THURSTON, THE MAGICIAN, AT MAJESTIC THREE DAYS

Abraham Lincoln is put on record as saying: "You can fool some of the people all of the time and all of the people some of the time; but you can't fool all of the people all of the time." But America's martyred President was not reckoning on the ability of Thurston, the magician, who will appear at the Majestic three days, starting on Monday, with matinees Tuesday and Wednesday.

He is not only an expert manipulator—a performer of feats that amaze and confound the spectator—but he carries a vast tonnage of paraphernalia, a company of twenty-six people and wittily keeps his audience in a laughing mood while working up to his sensational feats.

fully varied program. Further he has a personality so engaging and a voice so persuasive that the audience yields readily and at once to his hypnotic influence and settles back in their seats willing and waiting to be deceived, enjoying it all with an innocence that is a surprise to the intelligence when the awakening comes with the lowering of the final curtain.—Adv.

THOUGHT HE HAD CHRONIC DYSPESPIA

But Now Eats Corned Beef, Cabbage, Forks, Onions and Mince Pie for Dinner and Never Feels a Pain. Do you belong to the "No thank you" society of the dinner table where the mere sight of certain foods makes you feel the pain you know would be yours if you ever ate them? Corn Beef, Cabbage, Pork, Beets, Onions, Turnips, etc., are all good healthy strengthening foods and a strong, healthy stomach can always digest them. Yet if the stomach kicks back and simply won't work on such strong fare it's folly to fall back on artificial digesters that push the stuff through whether the stomach wills or not. What a weak, easily upset stomach really needs is not a digestive aid but a stomach strengthener. Any reliable physician will tell you it's dangerous to continually dose the stomach with pepin digesters and the like. His own prescription will set on the stomach instead. No physician ever wrote a better stomach prescription than that embodied in the famous M-I-O-N-A Stomach Tablets that H. C. Kennedy and most every other druggist in this vicinity sells with the positive guarantee that they must put a complete and lasting end to stomach misery or money back. M-I-O-N-A strengthens the walls and muscular fibres of the stomach and induces prompt normal working of your own stomach machinery. It gives relief in ten minutes to all the common and uncomfortable symptoms of sour rising, gas, belching, burning, bloating, shooting pains, etc., and in a few weeks will put the stomach in a clear and perfectly healthy condition that it can digest a typical New England boiled dinner without the slightest effort or distress.—Adv.

SPECIAL WAR RISK IS PUT ON ALL BRITISH ISLE PORTS

Washington, D. C., Feb. 26.—All ports in the British Isles were made "special ports," requiring special rates of war risk insurance from the Government bureau, by an order issued last night by Secretary of the Treasury McAdoo. The only special ports in the United Kingdom under former orders were those on the North Sea, north of London. The order also extends the special port zone on the Continent to include Bordeaux. The previous limit was Dunkirk. The bureau reserves the right to refuse insurance to these ports. Formal announcement was made at the State Department yesterday of Great Britain's decision to declare a blockade of the coast of German East Africa, as from midnight February 28. The announcement said: "The British Ambassador at this capital has informed the Department of State that his Government has decided to declare a blockade of the coast of German East Africa, as from midnight February 28. This blockade is to extend along the whole coast, including islands; that is, from latitude 4 degrees 41 minutes south to latitude 10 degrees 40 minutes south, four days' grace from the time of institution of the blockade being given for the departure of neutral vessels from blockaded area."

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat. Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, re-constructive powers to coat the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. G. A. Gorgas and other leading druggists of Harrisburg and vicinity have taken full advantage of this new discovery and will refund your money if you are not satisfied, as per the guarantee found in every package. Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.—Adv.

WEDDING, BAPTISM, BURIAL

Three Ceremonies Performed in One Hour in Chicago Home. Chicago, Feb. 26.—A wedding, a christening and a funeral followed each other within the hour yesterday at the home of Mrs. Robert Johns, president of the Woodlawn Woman's Club. When her father was taken seriously ill a week ago Miss Evelyn Johns was in the midst of plans for her wedding to Elmer H. Nelson. Mr. Johns died on Monday. The prospective bridegroom and another daughter and her baby arrived at the Johns residence, 6463 Kimbark avenue, simultaneously. Mrs. Johns then urged that the wedding and christening be performed at the side of the father's coffin, after which the funeral was held.

Of Course They Do

Recently I advertised the new Screwless Eyeglass Mountings that I introduced in Harrisburg a few weeks ago. I have heard it remarked that screwless mountings were going to cut my profits to a minimum by reducing breakage of lenses. I'm "tickled to pieces" to have some of my competitors take that short-sighted narrow view. Of course these new screwless mountings will reduce breakage. That's what they are intended to do. But if you stop to think you will see where this is a good, live, strong talking point in their favor. It's a talking point that will make sales and new customers. I'll take chances by pleasing my old customers and making new ones. The Screwless Eyeglasses are giving fine satisfaction, and no doubt they will soon take the place of the old styles that have caused so many broken lenses. The only mounting that never costs you a cent for new springs. They are guaranteed indefinitely.
