## Every Woman Can Enjoy a Shorter Day's Work By Purchasing a Hastings' Kitchen Cabinet Through Our HASTINGS' KITCHEN CABINET CLUB

There is no need to worry along in a kitchen that is all in a jumble, because there is not enough room, or because things are scattered about.

Pay \$1.00 Down and \$1.00 Weekly

And secure a Hastings' Cabinet—the cabinet that surpasses all others in handiness, materials, construction and finish.

The good of any kitchen cabinet is the work it saves a woman, and the cabinet that saves most is the best cabinet. We claim the Hastings to be the best cabinet made, and prove it two ways. First, the Hastings is an evolution. It was not made complete in a day, or in a year, but it grew year after year, feature by feature. Each new device grew out of some need of the housewife, and no feature was added till it was tested and proved a saver. The Hastings is the result of years of study of kitchen work and tests to find out the most efficient labor saving devices.

Final proof of the Hastings superiority is that its features have been widely copied; practically everything on any other cabinet can be traced back to the Hastings. But the imitations have always been poor makeshifts, and a year or so later, when the Hastings was devising still newer features. Moreover, many of the best features have been protected by patents, and to-day are on the Hastings alone.

The Hastings slogan is a Shorter Day's Work. Ask for particulars and demonstration.
