### CENTRAL PENNA. LEAGUE TEAM FOR HARRISBURG

This City Admitted at a Meeting Last Evening—Games to Be Played Saturdays When Tri-State Club Is Away From Home

The Capital City Baseball Association last night secured a Harrisburg franchise in the Central Pennsylvania Baseball League and will now begin signing players for the season's campaign. Games will be played on the H. A. C. grounds on Saturdays when the Tri-State Club, if there is such a thing this season, does not have Saturday games at home.

The Harrisburg team was selected in place of Lacknow, which team could not get grounds and wanted to be a traveling team. Hershey was also added to the list of towns and the circuit this season will be Harrisburg, Hershey, Steelton, Highspire, Middletown and New Cumberland. The league meeting was held last night in Steelton.

The season this year will open on May 1 and close on September 18, with twenty-five games scheduled. Two games will be played by each of the six clubs on Decoration Day and July 4.

President Stees will call a meeting within the next two weeks when the two new clubs will be given official notice of their acceptance and all final details for the 1915 race will be made. Representatives at last night's meeting:

Third Baseman and Outfielder Sold to Newport News Team of Virginia League

Crist's fielding average is .987 and his batting average is over .300. He came to Harrisburg four years ago from Brooklyn. The only statement of local officials will make regarding next season is that there will be a team here if the Tri-State League continues.

The entire infield of last year's championship club has now departed; Cockill having been appointed an umpire in the National League, Whelan and Crist being sold outright. McCarthy was only borrowed for last year. Chabek and Adams, two star hurlers, were drafted and the receiver, Charlie Miller, was sold to Scranton.

### TO PHOTOGRAPH HEARTS

Will Utilize X-Ray to Determine Effect of Rowing

Cambridge, Mass., Feb. 26.—To determine the effects of oarsmanship on the growing college youth, the Harvard rowing management has completed arrangements to have the best of the Varsity and Freshman crew men have their hearts photographed by the X-ray.

There has been considerable discussion as to whether the four-mile race is harmful, and a great deal of criticism of college coaches for driving their oarsmen too hard. Harvard has lost several valuable oarsmen through the development of some ailment which in some cases has been attributed to poor judgment in handling the men.

The present plan at Cambridge will call for each oarsman having his heart photographed before and after the present rowing season.

### CLIP COUPONS TO-MORROW TO SEE THURSTON, MAGICIAN

Saturday Star-Independent Readers Entitled to Witness Thurston's Mysterious Performance at Majestic Theatre Monday Night

The coupon which will admit Star-Independent readers to the Majestic Theatre Monday evening to see Thurston, the famous magician and his company of 26 people, from any seat in the theatre for 25 cents will appear in to-morrow's Star-Independent. Since the announcement of this unusual opportunity so much interest has been manifested that there is sure to be a big demand for to-morrow's Star-Independent in order to get the coupons to take advantage of this offer.

Those intending to see the opening performance of Mr. Thurston under the Star-Independent arrangements should clip the coupons and present them at the Majestic box office early enough to get choice seats, which can be reserved any time Saturday for the Monday evening performance.

All that is necessary is to present one or more coupons at the box office and select the seats desired. Only one seat is to be allowed with each coupon and 25 cents and if more than one seat is wanted it will be necessary to have as many coupons as seats desired. The coupons are good for Monday night's performance only.

It is the first time that readers of any newspaper in this city have been given such a liberal opportunity to see a strictly high-class performance such as Thurston, the magician, will present at the Majestic next Monday, Tuesday and Wednesday, with matinees Tuesday and Wednesday.

Although still in his thirties, Thurston has taken the foremost position in the ranks of the profession in which Herrmann and Keller won lasting distinction. He has appeared in every civilized part of the globe, and by creating new and unique novelties his entertainment is one long to be remembered. Men and women from all walks of life find pure and recreative diversion in a Thurston performance and all talk of his mysteries long after he has gone.

Magie is a word that makes children of us all. To sit and watch Thurston fit from wonder to wonder, from mystification to mystification and our boyhood days return and we marvel if he really employs little red imps to help him as his big posters would suggest. Thurston eclipses Santa Claus for youthful Americans and his coming will be a gala event in the lives of the little tots, his performances are ever crowded with wide-eyed, open-mouthed, wondering lads and lassies who are having the time of their lives.

**Reckless Coal Buying**

Why is it that less thought is given to buying coal than almost any other article?  
 Coal is one of the largest items of expense and should have the most consideration.  
 The reason why so many people have trouble with heating their house is because they think all coal is alike. If they happen to hit upon a good combination, well and good, but if results are not as expected then they blame the coal.  
 There are many things to be considered: The drafts, whether strong or poor; the size of the furnace; the kind of furnace; the kind of heat, whether hot air, steam, or hot water; the location of the house, etc. All these things have a bearing on the kind and size of coal required.  
 We shall be glad to advise you.
