1916 OLYMPIC GAMES TO BE HELD IN THIS COUNTRY

International Committee Cancels Franchise Granted to Berlin—A. A. U. and U. S. Committee to Name City Which Will Get Biggest Meet

Paris, March 10.—The Olympic games of 1916 will be held in the United States, instead of in Berlin. This decision has been reached at a special meeting of the International Olympic Committee in Lyons.

The decision is, in effect, a reply to the German suggestion that the games be held in Berlin as planned, neutral athletes only competing. In canceling the franchise granted to the German organization, the International Committee agreed to give a free hand to the American Olympic Committee and to the Amateur Athletic Union in selecting the city where the games shall be held.

held, but made the proviso that the program must include all the events voted in the Olympic Congress held in Paris in 1913. No event must be added.

The International Committee has decreed that the games will not count as regular and the records made will not be described as Olympic records.

Berlin Was Ready for the Games The cancellation of the Berlin franchise to hold the Olympic games in 1916 will be peculiarly humiliating to the German capital, since as early as the summer of 1913 the German committee had not only worked out all plans for the games, but had completed the superb stadium, one of the most magnificent ever devised, with all its approaches and accessories, with inns and restaurants, while the city of Berlin had extended its subway system and had enlarged the suburban railroad accommodations in the way of station and trackage to accommodate the expected rush of visitors.

O'Day After Umpire Job Chicago, March 10.—Hank O'Day, for years a National League umpire, who tried his hand as a team manager at Cincinnati in 1912 and with the Cubs last year, made formal application for a position on the American League's umpire staff for 1915.
