WANT TARIFF LAW REPEALED

enate Adopts Resolution Asking Congress to Take Action

By a vote of 35 yeas to 10 nays the Senate last night adopted a resolution calling upon Congress to repeal the present Democratic tariff as the cause of the present industrial distress. The resolution was offered by Mr. Vard and was almost through before the Democrats in the Senate woke up and de-

manded a yea and nay vote through Senator Washers. The resolution is as follows:

"Whereas, The great industrial Commonwealth of Pennsylvania has suffered more than any other State in the Union because of the present tariff, and

"Whereas, Under its operation our important steel plants, our textile mills and other industries have been operating only about one-half capacity; and

"Whereas, The army of unemployed in our cities and towns has brought

continued distress through inability to obtain proper food, raiment and shelter; and

"Whereas, We believe present conditions will become worse instead of better at the close of the war; it is therefore

"Resolved, That the Legislature of Pennsylvania now in session do request the Congress of the United States to repeal the present tariff law and replace it with a law giving adequate protection to our labor and industries, and

under normal conditions, sufficient revenue to warrant the repeal of the present unjust and uncalled for special methods of taxation now in operation."

The resolution was adopted by a strict party vote, the Republicans voting ye and the Democrats, reinforced by Smith, of Crawford, Bull Moose, voting no.

A Knock-down Blow

A friend of mine, an old missionary in China, gave a Bible to a cultivated

Chinese gentleman—a Confucianist—asking him to read it and then to tell him what he thought about it. After a few months he returned to the missionary and said, "I have read this book with great interest—it is a great book, and I am inclined to try these teachings; but," he added, "according to this book you are not a Christian!"

The old missionary, startled at this sweeping assertion, replied, "What do you mean?"

The Confucianist answered, "I read

that a Christian is a man who is not handicapped by anxiety and worry, and is usually a happy man. He is one who knows that his God, who cares for the falling of the smallest bird, will surely care for him. This book commands him to cast his care upon God, and it assures him that he will receive the gift of peace. I read that Jesus said to his disciples that he gave them his joy, and he furthermore said, 'Let not your heart be troubled.' I find that a Christian is an unworried man. But you are

the most worried man I know. You impress me as having a thousand cares. You are anxious about details concerning which, as these Gospels teach, you should trust God. You are not an unworried man. You are not a Christian."

—The Christian World.
