# Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 Lbs. of

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no mattér how much you cat, unless your digestive organs assimilate the fatmaking elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach, and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad.
