A HAPPY BALD HEADED MAN

Well-Known Politician Nearly Bald Now Has New Growth of Hair Tells How He Did It

A western politician, well known on account of his baldness and ready wit, surprised his friends by appearing with a new growth of hair. Many of his old friends did not know him and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the remarkable growth of my hair to the use of the following simple recipe, which any lady or gentleman can mix at home: To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 1/4 oz. of glycerine. Apply to the scalp two or three times a week with the finger tips. It not only promotes the growth of the hair but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store at very little cost and mixed at home."—Adv.

This Piano Sale Will Close Quicker Than Ever Before

Extraordinary Last Minute Values. Read Carefully, Then Act Quickly. The Time Is Getting Short

By Saturday night we expect to be able to close this sale. We expect all the "used" pianos and players and most of the new instruments included at reduced prices, to be sold. So we say—act quickly—the time is getting short. Dangerously short.

Despite the large number of instruments sold, we offer to-morrow a fine variety of used uprights which have been completed since the opening of the sale.

Each of these pianos should find a new home before night. And if only a few who read this announcement could realize, as we do, what extraordinary values will be presented to-morrow, there would not be half enough to go round.

These Pianos at These Prices To-morrow

Action Must Be Immediate. See Them This Evening or Early in the Morning

Why "No Coffee" For Children?

Many parents who drink coffee would not allow their children to touch it.

The 2 1/2 grains of the drug, caffeine, in the average cup of coffee, is far more injurious to the susceptible nature of a child than to an adult, but, just as constant dripping will wear away stone, so will the repeated doses of caffeine undermine the strongest constitution.

Parents who would protect their own health as they do that of their children, will see the reason for quitting coffee and using
