STOCK MARKET DISPLAYS FIRMNESS AT THE OUTSET

But Operations Lose Ground Before End of First Half Hour—Reading and Lehigh Valley Centers of Attack

By Associated Press.

New York, Feb. 10.—Wall Street.—The stock market displayed some firmness at the outset of to-day's operations, but lost ground before the end of the first half hour, most of the leaders being under pressure. Reading and Lehigh Valley were centers of attack, falling 1 and 2 and a half points respectively, with substantial recession elsewhere. As usual the decline was accompanied by unfavorable rumors from abroad. The short interest was active in the movement, which attained larger proportions as the session progressed. Southern Railway pfd fell 3 points to 50, its new minimum.

Weakness of anthracite shares was associated with the possibility of an adverse decision by the Interstate Commerce Commission, which recently resumed its inquiry into those properties. Selling of Reading was extensive, but abated as certain other leaders, notably Southern Pacific, showed a disposition to rise. Bethlehem Steel also reflected a steady demand. Before midday Reading was again freely offered, selling down a total of 2 1/2 points, the list falling back in sympathy. Steel was the only leader to show relative firmness. Bonds were easy.

COMMISSION PLAN FAVORED IN COMPENSATION BILL

The Brumbaugh workmen's compensation bill, which has been in process of framing in the Attorney General's Department, is now practically complete and will be submitted to the Governor for his approval. On final approval by him it will be printed and copies handed the legislative committee created to confer with the Governor on legislation embraced in his "personal platform."

The Brumbaugh bill directly adopts the commission system. This commission will consist of three members, at \$6,000 each, who will administer compensation by settling disputes between employers and employes regarding claims. There will also be about a dozen adjusters attached to the commission, who will travel about the State and investigate cases.

While this will mean the creation of a new department, it is planned to keep the expenses down to a comparatively moderate figure.

A separate commission will be created to supplement the arbitration body, and will consist of the Secretary of the Department of Labor, the State Treasurer and the State Insurance Commissioner. These officials will serve without extra pay, and will be authorized to decide upon the responsibility of liability companies, in which employes may decide to place their own risks. This method has been decided upon in order to place the State guarantee as far as possible behind compensation. The bill also provides for a State insurance fund, which may be utilized by employers. The rate of compensation will be fixed at 50 per cent.

CARE OF INSANE PATIENTS

A dozen superintendents of county insane hospitals met at the Capitol last night to consider obtaining an increased allowance for the maintenance of insane patients. Addresses were made by Judge Isaac Johnson, of Delaware, and Dr. Frank Woodbury, of the Lunacy Commission of the State Board of Charities, and Robert D. Dripps, secretary of the Public Charities Association of Pennsylvania, on the desirability of the State taking over the care of the insane patients and thus relieve the county hospitals conducted by the poor authorities.

Resolutions were adopted setting forth that "the cost of nearly all foods, clothing, shoes, etc., together with salaries of attendants, nurses and other employes of county hospitals, are with few exceptions, much increased." They set forth further that "the State has no investment in county hospitals and the maintenance cost allowance to such hospitals is fifty cents less per capita weekly than in State hospitals."

It is then urged that "the weekly per capita allowance to county hospitals from the State should be increased by not less than twenty-five cents per capita weekly, and that a committee be selected by the chairman and secretary to draft the necessary amendment to the county care act, and present the same to proper parties for the necessary legislation."

The meeting went on record as favoring "the application of the civil service principle in the selection and retention of all officials and employes of the higher grade in State and county insane hospitals."

WOULD FIX SUPERVISORS' PAY AT RATE OF \$5 A DAY

A short session of the House of Representatives was held late yesterday afternoon for the purpose of reporting bills in order to have a calendar ready for this morning's meeting. Bills introduced included:

Mr. Steedle, Allegheny—Exempting from borough taxation persons, offices, occupations and professions; fixing oleomargarine license for retailers, hotel proprietors, dining room and boarding house keepers at \$10 per year;

HORSEBACK RIDING

It Is a Sport and an Exercise in a Class, by Itself

When Oliver Wendell Holmes proclaimed the trotter the coming horse, and the steed of democratic usefulness, he did not foresee the invention of the automobile. Small blame to him. No one else dreamed of it for some scores of years thereafter, but the motor-driven carriage has caused the learned doctor's plausible prophecy to go askew
