The Austrian fortress at Przemysl, The Austrian fortress at Przemysl, in Galicia, has been described as one of the strongest positions held by the troops of the dual monarchy. It has been besieged since the early weeks of the war and never for a moment has the Russian cordon been relaxed. The Austrians have made various attempts to relieve the garrison, the latest having been conducted last week. Aeroplanes have been a great help to the garrison. They have kept the fortress in communication with Austrian bases when no other method was possible and they even have taken in supplies when no other method was possible and they even have taken in supplies

BELGIAN DEFENDER OF LIEGE REFUSES TO ACCEPT LIBERTY

R. F. D. No. 2, Stewartstown, Pa.—"My hands would break out in small pimples and the itching and burning were terrible. The pimples were red and inflamed and when I scratched them it caused the eczema to spread. I had to give up washing as I could not put my hands in water and I could not aleep at night. It was also on my limbs so I could not dress and go away without being in torment. My clothing irritated the eczema. Later my hands got scaly and when scratched off would bleed. My hands looked awful they were so unsightly.

"A friend asked me if I had tried Cuticura Soap and Ointment. I had tried other remedies but they did me no good so I sent for the free sample of Cuticura Soap and Ointment. Before I had used the samples they gave me great relief and I then bought a full-sized cake of Cuticura Soap and box of Cuticura Ointment and after using them I was entirely healed."
