SENSE ABOUT FOOD Facts Worth Knowing

It is a serious question sometimes to know just what to eat when a person's stomach is out of order and most foods cause trouble.

Grape-Nuts food can be taken at any time with the certainty that it will digest. Actual experience of people is valuable to anyone interested.

A Terre Haute woman writes: "I had suffered with indigestion for about four years, ever since an attack of typhoid fever, and at times could eat nothing but the very lightest food, and then suffer so with my stomach I would wish I never had to eat anything."

"I was urged to try Grape-Nuts and since using it I do not have to starve myself any more, but I can eat it at any time and feel nourished and satisfied. Dyspepsia is a thing of the past, and I am now strong and well."

"My husband also had an experience with Grape-Nuts. He was very weak and sickly one spring, and could not attend to his work. He was put under the doctor's care but medicine did not seem to do him any good until he began to eat Grape-Nuts. It was surprising to see the change in him. He grew better right off, and naturally he has none but words of praise for Grape-Nuts."

"Our boy thinks he cannot eat a meal without Grape-Nuts, and he learns so fast at school that his teacher comments on it. I am satisfied that it is because of the great nourishing elements in Grape-Nuts."

This mother is right. Grape-Nuts food is a certain and remarkable re-builder of body, nerves and brain.

"There's a Reason."

COLDS CONSTITUTION HEADACHES

"Keep your feet warm, head cool, bowels open," and take Foley's Honey and Tar Compound.

Sneezing, chilliness, fullness in the head, sore throat, hoarseness, coughing and headache call for the use of FOLEY'S HONEY AND TAR COMPOUND.

Remember that neglect of a common cold can lead to such serious complications as pneumonia, pleurisy and even tuberculosis.

The first dose of FOLEY'S HONEY AND TAR COMPOUND helps you, because it spreads a healing soothing coating on the raw mucous lining as it slides down your throat.

Constitution sometimes precedes a cold, and usually accompanies it. FOLEY'S HONEY AND TAR COMPOUND is the superior of those cough and cold remedies that produce a cough effect.

MRS. A. N. MOTER, Beretta, Ga., writes: "I took a deep cold and suffered with a terrible headache from the effects of it. I began taking FOLEY'S HONEY AND TAR, and it soon entirely cured me."

Dr. FOLEY, Bronx City, N. Y., says: "My daughter had a very severe cold and cough, and one box of FOLEY'S HONEY AND TAR knocked the cold in no time. My wife would not keep house without it."

Do not accept any substitute for FOLEY'S HONEY AND TAR COMPOUND. It is the best medicine of its kind that you can buy, and any substitute offered can not give you the same true results that FOLEY'S HONEY AND TAR COMPOUND will give. Contains no opiates or harmful drugs.

New Improved Eye Glass Mounting

It is said, "There is nothing new under the sun," but there has been a new eyeglass mounting patented recently which is going to be a great saving in broken lenses and annoyance to the wearer.

Heretofore all eyeglasses of the frameless kind had to have a hole drilled for a screw to fasten them in the mounting. The screw was constantly working loose and the least jar or fall from this weakened point, we had a broken lens. This new mounting obviates all this annoyance and expense as there are no holes to weaken the lens nor screw to work loose, making a saving of dollars to the wearer.

If you are interested and want the best in eyeglasses, let me show you this mounting and demonstrate its merits. I have the exclusive agency for this section.

PLANS FOR ADDITIONS TO CAPITOL ARE PREPARED

Board of Public Grounds and Buildings Will Consider To-morrow the Extension of Three-Wings Which Would Cost the State \$2,500,000

When the State Board of Public Buildings and Grounds meets to-morrow afternoon it will consider, among other matters, the extension of the "three wings" of the Capitol in order to get more room for the rapidly growing departments which, in some cases, are badly scattered and in others seriously cramped for office room—so much so that many of the offices have been located in the fifth floor which is poorly lighted, badly ventilated and never was intended for office rooms.

Superintendent Rambo has ready the tracings for the extensions and will submit them to the Board. It is proposed to build extensions to the three divisions of the Capitol, the whole to cost about \$2,500,000. The extension to the north wing, which it is proposed to build first, to relieve the congestion, will cost \$700,000; the extension to the central division will cost \$680,000; the south wing extension will cost \$700,000.

The intention, if the plans are carried out, is to make the extensions as high as the top of the entresol floor, which would give a basement, first floor and entresol floor, or wings almost as high as two of the regular stories. These wings would extend back of the Capitol a little beyond Fourth street.

The additional wings, according to Superintendent Rambo's calculations, would give office space for years to come and would relieve the State from paying rent for offices outside of the Capitol in this and other places. They would also keep the offices together, and bring to the Capitol branches of departments located in other cities, which, it is held, should be at the main office in the Capitol. The wings would have connecting corridors, calculated to cost \$170,000.

Mr. Rambo said to-day that even if the Legislature appropriates the money for one wing, if the Board agrees to the proposition, the work could hardly be begun until the park addition had all been purchased and cleared of the present buildings.

Civil War Veteran Dies

Lancaster, Feb. 8.—George Krekel, 81 years old, died Saturday from a complication of diseases. He came from Germany more than fifty years ago and served in the Civil War in the One Hundred and Eighty-third regiment, Pennsylvania Volunteers. He was a retired junk dealer and was a member of the Catholic church. A sister and several children survive.

The Fastest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky, and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

INTERESTING SERVICES AT TABERNACLE CLOSE WEEK

Delegation From Lemoyne Attends Saturday Evening's Meeting—26 Hit the Trail at the Meeting While 49 Confess Christ Last Night

Mechanicsburg, Feb. 8.—Saturday evening's service at the tabernacle began, as usual, with a song service. During the singing of "Shall We Gather at the River," Mr. Moigatt had the ushers all come front and sing one stanza. At its conclusion the Lemoyne delegation entered, singing as they marched, "We Shall See the King Some Day." The Rev. George M. Fulton then offered a fervent prayer. The Lemoyne delegation next sang the hymn to whose strains they had entered. After this a hymn was beautifully sung by a chorus of nineteen male voices, the Long Mountain Union chorus, from below Bowman'sdale. They responded to a hearty encore.

The Rev. Mr. Miller's subject for the evening was based on the text, "If any man will do His will, he shall know of the teaching, whether it be of God, or whether I speak of myself."

In response to the evangelist's fervent appeals, twenty-six people accepted Christ. Yesterday morning the usual Sunday school and preaching services were held in the co-operating churches.

In the afternoon Evangelist Miller repeated in the tabernacle the sermon on "Booze" which he preached to men two weeks ago. This time the sermon was preached for women, but about 300 men found places after the women were seated.

Evangelist Miller's sermon contained statistics of the relation of liquor to crime and the effect of the liquor traffic on the material, moral and spiritual welfare of all. There was one decision for Christ at the close of this meeting.

Last evening a large congregation again assembled in the tabernacle at 7 o'clock. Just before the song service began, the converts, who had met with Mrs. Bowman an hour earlier in the Evangelical church, filed in, and occupied the section reserved for them. As usual, the song service was a special feature. The Rev. Mr. Rash, of New Kingston, offered the opening prayer.

Mrs. Strong and Professor Holgatt rendered a trombone duet. The choir sang "Rock of Ages," with the lights extinguished, and the electric cross gleamed in the darkness, with tableau effects representing one woman clinging to the cross, and helping another to reach it. Many requests for prayer were received, and Mrs. Bowman led in prayer for these persons. Just before the sermon Professor Holgatt sang "All for You."

Evangelist Miller preached on the text in Job 2:3, "How shall we escape, if we neglect so great a salvation?" He showed that the salvation offered us is great, because of the depths of sin from which it will save us; because it reveals the wonderful

love of God, which saves to the uttermost, and offers pardon for all eternity; because it forgets our sins; because it is urged upon us; because of the awful hell it helps us escape from. "All that is back of every lost soul in hell is only neglect of this great salvation." Forty-nine penitents came forward at this service to confess Christ.

Blasted Stone Through Roof

Wrightsville, Feb. 8.—A stone weighing nearly one hundred pounds, hurled 350 yards by a blast at the Union stone quarry late Saturday afternoon, came through the roof at the home of Frank Ely while the family was eating supper, landed in the center of the table, breaking the dishes. The missile missed Mrs. Ely by a few inches and her daughter escaped by having her hand grazed.

Home of the Huns

The Huns have probably their nearest actual European descendants in the Bulgarians. It is a mistake to look for them in Hungary. The Ogre or Ungr, better known as the Magyars, have very little to do with the Huns. But one conjectured derivation of the word "ogre" is from the Ugri, through confusion of them with the Huns. It seems more probable, however, that "ogre" should be traced through Spanish and Italian to the Latin Ogres—at first the god of the dead, and afterward in Romanesque folklore a shaggy, man-eating monster of the woods.—London Chronicle.
