Beech-Nut Tomato Catsup

Two years ago, we built a model Catsup plant in the finest tomato country of America.

We get the tomatoes at their prime—take them fresh from the vine. They come from nearby farms and are not shipped long distances.

We make them into Catsup direct—no materials are recooked. Two hours in the making only, and the finished Catsup is bottled, sterilized and ready for you.

Making Catsup better than it has ever been made before is simply the Beech-Nut lesson over again-care, patience, and delicacy of treatment.

We have had to increase our pack of Beech-Nut Tomato Catsup this year. Your grocer has probably received his supply by this time. Two sizes-25c. and 15c. See him now.

NATIONAL ADHERES TO LIMIT OF 21 PLAYERS

Clubs May Not Start Training Before March 1-George Cockill, Former Athletic Association Names Officers for Harrisburg Manager, Named a Substitute Umpire

New York, Feb. 10.—Although the principal business for which the National League club owners gathered here for their annual schedule meeting, which began yesterday, was to ratify and adopt the playing dates for the coming season, that matter was laid over until to-day, when the schedule will be taken up immediately after the meeting reconvenes in the forenoon.

At the session of the Board of Directors which preceded the regular meeting President Tener announced that he had appointed the following umpires: R. D. Emslie, William J. Klem, Mal Eason, William Byron, E. C. Quigley, William Hart and Al Orth. George Cockill, who was manager of the Harrisburg club, of the Tri-State League, was appointed as a substitute umpire, but there is still a vacancy to be filled on the regular staff. Charles Rigler has not been signed so far. Secretary John A. Heydler stated that no application for a position had been received from Henry O'Day.

retary John A. Heydler stated that no application for a position had been received from Henry O'Day.

Instead of revoking the edict that no players be sent into training camps by any club before March 1 each year, this was made a hard and fast rule and read into the constitution. Similar action was taken as to the revision of the player limit from 25 to 21, adopted at the December meeting. The New York club representatives tried to have the limit raised to 22, but this was voted down. In addition, all player-managers who participate in one or more games thring the season are to be included in the player limit of 21, which will be the maximum from May 1 to September 1 each year.

A letter was received from the International League asking for permission to place a club in the Bronx borough
