

MAKE THE BEST COUGH REMEDY AT HOME

Cheaper Than You Can Buy

When in need of a good remedy for severe, stubborn coughs or colds, why not buy one which is guaranteed to be the most satisfactory remedy you ever used, and get your money refunded if it should not prove so, instead of buying one purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money? In buying Schiffmann's Concentrated Expectant, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much excellent cough medicine as you would in buying most any of the old-fashioned ready-made kinds, because 50 cents

worth makes a whole pint when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. The above druggists will refund the money to any person who finds this remedy does not give perfect satisfaction, or if it is not found the very best ever used for coughs, colds, bronchitis, croup, whooping cough, or hoarseness. You will be the sole judge, and under this positive guarantee absolutely no risk in trying this remedy. Druggists everywhere are authorized to sell it under the same guarantee, or order direct of R. J. Schiffmann, St. Paul, Minn.—Adv.

FOREIGN LETTERS STAMPLESS

Many Communications From Countries at War Are Without Postage

A reported feature of the incoming foreign mails is the appearance of a majority of the letters received, minus postage stamps. These letters are principally from the countries at war, but usually many stampless letters were also received from Italy. This omission in stamping causes the local letter carriers much extra work in collecting the amounts due from the local foreign colony, and particularly those from the dual monarchy, whose subjects here claimed the larger part of the stampless envelopes.

WHAT DOES YOUR MIRROR SAY TO YOU

If Your Face Is Not Fair You Are Not Fair to Your Face. Use Stuart's Calcium Wafers and Banish Pimples, Etc.

Before beauty can ever be realized it must have a complexion that adds to its lustre, that makes a magnificent face contour radiate an artistic color. The charm of all beauty rests chiefly in the clear skin, the pure red blood, the soft cream-like complexion.

"It Is An Exquisite Joy to Look in My Mirror Now—Stuart's Calcium Wafers Gave Me Back My Clear Complexion."

Stuart's Calcium Wafers act directly upon the sweat glands of the skin, since their mission is to stimulate the excretory ducts. They do not create perspiration, but cause the skin to breathe out vigorously, thus transforming perspiration into a gaseous vapor. The calcium sulphide of which these wafers are composed consumes the germ poison in the sweat glands and pores, hence the blood makes a new, smooth skin in a surprisingly short time.

You will never be ashamed to look at yourself in a mirror, once you use Stuart's Calcium Wafers. Nor will your friends give you that hinting look, as much as to say—for goodness sake, get rid of those pimples.

There is no longer any excuse for anyone to have a face disfigured with skin eruptions, when it is so easy to get rid of them. Simply get a box of Stuart's Calcium Wafers at any drug store and take them according to directions. After a few days you will hardly recognize yourself in the mirror. The change will delight you immensely. All blemishes will disappear.

All druggists sell Stuart's Calcium Wafers at 50 cents a box. A small sample package mailed free by addressing F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.—Adv.

PLAN TO MAKE OF STATE A HUGE YELLOW GARDEN

Suffragists Will Further Their Cause by Planting Flowers of Their Colors in Front Yards and Window Boxes Until November Election

The State of Pennsylvania is to be converted into a huge yellow flower garden this summer if a plan of the suffragists carries. From Lake Erie to the Delaware river, the suffragists announced to-day, the whole State will blossom with the suffrage colors. Not a town or hamlet is to be overlooked. Everywhere the eye will be greeted with yellow blooms. In the suburban towns and the residential sections of the larger cities every suffragist yard will boast a suffrage garden. In the more congested sections, window boxes will help to carry out the color scheme.

Behind this picturesque plan is a story of a little woman who wanted to make a big contribution to the "cause" and who made it, although she never realized how big it really was.

"I can't do much," she said, when she made her offer to the State Association last December. "I haven't got the money, but I'm going to plant my whole garden with yellow flowers this spring and I'm going to get my neighbors to do the same, so that everyone in our little town will see the suffrage colors and know that our campaign is on in earnest."

That was her contribution to the State campaign fund—the idea of a suffrage garden. She died a few weeks later before either she or anyone else grasped the full beauty or the wonderful possibilities that existed in her humble offering. To-day, however, the magnitude of her gift is appreciated and early in May thousands of yellow gardens will be planted by suffragists in all parts of the State.

The Pennsylvania Woman Suffrage Association has arranged with a master seedman to supply boxes of seeds that will grow six of the prettiest varieties of yellow flowers. These flowers have been selected with a view to having the period of bloom extend from July through November.

It is less than a week since the first notice of the suffrage garden idea was quietly sent out by the State Association to its various locals, but so enthusiastic has been the response from all parts of the State that the success of the plan is assured, a suffragist said to-day.

Many of the locals have planned prize contests for the most beautiful suffrage gardens. Supplementing this latter idea have come scores of requests for a State-wide floral festival in mid-summer.

The suffragists who live in apartments have taken up the window box idea, so that even passing through the congested sections of the cities the eyes will not miss the suffrage colors.

Practical Prescription Against Stomach Acidity

Nine-tenths of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach itself is not diseased but if this acid condition is allowed to continue, the acid is very likely to eat into the stomach walls and produce stomach ulcers which may render a radical surgical operation necessary even to prolong life. Therefore an "acid stomach" is really a dangerous condition and should be treated seriously. It is utterly useless to take pain and ordinary stomach tablets. The excess acid or stomach hyperacidity must be neutralized by the administration of an efficient antacid. For this purpose the best remedy is bisulphate of magnesia taken in teaspoonful doses in a fourth of a glass of water after each meal. Larger quantities may be used if necessary as it is absolutely harmless. Be sure to ask your druggist for the bisulphate of magnesia as other forms of magnesia make effective mouth washes but they have not the same action on the stomach as the bisulphate.—Adv.
