**BAD BREATH**

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.

They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil, you will know them by their olive color.

Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

**PLANS TO KEEP TABS ON FINES PAID BY AUTOISTS**

State Highway Commission Proposes to Check Up the Records to See If Any Justices or Constables Have Pocketed Moneys Collected.

Justices of the peace and others empowered to impose fines on violators of the laws regulating the operating of automobiles in Pennsylvania will be called upon by the State Highway Department to report the number of offenders they have subjected to fine and the amount of fines they have collected, it was learned today. The intention is to publish the information in the Pennsylvania Highway News, the bulletin of the Department, so that it will be made public how many offenders there were, how much in the way of fines was collected from them, and, what is very much to the point, whether, as is charged, any justices have been collecting the fines and either pocketing them or dividing them with constables.

Automobile owners throughout the State have been bitter in their complaints that justices in certain sections have held them up without cause and without reason and exacted fines from them, which they were compelled to pay and which they did pay rather than be delayed on their journey in taking the case to court on an appeal and be subjected to many annoyances.

It is charged that in some townships throughout the State the justices and constables are in collusion and set traps for and make arrests of automobile owners for the express purpose of imposing fines, and that in many instances the proof is furnished by the constable, who divides the fine, and the automobile owner who is arrested is denied permission to make a defense, the constable's word being sufficient. In some townships where justices have made no returns of such fines imposed it is proposed to get after them and not only make them disgorge but endeavor to have them punished.

Automobile associations have been gathering statistics along a number of State routes of the number reported as having been fined, and have made complaint to the State Highway Commissioner. It is now intended to obtain all of the data regarding arrests and fines for as far as possible with a view to comparing the figures with those gathered by the automobile association and clubs, the object being to put a stop to the alleged crooked work of some justices and constables.

**WILL TRY TO STOP TRUANCY**

School Board Officials Will Prosecute—First Suit Against a Father This Afternoon

Officials of the Harrisburg School Board are preparing a vigorous campaign against truants in Harrisburg and will prosecute wherever it seems necessary, other methods of getting the boys and some of the girls back in school by means of personal visits to the homes by the two truant officers not proving effective.

This school session seems to be worse for truants than any other for years, and notwithstanding a second truant officer has been appointed, Daniel T. Faekler, former instructor in the detention school, truancy has increased. School Board officials believe it is the result of the detention school being abandoned.

**STATE CAN PAY FOR MEALS**

Jackson Advised He Has Right to Make Allowances to Inspectors

John Price Jackson, Commissioner of Labor and Industry, recently asked the Attorney General's Department for an opinion as to whether the Commissioner has the authority to allow for the payment by the department of meals taken by inspectors other than at their places of residence, the request being accompanied by the statement that the value of the time consumed by the inspectors in going to their own residence for meals is greater than the price of the meals.

Deputy Attorney General Hargest, after quoting the law allowing for the traveling expenses of inspectors, to-day notified Commissioner Jack that "if it adds to the efficiency of your department to allow inspectors the price of their meals, which are eaten elsewhere than at their own residences, I am of opinion that you have the authority to make such allowances."

**NEWS OF STEELTON**

**PETTY CRIMES COMMITTED BECAUSE LACK OF WORK**

Mr. Krasovic, Tenant on Kelker Farm, Is Relieved of Smoked Bacon, Hens and Indian Corn to Value of About Fifty Dollars

A sequel to the lack of work by residents of the borough is coming to the surface daily in various petty crimes, some of which are out of the ordinary for iniquity.

Of the ordinary petty crimes that of larceny is the most common and appears to be committed in the borough and vicinity mostly for the purpose of securing food of various descriptions. A successful case of larceny was reported late yesterday when it became known that thieves had operated on the Kelker farm, near the borough reservoir, Tuesday night and had relieved the tenant, a man named Krasovic, of six fat hens, a quantity of smoked bacon, together with a quantity of Indian corn, the total loss amounting to about \$50.

An ingenious plan to avoid the payment of rent was revealed yesterday when Ila Jova and Sava Padonovic were arrested by Constable Gibbs on a forcible detainer charge and in default of bail were committed to jail for a hearing before Squire Gardner.

The two men had moved into a house located at 507 South Third street, with their belongings, unknown to the owner and were making their residence there. The property is owned by Joseph Claster, of Harrisburg. Their excuse when taken before the squire was that they had no money and no place to go.

Two other foreigners are now in jail awaiting their appearance before the court on the same charge as Jovic and Padonovic for alleged illegal possession of a house at 771 South Third street, owned by Christian Hess.

**\$500 LOSS TO WEST SIDE PROPERTY BY NOON BLAZE**

Overheated Chimney Supposed to Have Started Blaze Which Burned Roof Off a Double Dwelling Late This Morning

A blaze, supposed to have started from an overheated chimney, burned the roof off a double dwelling house located on Franklin street, shortly after 11 o'clock this morning, and inflicted a loss estimated at \$500. The building is owned by J. B. Reist and son, Harrisburg, and is occupied by the following tenants: George Crevar, 207 Franklin street, and a family named Shippey at 305.

The alarm sounded at 11:10 o'clock from box 52, located at Main and Francis streets, and the firemen worked bravely for one-half hour before the flames were conquered. Although the flames did not get into the living parts of the dwelling there was considerable damage done to the furniture by water, smoke and chemicals.
