HEARTBURN---PAPE'S DIAPEPSIN If you want to keep your hair in od condition, the less soap you use If you want to keep your hair in good coudition, the less scap you use the better. Most scaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coccannt eil (which is pure and en-tirely greaseless), is much better than scap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes overy particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and siky, bright, fluffy and easy to manage. You can get mulsified coccannt oil
