The Safest, Most Profitable Way to Invest

is to study first the relative strength over a period of years of the various kinds of high-grade securities, then select the kind which experience shows is the best adapted for the needs of private investors from the standpoint of actual safety and substantial income.

To those of our customers who are unable to obtain the necessary facilities for examining the records of securities, we offer the results of a careful investigation along these lines which was conducted in this office, and also information regarding several bonds we are recommending as a result of that investigation.
