**YOUNG GIRL LACERATED WHEN HIT BY AUTOMOBILE**

Katie Beneovic is rushed to Harrisburg Hospital for treatment after John Fields was unable to secure a local physician for her.

Katie Beneovic, aged 7 years, was badly lacerated above her left eye shortly after 6 o'clock last evening when she was struck by an automobile, alleged to have been driven by John Fields, near Front and Trewick streets.

The accident happened, it is said, through the victim attempting to cross the street in front of a car which had stopped to discharge and take on passengers. When she stepped past the waiting car the auto came along and ran into her before Fields could stop the machine.

The girl was carried into the home of Solomon Hise, near the scene of the accident, and the auto owner tried to secure the services of a physician. Failing to locate a doctor, Fields placed the child into the auto and took her to the Harrisburg Hospital, where she is now being treated.

**EXCITEMENT ON STREETS BY A RUNAWAY HORSE**

Dodges Street Car, Knocks Huckster Off Wagon Seat, Breaks Shaft of Huckster Wagon and Upsets Wagon to Which It Was Hitched

A runaway horse dragging an upset delivery wagon owned by Frank Wiegner down Front street, from Walnut to near Elm street, about 6.30 o'clock last evening, caused considerable excitement and several pedestrians had to do some lively side-stepping to avoid being caught on the crossing at Front and Walnut streets.

The animal was halted in front of E. E. Herman's cigar store by an employe of Heagy's livery stable. The damage consisted of a broken shaft and all the glass knocked out of the wagon.

It is not known what frightened the animal, which had been left standing on North Second street, near Pine street, while the driver was completing the delivery of some orders. After getting under way the animal ran to Pine, to Front, to Conestoga and all over the West Side, finally reaching Trewick street, out which it came to Front, and down that thoroughfare until Walnut street was reached without a mishap.

In turning out for a street car the driverless horse ran into the rear wheels of a hucker wagon going in the opposite direction. The driver of the latter wagon was rudely hustled off his seat by the force of the collision and the shaft of his wagon was broken. The impact with the hucker wagon upset the delivery wagon while the frightened animal continued until stopped near Elm street.

Seven Out of a Battery of Eight Furnaces Will Soon Be Operating

The seventh of the battery of eight open hearth furnaces is being fired and is expected to begin the making of steel to-morrow. Several weeks ago but one half the battery was in operation, the additional furnaces being fired as needed.

The open health has been named the barometer of the steel business, and when nearly all of them are in operation there must be a greater demand for steel than when but one half the battery is being operated.

**BIBLE STUDY TO BEGIN**

Courses of Instruction at Market Square Will Lead Up to Communion

In preparation for the April Communion, which will come on Easter Sunday, three courses of instruction will be given in the Market Square Presbyterian church. First, the Wednesday evening prayer meeting beginning this week will be devoted to a course of Bible study in the Epistle to the Galatians. Second, on Friday evenings from 7.30 to 8.30, beginning this week, a course for young church members and prospective communicants on the subject, "The Foundations of the Christian Life," will be given by the minister. Third, a course especially for the members of the junior department of the school is being arranged by the officers of that department. These three courses will lead up to the Week of Prayer before the Communion when appropriate services will be held.

The theme this Friday will be "I Believe in God."

The Bible study course will be given by the minister, the Rev. William S. Cooke. The theme for this evening's meeting at 7.30 will be, "The Occasion of Writing, the general theme and the course of thought in St. Paul's letter to the Galatians."

**BETTER THAN CALOMEL**

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.
