JACK JOHNSON AT HAVANA

Negro Puglist Says He Will Charter Vessel to Get to Juarez On Time

Havana, Feb. 22.—Jack Johnson, the puglist, accompanied by his wife, secretary, sparring partner and a servant, arrived here early this morning from Cienfuegos. He appeared in good condition and declared he never felt better. Johnson said his only anxiety now was to reach Juarez, Mex., in time for his match with Jess Willard on March 6. He was much annoyed at hearing of the present chaotic conditions in Mexico, especially the difficulties which probably would confront him in going north from Tampico. Johnson declared, however, that he was determined to push ahead in spite of all obstacles and if no regular steamer was available for the trip he would charter a vessel to take him to Tampico.

BRAVESTOLE SIGNALS

Maranville, Small Shortstop, Talks on Inside Baseball. Boston, Feb. 22.—The Boston Nationals, in their successful fight for the league championship last season, were aided by their ability to solve the signals of nearly every team in the league, according to Walter Maranville, the Braves' shortstop. In a talk to students of Boston College Saturday night, Maranville said:

"Signals had a lot to do with our winning the championship. We had signals of our own, of course, and so far as I know, they never were solved consistently. We were able to get the meaning of the signals of the other teams in nearly every city of the league. In St. Louis we knew almost every move that the other fellow was going to make and that helped a lot. Their signals were very easy. Other teams had harder signals, but we managed to get most of them, while the other side was doing the guessing."
