### POLICE EFFICIENCY IS TABLED BY COUNCILMEN

Thomas Nolley, Chairman of Police Committee, Opposed Use of Fire Patrol as a Reserve Force for Fear of Causing Increased Taxation

Sanitary conditions of the West Side section inhabited by Macedonians and Bulgarians was discussed by the Borough Council at its March meeting last evening and is brought about through a report by Councilman Capella, who made an investigation of these conditions. Through the discussion it was brought out that conditions in this section had greatly improved recently and that much of the credit for this was due the rector of the Bulgarian Orthodox church, who had made a personal appeal to his parishioners to improve their surroundings, and incidents were cited how this was done.  
The proposition of improving the efficiency of the borough police force by using the fire patrol of the borough as a reserve force in case of sickness to one or more members of the regular force, was tabled after Chairman Nolley, of the police committee, explained to the borough fathers that to do this at present would lead to an increase in taxation, but failed to substantiate this assertion with figures.  
A committee from the Steelton Merchants' Association attended the meeting for the purpose of promoting a movement to have the vending license of the borough raised for the purpose of equalizing competition between Steelton and Harrisburg merchants and vendors. A petition signed by twenty-seven local business men was presented by the association asking for the increased license. According to the petition, the difference of a license of \$5 a year in the borough and that of \$100 a year in Harrisburg encourages irresponsible hucksters and vendors to operate here. A meeting of the ordinance committee of Council and a committee from the merchants' association was arranged and a report of this meeting will be submitted to Council at a special meeting March 15.  
A petition asking that Council revoke its action to pave Conestoga street, between Front street and the western side of Christian street, was presented by the owners of 1,325 feet of property abutting on this street. The petition set forth that it would mean a hardship to the property owners to pave this street at the present time.  
P. F. McNear, Jr., president of the Merchants' Association and a member of the Board of Health, who owns considerable property on the section it is proposed to pave, talked against the paving and said it would be unwise to do the work at this time. Upon the suggestion of Councilman Zimmerman the matter will be given more consideration by council before it is acted upon.  
A communication from the Civic Club said that this organization was considering asking the owners of unoccupied land in various parts of the borough to allow this land to be used for gardening purposes by people who are in straitened circumstances. The Council provided for the tilling of this land and place upon it refuse from the stables of the fire companies as fertilizer. A motion was passed to give the fertilizing material but no provision was made for its hauling or for the plowing required.  
Borough Auditors Bechtold, Seal and Nace in submitting their annual report made several recommendations for changes in the systems of handling some borough affairs.  
The report of the auditors showed a balance in the borough treasury January 1, 1915, of \$43,685.61. The receipts for last year were \$198,290.15 and the expenditures amounted to \$154,604.54.  
The ordinance committee was last night authorized to have an ordinance drawn up for the paving of Swatara street, between Second and Sixth streets and Elm Street, between Front and Second streets.  
The ordinance providing for the changes in the streets lighting system was passed on second reading.  
Councilman Sellers reported that it would cost \$300 to install an additional fire alarm whistle on the pumping station in the West Side. No action was taken on this matter.  
A representative of a street sweeper manufacturing concern presented a proposition to Council for the purchase of one or two sweepers. The matter was placed in the hands of the Highway committee.

### SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's Recipe to Bring Back Color, Thickness and Lustre—Everybody is Using It Again

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.  
Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

Standard Theatre's Offerings  
An appealing feature of the splendid program announced by the Standard Theatre on this page, is the high-class comedy which will be very much in evidence this evening. A good, hearty laugh for each minute, while the reels are in operation, will be about expressing it.—Adv.

FEBRUARY RELIEF WORK  
\$225 Spent by Associated Charities Last Month  
It required \$225 to carry on the work of the Associated Charities dur-

ing February, according to a report made at the regular meeting held last evening. This amount was expended in the purchase of 84 orders for coal, 90 orders for groceries, 32 pairs of new shoes and three pairs of spectacles.  
During the month forty requests for aid were investigated by the committee's agent and four men were provided with employment. During the month one man was provided with a pair of shoes and sent to Pottstown, where he said he could get work.  
On April 6, Steelton Lodge, No. 411 Knights of Pythias will present an entertainment in the High school auditorium and will turn the proceeds of the show over to the Associated Charities. The entertainment will be given by local people and details for it will be arranged by a committee from the lodge and a committee appointed last night consisting of H. C. Wright, W. H. Nel and Howard Galaher.

### ENTERTAINED FOR DAUGHTER

Mrs. Salome Neidinger Was Hostess to Children  
A number of children were entertained Saturday afternoon by Mrs. Salome Neidinger at her home, Penn street, Highspire, in honor of the seventh birthday of her daughter, Esther. Music and indoor games served to entertain and refreshments were served to the following persons:  
Mary Hahn, Helen Mathias, Miriam Mathias, Mary Gallagher, Minerva Leedy, Clara Leedy, Alfretha Martin, Elizabeth Martin, Viola Neidinger, Esther Neidinger, Charles Leedy, Harvey Nitteraur and James Gallagher. Miss Esther received a number of very pretty little gifts and after wishing her many more happy birthdays, the guests returned to their homes.

### IMPROVEMENTS AGITATED

Aid From State Sought to Make Mohn Street Safe to Travel  
The annual spring agitation for the improvement of Mohn street beyond the borough limits has again been started and the probabilities are that this year it will be continued until some relief is obtained. A public meeting was held last week which was attended by the township commissioners and the following committee was appointed to have papers prepared so that an application could be made for a State aid highway from the borough limits of Steelton where the State road ends on Mohn street, a distance not much over one-half mile. This road is the most traveled between Steelton and Oberlin and is reported to be badly in need of repairs.

### BRITISH LOST 400 MEN IN THE PERSIAN GULF BATTLE

Amsterdam, March 9, via London, 2.16 P. M.—An official statement from the Turkish war ministry, as received here today from Constantinople, says the British lost four hundred men in the recent battle at the head of the Persian Gulf. The statement follows:  
"Three battalions of British infantry, with two quick-firing field guns, two mountain guns, one machine gun section and one squadron of cavalry, attempted on March 3 to attack our positions in the region of Ahwaso (in Khashistan). After a counter-attack by our troops the British fell in disorder to their ships leaving four hundred dead and wounded. Among the dead were one British major and four other officers. We captured three guns, 500 rifles, 200 horses and a great quantity of Red Cross Material. Our losses were insignificant."

### ITALY UPON EVE OF GREAT AND DECISIVE EVENTS, IS BELIEF

Rome, Monday, March 8, 8.10 P. M., Via Paris, March 9, 11.40 A. M.—Premier Salandra, after his visit Sunday to Gaeta to inaugurate a new military harbor, a journey during which a very considerable degree of national feeling was manifested, had a long interview with Foreign Minister Sonnino today. To-night the council of ministers were in session. These facts, together with other indications, lead to the widespread belief that Italy today is upon the eve of great and decisive events.  
One of the premier's remarks at Gaeta is attracting considerable attention. Referring to the kind of broad bread allowed in Italy after March 22, Signor Salandra said: "This is a noble bread. Our soldiers will be the first to be sacrificed, and Italians will see the destiny of their country accomplished."

### FRUSTRATE ATTEMPTS TO ESCAPE

Petrograd, March 8, Via London, March 9, 3.11 A. M.—The Russians have frustrated several attempts by German officer prisoners to escape from Amur into China, disguised as Chinese.  
Jeremiah Minnick Dies at Hospital  
Jeremiah Minnick, aged 78 years, Peffer and Canal streets, died this morning at 7.05 o'clock at the Harrisburg hospital from a complication of diseases. Mr. Minnick was admitted to the hospital March 2.

### BILL ABOLISHES THE AGRICULTURAL DEPT.

Governor Brumbaugh's agriculture bill, abolishing the State Department of Agriculture and recreating it under a commission of seven members, five of whom shall be farmers, was introduced in the House this morning by Representative Wittaker, of Chester. This measure has the backing of the State Board of Agriculture and its provisions were known throughout the State before its introduction.  
The commissioners, it is proposed, shall serve for annual salaries of \$1,500. The Secretary of Agriculture, under the commission, shall receive an annual salary of \$5,000.  
Among the bills passed finally in the House this morning were that requiring all public printing and processes used in doing such printing to be done within the territorial limits of this Commonwealth, and that prohibiting the sending aloft of balloons carrying fire.  
The Evans bill requiring saloons to close at 11 o'clock and remain closed until 8 o'clock the following morning came up on second reading and was not called up.  
Mr. Bungard, Westmoreland, introduced a "white slave" bill. It permits policemen, sheriffs or constables, who have reason to suspect that a female is being detained in any building or room, contrary to the provisions of the anti-pandering act, to enter the building and arrest the woman and any persons violating the act. The character of the

# TRIXIE FRIGANZA FULL OF FUN AND ORIGINALITY

Helen Grayce, Also at Orpheum, Appears in Clever Comedy—Queer Musician Plays All Sorts of Instruments Without Their Aid

Trixie Friganza, one of those persons who believe that formalities may as well be dispensed with on stage and that the first object of an entertainer should be to get well acquainted with the audience, is the big attraction on this week's Orpheum bill. She is funny, a pleasing singer and a graceful stepper, and in all her endeavors original. She talks fast in her monologue parts and gives her hearers little opportunity to applaud some of the really clever phrases, but her disinclination to wait until her jokes sink in before trying additional ones serves to keep her listeners on the alert. Her open exhibition of strength, in the handling of her partner in the first dance, are not so surprising in view of her size, as are her activities behind the scenes as a lightning change artist, which, by the way, go to prove that feathers make the bird.  
Helen Grayce, in a comedy, "Bill 999," is again calling forth the admiration of theatergoers in this city. The plot, by Una Clayton, is itself clever, and the acting of Miss Grayce makes the presentation one of the most pleasing of its kind that has been at the Orpheum in recent weeks. Although equal suffrage is the theme of the act, there is no preaching one way or the other, and either a suffragette or an "anti" can see Miss Grayce and keep her composure without difficulty.  
Robbins, the musician, proves to be no musician at all, but a very versatile and eccentric imitator of musical and unmusical instruments. Much of the fun in his act depends upon his mere adjustments of things which he takes from spacious pockets. He is a veritable "Herr Omnia," carrying with him all his immediate necessities and making odd use of them when he reveals them.  
Watson's animal act—having to do with dogs and roosters, not with beef—comprises some tricks that are not usually taught performing animals. Comfort and King, in a "legal satire," have a number of rather weak jokes and the former does decidedly too much laughing at his own act, but the acting is good, even above the average forcoon songs.

### HOUSE APPROVES TREASURER BILL

Continued From First Page.  
missioners, Messrs. Maurer and Sarig, of Berks, and Messrs. Garner and Sones, of Schuylkill, being among those taking part. Mr. Ramsey said commission government was forced on third class cities by advocates and that now they are against it. He pleaded for a trial for two more years of the Clark Act and said that if it has not proved satisfactory by then to wipe it out.  
After the roll call was finished a score of members made sure they had been recorded correctly in the voting.  
Salary to Be Fixed by City  
The bill provides that the voters of the cities of the third class shall elect at the last municipal election preceding the expiration of the term of the City Treasurer, a treasurer who shall serve for four years from the first day of January next succeeding his election, except in the case of the treasurer whose term expires on the first Monday in December this year. The successor shall take office at that time.  
The term of City Treasurer O. M. Copelin, of Harrisburg, expires this year. The bill specifies that the salary of the treasurer shall be fixed by city ordinance.

### PROPOSES \$100,000 MONUMENT HERE TO THE PUBLIC SCHOOLS

Snyder, Schuylkill, introduced today a bill appropriating \$100,000 for a memorial in the Capitol grounds at Harrisburg to commemorate the founding of the public school system. The bill creates a commission composed of Congressman W. N. Griest, Lancaster; R. Bruce Ricketts, Wilkes-Barre; John A. Schoonmaker, of Pittsburgh; R. W. Woods, Carlisle, and O. C. Boshoff, Philadelphia, with three to be appointed by the Governor, to carry out the purposes of the measure.  
Other bills introduced today in the Senate are:  
Buckman—Fixing the third Tuesday of March in each year to be known as "Bird Day" to be observed in the public schools; also making the open season for the taking of bullfrogs and tadpoles from July 1 to October 1.  
Clark—Repealing the cold storage law of 1913.  
Tompkins—For the appointment of a county solicitor in counties of less than 150,000 inhabitants.  
Dais—For the appointment by the State Highway Commissioner of a register of motor vehicles in first and second class cities and requiring all motor vehicles to be registered.  
Kinney—Giving a mother the same right to dispose of the custody of a minor child as is held by the father; also giving the mother the right to appoint guardians for children.  
Hoke—Providing for the printing separately of the general and appropriation laws.  
Phipps—Fixing the compensation of witnesses in civil and criminal cases before justices at \$1 a day.  
Hilton—Appropriating \$20,600 to the Kane Summit hospital.
