

"Cure Your Rupture Like I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Die."

His Remedy and Book Sent Free.

Captain Collings sailed the seas for many years; then he sustained a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years. He tried doctors after doctor and truss after truss. No results! Finally he was assured that he must either submit to a dangerous and abortive operation or die. He did neither! He cured himself instead.

"Fellow Men and Women, You Don't Have To Be Cut Up, and You Don't Have To Be Tortured By Trusses."

Captain Collings made a study of himself, of his condition—and at last he was rewarded by the finding of the method that so quickly made him a well, strong, vigorous and happy man. Anyone can use the same method! It's simple, easy, safe and inexpensive. Every ruptured person in the world should have the Captain Collings book, telling all about the rupture and how anyone may follow the same treatment in their own home without any trouble. The book is sent absolutely FREE. They will be sent prepaid to any ruptured sufferer who will fill out the below coupon. But send it right away—now—before you put down this paper.

 Winter Doubles Work
 In summer the work of eliminating poisons and acids from the blood is helped by perspiration. In cold weather, with little out door work or exercise to cause sweating, the kidneys have to do double work. Foley Kidney Pills help overworked, weak and diseased kidneys to filter and cast out of the blood the waste matter that causes pains in sides or back, rheumatism, lumbago, stiffness of joints, sore muscles and other ills resulting from improper elimination.—George A. Gargas, 16 North Third Street, P. R. R. Station.—Adv.
