Sassoli-Witherspoon Concert

Harrisburg music lovers enjoyed a rare treat last evening when Mlle. Ada Sassoli, harpist, and Herbert Witherspoon, famous basso, of the Metropolitan Opera Company, were heard in the artists' concert given in Fahnstock hall by the Wednesday Music Club.

The artists, both of whom are well known throughout this and foreign countries, rendered a program of exquisite numbers. Mlle. Sassoli is a rare and gifted artist, with a marvelous technique. The "Chaconne," by Durand, and a group of numbers by Hasseman, were especially pleasing and effective.

Mr. Witherspoon is the possessor of a voice of excellent quality, and despite the fact that only four of his twelve numbers were sung in the English language, completely won his audience by his beautiful voice and pleasing personality. The German selection of Schubert and Schumann were well received, but his most enjoyable work, and that most appreciated by the audience, were the songs rendered in their own language. "Flow Gently Sweet Afton" and "Meet Me by Moonlight," the latter with harp accompaniment, were rendered by request, with much taste and feeling.

The bill makes it unlawful to keep in cold storage warehouses any article of food that has been held in cold storage either within or without the State for a larger aggregate period than twelve months, except with the consent of the Dairy and Food Commissioner.

The Commissioner upon application during the twelve month may extend the period of storage beyond twelve months for any particular article of food, provided it is found to be in proper condition for further cold storage.

The entire extended period shall not be more than 120 days.

At present eggs may be stored for eight months and butter for nine months, and the bill extends the time so as to conform with the laws of other States, it is said.

The proposed act provides for licensing storage places, for sanitary inspection and requires accurate records kept for food stored and withdrawn. Monthly reports are to be filed showing the kinds of foods in the warehouses.

Articles of food for human consumption which are of a tainted shall not be stored, and food for use other than for human consumption shall not be placed in storage unless plainly marked that it is not to be used as human food.

All food must be plainly marked, stamped or tagged with the date when placed in storage and must be dated when withdrawn.

The bill makes it compulsory that cold storage food kept thirty days or more shall be marked "Cold storage goods," and it shall be unlawful to represent or advertise cold storage food as fresh food.

REGISTRATION BOARD FOR CITIES OF THE THIRD-CLASS

Proposed in Bill Introduced in the House Last Night—Planned to Increase State Police Force—Third Judgeship Bill Is Delayed

The creation of a board of three commissioners to take charge of personal registration in cities of the third class in the State is the subject of a bill introduced in the House last night by Assemblyman Jones, of Lackawanna.

The bill is an amendment to the personal registration law.

It will provide for a board of three, salaried at \$500 a year, appointed for a period of four years by the Governor, to make appointments of registrars and to keep all records in a room to be furnished in the Court House. The bill provides for minority registration on each board of registration.

A provision of the Jones bill is that the appointments by the Governor shall be made not later than June 1 of this year. The board must organize not later than the fifteenth of the same month. The board will have the power of making registrars in the several districts of the city. This provision will take from the county commissioners the power conferred upon them by the personal registration act of appointing registrars in all municipal sub-divisions outside of cities of the first and second class.

For More State Policemen

The measure providing for a third Judge of the several courts of this county was on the second reading calendar in the House last night, but because of the absence of the sponsor, John C. Nissley, it was not called up.

The bill remains on the second reading calendar. A long calendar of second reading bills was disposed of.

The bill prepared by the State Board of Public Charities providing for sterilization of idiots and imbeciles was introduced by Mr. Gibson, Lycoming, by request.

Mr. Baldwin, Delaware, introduced the bill to increase the State police force by 16 corporals and 100 men, all enlistments to be for two years. The bill provides this salary list: Superintendent, \$6,000; deputy, \$3,000; captains, \$2,000; lieutenants, \$1,800; first sergeants, \$1,200; sergeants, \$1,100; corporals and blacksmiths, \$950; troopers, \$900.

The State Legislative Reference Bureau is authorized to continue codifying the laws of the State by subjects by a bill introduced into the House last night by Mr. Roney, Philadelphia. An appropriation of \$35,000 is provided. Asks \$10,000 for Home

Other bills presented last night were: Mr. Wildman, Dauphin—Appropriating \$1,500 to buy for the State Museum the collection of Indian relics of Harry E. Hoke, of Highspire; appropriating \$10,000 for the Sylvan Heights home for orphan girls.

Mr. Goodyear, Cumberland—Appropriating \$4,000 for the Church of the Brethren Home, near Moor's Mills, Cumberland county; appropriating \$3,000 to the Todd hospital, Carlisle.

Mr. Hess, Lancaster—Prohibiting the sending aloft of Fourth of July balloons carrying fire.

Mr. Benninger, Northampton—Amending the public service act to
