To-morrow Afternoon Local Pedagogues Will Conclude Meeting Commenced in High School Room Last Evening

A record attendance at the last of the series of General Teachers' meetings of the borough, held last evening in the local high school room was reported, the audience consisting of teachers, scholars, members of the school board and visitors, most of whom were attracted by the splendid program announced for the event. Harclero, supervisor of music, rendered a number of pleasing selections. Two foreign boys, John Lang and Adam Boelcker, rendered two pleasing numbers, the former played "Crimson Blues," a high class violin selection, while Boelcker sang "Stille Naecht," a German song. THIS BILL WOULD REIMBURSE VOTER

Provides \$3 Poll Tax With Rebate of \$1 Each Time a Man Casts His Ballot

TO CUT HOUSE MEMBERSHIP

Reapportionment Measure Introduced To-day Would Reduce the Size of the Representations From Cumberland and Lancaster Counties

Pennsylvania voters will be taxed \$3 a year if the poll tax introduced in the House this morning by Representative Daniel J. Snyder, of Westmoreland county, becomes a law.

The Snyder bill also has a rebate feature which practically amounts to paying the voter for casting his ballot at the primary and general elections. Under the provisions of the bill when an elector votes at a primary or at a general or municipal election he shall receive from the judge of election a certificate indicating that he has voted and the elector will receive credit for one dollar in payment of the poll tax of three dollars imposed. This provision would reimburse the voter for two dollars of the three imposed—one at the primary and one at the general election.

One dollar of the tax is payable when other county taxes are paid and the remaining two dollars before December 15. The money derived from the tax is to be used for county purposes and the penalty for non-payment is imprisonment in the county jail to continue until the tax is paid.

To Reduce Number of Members

The representation in the House would be reduced from 207 to 205 members through a bill introduced by Representative Wood, of Indiana county, which provides for a general reapportionment of legislative districts. Cumberland county's representation is cut from two to one member while Lancaster county is reduced from five to four members. Dauphin's apportionment of four members remains.

The following counties lost one member: Clearfield, Venango, Bradford, McKean, Tioga, Lancaster and Philadelphia.

Gains of one member are made by several counties, including Indiana, Westmoreland, Washington, Allegheny and Cambria counties.

The bill fixing a method of adjusting boundary lines of municipalities and townships was defeated when called for final passage by a vote of 105 to 39, and several bills were passed on taken until 4:30 o'clock this afternoon.

Bills Introduced To-day

Altoona.—Appropriating \$73,500 to Dubois Hospital; Appropriating \$209,000 to liquidate mortgages assumed in State purchase of normal schools. Wylie, Allegheny.—Authorizing counties to appropriate money for maintenance of indigent residents in hospitals or sanatoria.

SINGERS IN LEGISLATURE PRACTICE FOR ST. PATRICK

Lieutenant Governor McClain in Charge of the Vocalists Who Will Make Things Lively Next Tuesday Evening

Great preparations are being made in both the Senate and House to furnish good vocal music for the dinner of the Friendly Sons of St. Patrick, to be held in the Board of Trade on March 16. Last night the vocalists of both branches met in the Senate caucus room for practice and under the leadership of Lieutenant Governor Frank B. McClain, as choromaster, they ran over all of the popular ditties of the day, not forgetting "Tipperary," "Tulip and Rose," "Back to Caroline," and many rag time songs. The leader sang "Sweet Marie," as only he can warble it, and the class sang with him. The page boys of the Senate and

IT RUINS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

House have organized separate glee clubs and to-day the Senate pages sent a challenge to the House pages to engage in a vocal contest at the St. Patrick dinner for a silver cup. The House pages are expected to accept it, so that a real treat is in store for the guests at the dinner.

Lieutenant Governor McClain, who is the president of the society, will preside having decided not to go with the gubernatorial party to Norfolk to witness the launching of the battleship Pennsylvania, preferring to remain here "with the boys," as he explained it. The following committee has charge of the dinner:

Lieutenant Governor Frank B. McClain, chairman; Thomas J. Walker, secretary; L. R. Goshorn, president of the Legislative Correspondents' Association.

On Behalf of the Senate—President Charles H. Kline, Allegheny; William E. Crow, Fayette; Joseph H. Thompson, Beaver; James P. McNichol, Philadelphia; Charles J. Magee, Allegheny; Edwin H. Vane, Philadelphia; William M. Lynch, Lackawanna; W. Wayne Hindman, Clarion.

On Behalf of the House of Representatives—Speaker Charles A. Ambler, Montgomery; James P. Woodward, Allegheny; Charles J. Roney, Philadelphia; John M. Flynn, Elk; James J. Hefferman, Philadelphia; Frederick C. Ehrhardt, Lackawanna; Henry L. Wilson, Jefferson; William L. Adams, Luzerne.

On Behalf of the Legislative Correspondents' Association—George J. Brennan, Philadelphia "Inquirer;" Roswell Phillips Seranton "Daily News;" John R. Bell, Pittsburgh "Post;" George F. Holmes, Philadelphia "North American;" Thomas J. Walker, Philadelphia "Public Ledger;" Walter J. Christy, Pittsburgh "Gazette-Times;" and Charles G. Miller, Harrisburg "Patriot."

COURT HOUSE

SOME WILL LOSE BOUNTY

Magistrates' Errors Deprive a Number of Hunters From Rewards on Noxious Animals

Because of technical errors, due it is said to faulty preparation of affidavits by the aldermen and justices, a large number of the claimants who sent bills to the Dauphin County Commissioners for bounties for killing noxious birds and animals will not be allowed. Something like seventy-two claims for approximately \$200 were settled by the Commissioners this morning while a score or more others were put in the class of "payment refused."

In those cases where the claims will not be paid the alderman or justice who made affidavit that he destroyed "the particular bird or animal for which the bounty is sought" neglected to set out the name of a disinterested elector who it is required shall witness the burning or mutilation of the pelt. The magistrates certified to those facts in all of the cases but they submitted as a witness the name of the person who is seeking the bounty. That is considered by County Solicitor Ott, to be a failure to come within the requirements of the laws, and if the claim is paid by the county, it will be in danger of not getting reimbursement from the State.

KENNEDY FAVORS REPEALER

Tells of Sentiment Against Full Crew Law in Cumberland Valley

President M. C. Kennedy, of the Cumberland Valley railroad, to-day gave the following statement in regard to the position for the repeal of the full crew bill: "In the State of Pennsylvania the Cumberland Valley Railroad Company employs exclusively of those directly engaged in train and yard service, 1,146 persons. After making the necessary allowance for employees under age and foreigners, 1,018 have signed this petition, being practically one hundred per cent."

"In addition to these employees, 6,031 citizens of Franklin and Cumberland counties have so far signed the petitions circulated in the interest of the Cumberland Valley railroad. With the similar petitions signed in other parts of the valley through the efforts of those interested in the Pennsylvania, Philadelphia & Reading and Western Maryland companies, it is expected that over 50 per cent of the entire voting strength of Cumberland and Franklin counties will have signed these requests for the repeal of this full crew bill.

"The Cumberland Valley railroad has never hesitated to spend money to provide all necessary improvements and appliances to safeguard the lives of its passengers, employees and of the public, and can be relied upon always to man its trains with the necessary number of employees."

How Thin People Can Get Fat

Increase in Weight Ten Pounds or More

A Physician's Advice

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by G. A. Gorgas and other good druggists everywhere and every package will present a guarantee of weight increase or money back.

Caution:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.—Adv.

PICTURES GIVE GERMAN SIDE

Films Taken at the Front to Be Shown Two Days at Majestic

In what is declared to surpass all previous attempts at depicting the German side of the big European war, the New York Star-Zeitung, a leading German newspaper, will present several reels of war film at the Majestic Theatre Thursday and Friday, giving vivid and realistic pictures of the conditions as they now exist in the foreign theatre of war. By Governmental permission the newspaper was able to obtain intimate views of the activity among German ranks, catching some of them in actual fighting.

Soldiers will be shown in the trenches and on the battlefield engaged in combating the enemy. The heavy German artillery will be shown in action, and many phases of the war that have hitherto been closed to Americans except for printed description will be placed on the screen so that Harrisburgers can see with their own eyes just what the hardships are that the soldiers have to endure to fight for their country. The pictures will be shown twice each afternoon and twice each evening.—Adv.
