3 THROUGH LINES ORDERED TO STOP CARRYING CATTLE

Continued From First Page. It was decided that, because of the danger of the contagion being spread in Pennsylvania by shipment of western cattle through the State, all railroad companies engaged in such shipment should be ordered, under the Pennsylvania law, to cease such shipments, and the companies engaged in such shipping were notified.

The authorities say the Pennsylvania and Baltimore and Ohio railroad companies at once complied with the order and have ceased to ship any western cattle east through this State.

It is charged, however, the other companies mentioned above, ignored the order and have been shipping cattle in defiance of the Pennsylvania law.

Cattle men in Chicago and other western points have made vigorous protest against the order of the Pennsylvania Live Stock Board, but have been informed that the order will be rigorously enforced, and the railroad companies will have to obey the law.

The cattlemen, however, have been notified that if they segregate the cattle from the infected districts and ship them in such a manner in cars that there may be no danger of leakage and all danger of contamination while passing through the State is eliminated, they may ship, but this the cattlemen say will not be "convenient," meaning that it will cost too much in time, money and trouble to ship in that manner and to separate the cattle.

Disease Has Cost State \$523,000. The foot and mouth disease in Pennsylvania has already cost the State \$523,000 in meeting the expense of stamping it out.

The last bulletin issued by the Live Stock Board says that the disease is almost stamped out in this State, but three counties being quarantined as a whole, and isolated townships in other counties, but a recent outbreak in the Lancaster stockyards was traced to cattle from the West, and the quarantine on shipping of western cattle was decided upon as the only way to prevent further spread.

Attorney General Brown has notified Dr. Marshall, State Veterinarian, that he will use all of the machinery of his department to back him in his latest step for preventing the shipment of western cattle through Pennsylvania.

The Harrisburg Hospital is open daily except Sunday, between 1 and 2 o'clock p. m. for dispensing medical advice and prescriptions to those unable to pay for them.

TO STOP HEADACHE

Headache usually comes from a sluggish liver and bowels. If you feel bilious, dizzy or tired, if you have indigestion and stomach sour, just get a 10-cent box of Cascarets to start your liver and bowels and your headaches will end.—Adv.

47 ENTOMBED MEN TAKEN FROM WINE

After Four Days' Burial They Are Able to Walk From Prison When Rescued

MORE VICTIMS MAY STILL LIVE

Seventy-eight Dead Bodies Have Thus Far Been Found on Scene of Tuesday's Catastrophe—Rescuers Hasten to Reach Unexplored Entries

Hinton, W. Va., March 6.—Forty-seven miners were found alive to-day in the Layland mine of the New River and Pocahontas Coal Co., where they had been entombed since last Tuesday, when a gas explosion wrecked one mine and seriously damaged two others.

About 170 men, as far as could be checked up, were thought to have lost their lives and thus far 78 dead bodies have been taken out.

This morning rescuers in oxygen helmets came upon an entry of No. 3 mine, which had been bratticed off. Close to the brattice work five men were encountered alive but in a weakened condition.

These were able to walk from the mine and they reported that nine others were alive not far from where they were found.

The rescuers hastened their efforts and soon came upon more of the living miners, who were able to leave the mine unassisted in most cases. When the entry had been explored a total of forty-seven men had been checked up, all apparently little the worse for their four days' entombment, beyond a somewhat weakened condition.

All haste is being made to reach the remainder of the unexplored entries in the hope that many others will be found still living.

LATE WAR NEWS SUMMARY

Continued From First Page.

of the Dardanelles might bring to a decision the attitude of the Balkan States concerning the war. The possibility of the capture of Constantinople which would result in changes of vital interest to the Balkan nations, has already assumed a noticeable influence on these nations. Bulgaria is said to have mobilized secretly three divisions or about 30,000 men, and one of these divisions is reported to have been sent to an unknown destination.

In Rumania the Chamber of Deputies is considering the granting of a credit of \$40,000,000 to the government for military purposes, and the calling to the colors of 8,193 recruits. Greece is awaiting eagerly the decision of the crown council concerning intervention in the war and an Athens dispatch states that popular feeling is in favor of such a step.

The attack on the Dardanelles forts is proceeding steadily, although it is still a question what it has accomplished. A Paris newspaper states that one-third of the straits has been cleared of mines.

Russia is prosecuting one of the most vigorous offensive movements of the war in the east, extending over the whole front. A Berlin dispatch yesterday admitted the capture by the Russians of Mysynic, near the Prussian frontier, but in general it is asserted that Russian attacks are being repulsed, while Petrograd reports steady progress.

In the west likewise fighting is becoming more general. The battle in Champagne continues with unabated ferocity, and there are signs of increasing military activity in Belgium. All along the eastern end of the lines to which Germany is reported to be sending reserves, there is steady and spirited fighting.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples Are Impurities Seeking An Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.—Adv.

STORM CONTROLS TRADING IN STOCK MARKET TO-DAY

Communication With Middle West and Other Points Interrupted—Tendency Downward, Prices of Lead Issues Indicating Profit Taking

New York, March 6.—Trading in stocks to-day was curtailed by the storm which interrupted communication with the Middle West and other points. The tendency was downward, prices of leading issues indicating profit taking. Gains were almost entirely confined to specialties, including the tobacco group, Republic Steel, pd., California Petroleum, pd., and local traction. Harvester Corporation rose 14 points, the preferred, however, declining 4 1/2. American Locomotive, pd., fell 3 points to its new minimum of 75 and Pressed Steel Car common and pd., also dropped to new established prices. The closing was heavy. Bonds were steady.

TRIXIE FRIGANZA, MUSICAL COMEDY STAR, HERE NEXT WEEK

Much interest has already been manifested by local theatre-goers in the engagement of Trixie Friganza, the musical comedy star, who will be the interesting headliner at the Orpheum next week. Miss Friganza ranks with the foremost artists in musical comedy and vaudeville, and her appearance at the Orpheum, where popular prices prevail, is indeed noteworthy. Miss Friganza comes to Harrisburg direct from New York City, where this week she is creating a small sensation as the headline attraction of the vaudeville bill at Hammerstein's Victoria Theatre. Miss Friganza will offer her glittering array of songs, humor and gowns at the Orpheum beginning on Monday.—Adv.
