Pure Water As a Beverage

This is the season of the year when were the purest water that we are able to get from spring, lake, well or reser-voir is impure. Melting snow and ice, argring rains and surface drainage all do a little toward polluting our drink-ing water. Ing water. We know that water never is entirely pure because it contains magnesia, salt, lime and other minerals, but these im-purities are healthful. It is the con-tamination of sewage and other vile things that we fear, and filtering does not remove or destroy deady typhus and other germs. The only safe thing to do is to boil all drinking water for a few weeks. Boiled water is not pleasant to the taste for the properties that have made it bright and sparkling are lost in the process and a flat, unpleasant taste re-suits. The consul general saw before him an exquisite, as the ancient phrase goes, backed by no indifferent breed of manhood. He believed that here was a brief respite (as between acts) in which the little hypocrisies could be laid aside. The pleasant smile on his high-bred face was all his own. "Is there any reason why you should defend Mr. Warrington, as he calls himself?"

The consul general's wife desperatetried to catch her husband's eye But either he did not see the glance or he purposely ignored it.

"In defending Mr. Warrington I am defending myself. My dear friend," Elsa went on, letting warmth come into her voice once more, "my sym-pathy went out to that man. He looked so lonely. Did you notice his eyes? Can a man look at you the way does and be bad?"
