor or visiting speaker for Sunday, February 7, which is Christian Endeavor Day. A union service in the evening, with a talk by the pastor, a report of the year's work by the president, and a special exercise. The day to be made an Ingathering Day, with a two-by-two canvass of the Sunday school and the community for new members for the C. E. Society.

Monday—Enlistment Day. The canvass continued. In the evening, an enlistment social, to introduce the new members; an evening of purposeful recreation.

Tuesday—Local Union Day. A mass meeting of the union in the evening. Wednesday—Church Day. The Endeavorers will go to the church prayer meeting in a body, and will take such part as the officers and pastor may request.

Thursday—Entertainment Day. Friday—Extension Day. Devoted to the formation of new societies—Junior, Intermediate, Mothers', Senior, Prison, Floating, Office, College, Academy, Rural, etc.

Saturday—Junior and Intermediate Day. Sunday, February 14—Decision Day. A decision meeting of the society in the evening. Sermons, morning and evening, suitable for the day.

The Rev. F. E. Clark, D. D., of Boston, founder of the world-wide movement, will deliver an address at the big rally in the Bethlehem Lutheran church, Friday evening, February 14. He will also speak at the banquet given by the Harrisburg Christian Endeavor Union in his honor and the observing of the thirty-fourth anniversary of Christian Endeavor, in the Harris Street United Evangelical church, Harris and Susquehanna streets, at 6 o'clock of the same evening. Every society is urged to send two or more delegates, at a small expense to their society, to the banquet. Tickets can be secured from Benjamin Whitman, chairman of the banquet committee, at the Commercial Bank, Taird street, near Broad street.

TOOTH OUT; NOW LOCKJAW

Girl's Symptoms Not Those of Tetanus, Say Hospital Doctors

New York, Feb. 5.—After a tooth had been pulled the jaws of Miss Helen Brown, of No. 11 Littleton avenue, Newark, N. J., became locked. She is in the City hospital, weak and receiving nourishment in liquid form. The doctors say that her symptoms do not appear to be those of tetanus. About three weeks ago Miss Brown had a tooth extracted. Dr. J. Morris Aishaven of No. 558 Central avenue, says the tooth was in the second stage of abscess, that she could not open her jaws wide and that she told him she had been in that condition since November. The tooth was loose, he added, and he pulled it easily.

The hospital doctors are certain the jawbone is infected, but are not sure of the nature of the infection.

NEARLY DROWN IN CELLAR

Man and Wife Take Accidental Bath in Flooded Basement

Pennington, N. J., Feb. 5.—Mr. and Mrs. William Higgins, who reside between Moore's Station and Titusville, both experienced a cold bath in the cellar at their home Thursday morning. Mrs. Higgins, in an attempt to go to the cellar, was plunged into five feet of icy water, the steps having given away. Her cries for help brought her husband from the second story, clad in pajamas. In his rush to the cellar he, too, was plunged into the deep water. After struggling for half an hour, they succeeded in arousing their two sons, aged 10 and 6, who secured a step ladder, on which their father and mother were able to climb out.

SPENT \$25,000 ON ACTRESS

Embezzler Sentenced to Prison, Says He Lavished Jewels on Woman

New York, Feb. 5.—William V. Thompson, former confidential secretary of William L. Harkness, of the Standard Oil Company, who pleaded guilty to stealing \$35,000 from his employer, was yesterday sentenced to from two years and six months to four years and six months in Sing Sing.

Thompson told the court that he wanted to make restitution, but that he had spent \$25,000 of the money in jewels and other luxuries on an actress who had disappeared.

Woman Senator Takes Her Seat

Salem, Ore., Feb. 5.—Miss Kathryn Clark, the first woman Senator in Oregon, has taken her seat in the State Senate. Stuningly gowned and flushed with victory, she called at the State house before proceeding to the Senate. She sought Miss Marion Towne, Oregon's first and only State Representative in the House. "Yes, we talked shop," admitted Senator Clark afterward. "I wanted to get some pointers."

Crown Princess Expects Stork

Berlin, Feb. 5.—The stork is expected to visit the Crown Princess Cecilie within a few weeks, it was learned yesterday. Arrangements have been made for a special train to bring the Crown Princess from the fighting line at Verdun for the event.

BIG GAINS IN STEEL AND PIG IRON OUTPUT LAST MONTH

Statistics Show Large Increase in January Production Over That of December—Fourteen More Blast Furnaces in Operation

New York, Feb. 5.—"The Iron Age" says that since the steel companies were responsible for practically all of it, the January increase in pig-iron production gives a measure of the gain in steel works output. Our statistics show a total make of 1,601,421 tons of pig iron last month, against 1,515,752 tons in December, a gain of 85,669 tons or 2,763 tons a day. The steel works furnaces made 1,115,944 tons in January, against 1,034,802 tons in December, a gain of 81,000 tons or about 8 per cent.

The total number of furnaces in blast February 1 was 160, against 146 on January 1, the Steel Corporation contributing 10 to the increase and the independent steel companies 4. The capacity of all furnaces in blast February 1 was 56,270 tons a day against 48,848 tons a day one month previous. The Steel Corporation is to put three additional furnaces in blast this week—one Lorain and two Shoemaker.

Operations in the Steel Corporation's plants are now on the basis of nearly 55 per cent. of ingot capacity. Its statement of unfilled orders as of January 31 is expected to show an increase of 150,000 to 200,000 tons.

The feeling in the steel trade this week is better, and the larger companies look for a further moderate increase in output in the next six weeks. The increased ability of the railroads to get money and its further accumulation are factors in the situation of which more is heard. Rail buying is still far from normal, but each week adds to the total. The Chicago & Northwestern has placed 27,000 tons; the Nickel Plate, 2,500 tons; the Erie, over 30,000 tons, of which 22,000 tons went to Pittsburgh and 6,000 tons to Chicago; the Boston & Maine, 15,000 tons, which will be delivered from Buffalo via Erie Canal; the B. & O., about 25,000 tons, of which 7,000 tons went to the Carnegie Steel Company and 5,000 to the Illinois Steel Company. The Maine Central is in the market for 8,500 tons.

Several manufacturers of bars, plates and shapes in the Central West have announced that while sales for February will be made at 1.10c., the price for March deliveries will be 1.15c. and for the second quarter 1.20c. As heretofore, volume of business will decide how far these prices can be maintained, and their announcement may stimulate February bookings. Plates in particular are not firm at 1.10c.

Sheet manufacturers operating union mills now have up with the Amalgamated Association the question of wage reductions to meet those made by some mills which do not sign the scale. These have amounted to 10 to 15 per cent. In other mills, also, the severe conditions of recent months have been met by a system under which fewer men are employed for a given output. In galvanized sheets, the spelter situation has brought a further advance, and 3c. is now asked for No. 28.

BILLIE BURKE HAS GRIP

Closes Show for Rest of Week in Boston Theatre

Boston, Feb. 4.—Miss Billie Burke has the grip.

Just before the end of her performance at the Hollis street theatre Wednesday evening she was compelled to quit. The complaint had been threatening her for several days and so the audience was dismissed.

Since she needs several days for rest and full recovery, the Hollis will be closed for the remainder of the week. There is every expectation that Miss Burke will be able to resume her part next Monday.

WILL FEED POOR PUPILS

Millville Organized Charity to Provide Breakfasts

Millville, N. J., Feb. 5.—Having learned that there are many children of poor families sent to the public schools without breakfast, the Millville Organized Charity Association has inaugurated a movement whereby all may be fed on and after Monday, February 8. Homes have been selected near each school, and tickets will be furnished to the teachers to be distributed.

The breakfast will consist of cereals, milk, bread and butter. All cases will be investigated during the first week to learn the conditions of the children at the home.

CHEMIST GOES ABOARD

Collingswood Man to Visit War Zone for Mulford Company

Collingswood, N. J., Feb. 5.—President Vanderkleed, of the local School Board, sailed from New York for Amsterdam from the port he will travel through Germany, France and Belgium.

Mr. Vanderkleed is chief chemist of the H. K. Mulford Company and is making the trip through the war-ridden country in connection with contracts his firm has received for anti-tetanus serum, to be used in treatment of wounded troops for the prevention of lockjaw. He will be gone about three months.

Quarantine Modified

Washington, Feb. 5.—Modification in foot and mouth disease quarantine orders were announced yesterday to become effective February 6. In Pennsylvania, Mercer county was ordered closed. In New Jersey the quarantine was lifted from the counties of Hunterdon, Mercer, Middlesex, Passaic, Sussex, Warren and Gloucester.

Sled Hits Tree and Kills Boy

Wellsboro, Feb. 5.—The 16-year-old son of E. R. King, of Westfield, was instantly killed Wednesday night when his sled smashed into a tree. A companion riding with him was unhurt.

Woman's Health

and spirits depend upon her digestion and circulation. Sallow skin, pimples, facial blemishes and depression disappear after the system has been cleansed and the blood purified by

BEECHAM'S PILLS

Directions of Special Value to Women with Every Box. Sold Everywhere. In boxes, 10c., 25c.

TRUST TO PAY BIG FINE

Crane Company Also Agrees to Steer Clear of Texas

Austin, Tex., Feb. 5.—The Crane Company, one of the largest plumbing supply houses in the country, has agreed to pay \$75,000 fine and withdraw from business in Texas, it was announced yesterday.

This is a compromise of a State suit for several million dollars' penalties against the company for alleged viola-

tion of Texas anti-trust laws. The company's Texas headquarters are at Dallas.

Uphold Death Penalty

Columbus, Feb. 5.—By voting to postpone indefinitely consideration of the Jones bill, the Ohio House of Representatives yesterday afternoon virtually killed the measure.

IT PAYS TO USE STAR-INDEPENDENT WANT ADS.

DYING AS BIT OF SHELL GOES

Metal in Veteran's Skull 50 Years Finally Works Out

Hazleton, Pa., Feb. 5.—Removal of a piece of shell from his skull, which he had carried since the battle of Cold Harbor, Va., in 1864, and which worked its way to his scalp two years ago and was taken out, seems to have affected Joseph Ward, Sr., a Hazleton veteran, who is dying.

SWEEPS TRAIN INTO RIVER

Landslide Takes Half Mile of Kanawha and Michigan Tracks

Charleston, W. Va., Feb. 5.—A freight train and half a mile of the tracks of the Kanawha and Michigan railroad were swept into the Kanawha river near Harwood yesterday by a landslide. None of the crew was injured. Three days will be required to reopen the line.

ton on the Baltimore and Ohio railroad, has been closed since late Tuesday by a landslide and trains are being sent by way of Clarksburg. Four or five acres of surface slipped down on the tracks.

Silas—I hear your son left that small town and went to the city so that he could have a larger field for his efforts. Hiram—Yes, and that's what gets me. When Hank was home a two acre potato patch was too big a field for him.—Judge.
