MAGNATES WILL SOON GIVE WAY TO BASEBALL PLAYER

The Hiring Has Been Forced Into the Background During the Winter Season—National League to Hold Final Conference Next Tuesday

New York, Feb. 8.—With the hiring of the National League schedule meeting here to-morrow the baseball magnates of organized baseball will begin to edge out of the spotlight in favor of the player.

Before this situation in the national sport can be reached, however, there are a number of important rulings, legal and executive which must be clarified.

Chief among these is the rule limiting a club to twenty-one players during the major portion of the pennant race and the proposals to deny the withdrawal of waivers once requested upon a player as well as the proposition to increase the number of games in the World's Series.

A comparison of the ring records of Jack Johnson and Jess Willard, who are scheduled to meet in battle for the world's heavyweight championship in less than a month, shows the marked advantage of the title over the challenger in actual glove campaigning.

Willard in his four years in the ring has met twenty-nine opponents, these battles totaling 205 rounds. His record includes seventeen victories by knockouts and five by decision.

In the class of opponents met, however, Johnson has decidedly the better record. Because of his lengthy ring career the names of a majority of the leading heavyweights of the past ten years are found linked with his in the annals of the sport.

The first national tennis tournament of 1915 will open in New York City next Friday when the sixteenth annual indoor championship tourney play is inaugurated.

and W. C. Graff and G. C. Schafer the doubles champions.

SETTLING YORK'S DEBTS

Tri-State League Pays Players' Claims On 75 Per Cent. Basis By Suing Out Bond of \$2,000

The indebtedness of the York Tri-State League baseball club has been paid by the league upon a basis of 75 per cent., following litigation in the Philadelphia courts to recover on the bond of \$2,000 furnished by the backers of the White Roses as a guarantee of good faith in finishing the season.

President Graham states in his letter to Clay that the league realized \$1,045 in cash from the suit against the bonding company to recover the \$2,000 bond. He does not state just how much the courts awarded, but the sum mentioned represents the balance remaining after the payment of attorney's fees and costs.

Graham told Clay in his letter that the settlement is upon a better basis than was expected. All the league hoped to do was to pay off on a basis of 60 per cent. The additional 15 per cent. was possible because of economies in handling the suit.

EASTERN LEAGUERS WIN

Greystock Goes Ahead of Independents Late in Game—Score, 47 to 39

The Greystock tossers of the Eastern League defeated the Harrisburg Independents Saturday evening in the Chestnut street auditorium by the score of 47 to 39, taking the lead late in the game after a nip and tuck struggle from the start.

It was a great game for the spectators, as the score saw-sawed back and forth in bewildering fashion throughout the first period, almost every field goal making a slight advantage and every foul goal tying up the score.

PAT POWERS BUYS A CLUB

Former International President Acquires Kansas City Fed Franchise

New York, Feb. 8.—Patrick T. Powers, former president of the Eastern League, now the International League, announced last night that he had acquired the franchise of the Kansas City Federal League club and would transfer it either to New York or Newark, N. J.

At his home in Jersey City Powers declared that he and several other men, whose names he would not divulge for the present, had purchased the Kansas City club. He asserted that no decision as to where the club is to be shifted would be announced for at least three or four days.

President Gilmore, of the Federal League, is on his way to this city from Chicago, and it is understood that he will preside at a conference to be held here today or to-morrow to decide definitely where the club shall be placed.

In announcing the purchase of the franchise Powers gave no further inkling of the consideration nor of the circumstances surrounding the transfer. He returned Friday night from Chicago, where he had been in conference with others interested in the transaction, and said last night that the final papers in the deal were signed here late Saturday.

As to whether the club would be placed in New York or in Newark, Powers intimated that the Federal League officials who favored this city were in the majority, but that he himself was in favor of Newark. He and several others interested yesterday looked over several plots suggested for a ball ground in Newark and Harrison, adjoining that city.

SHAWKEY RECOVERS LOOT

Athletic Pitcher Appears in New Role of Detective

Philadelphia, Feb. 8.—Booty valued at about \$1,500 stolen from various parts of Delaware county was recovered Saturday through a little detective work by "Bob" Shawkey, the Athletics' pitcher, who lives at Lancaster.

Shawkey happened to be present at the hearing. The men gave various addresses, none in Pearl street, but in some way he has not divulged the twirler obtained information. The loot is now in possession of the Delaware county police.

AUTO RACER INJURED

Jack Callaghan in Serious Accident—Mile Pull Through

Los Angeles, Cal., Feb. 8.—Jack Callaghan, automobile racer, skidded through the fence in a 100-mile sanctioned automobile race at Ascot Park yesterday, impaling himself on a board. Two ribs were broken and a large hole was torn in his chest. He is reported to have an even chance for life.

Callaghan was running third at the twelfth mile when the accident occurred. His mechanic, Victor Wells, was not hurt and, seizing the wheel, he brought the car to a stop.

FAMOUS PACER SOLD FOR \$45,000

DIRECTUM I

The transfer of Directum I (1:58) to Thomas W. Murphy's training stable for his sale by James Butler to M. E. Sturgis for the reported price of \$45,000 is the fastest of all pacers into the hands of the most successful driver of the day, and many horsemen will now look forward to new sensations in the way of record breaking by the trotting bred son of Directum Kelly (2:08 1/4) and zetta (2:13 1/4). Murphy has been wonderfully successful in taking horses from the hands of other trainers for further development, and some of his admirers are saying he will drive Directum I a mile in 1:36 or better before the close of next season.

THE ART OF MUSIC

Berlioz says: "Music is the art of moving, by a systematic combination of sounds, the affections of intelligent, receptive and cultivated beings."

Webster states: "Music is to the arts what love is to a man. In truth, it is love itself; the purest, loftiest language of passion, portraying it in a thousand shades of color and feeling."

Have you ever thought what a desolate place the world would be without music? Have you ever realized that the entire civilized world now looks upon music as one of the great essentials in the education of the cultured man and woman?

Few persons know that the greatest delight of music comes through the understanding of it. The highest in music is not revealed to the student until the student has earned the right to enjoy it. With the right once earned,
