Gorgas, 16 North Third Street, P. R. R. Station.—Adv.

CROSS, FEVERISH, SICK CHILDREN NEED 'CALIFORNIA SYRUP OF FIGS'

A Coated Tongue Means Sluggish Liver and Bowels—Listen Mother!

Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills. Give a teaspoonful and in just a few hours all the foul waste, sour bile and fermenting food, clogged in the bowels, passes out of the system and you have a well and playful child again. All children love this harmless fruit laxative and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on each bottle.
 Mother, keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs." Then look and see that it is made by the "California Fig Syrup Company." We make no cheaper size. Don't be fooled.—Adv.
