The Return of Common Sense

Experience, scientific management and conditions govern the operation of all railroad trains. No arbitrary rule can ever be substituted for common sense, the sum of these factors.

When the Full Crew—"excess man crew"—Law, which arbitrarily fixes a minimum number of men for all train crews, attempts to take the place of common sense this is the result:

One limited passenger train of seven cars is forced to carry a crew of eleven men, not counting the five in the diner.

The Metropolitan Limited of nine cars has fourteen men in the crew and ten in the diner.

The railroads are yearly forced to waste $2,000,000 in wages for such superfluous men.

But when experience, scientific management and conditions dictate, the railroads do not hesitate to man trains in excess of the number set by the Full Crew Law. Every day 480 freight trains in New Jersey and Pennsylvania are carrying more men than the law requires.

For example, one Lehigh Valley Railroad local freight train of about 15 cars is given a crew of seven men—the law requires only five—because there is work to be done.

Anxious to speed the return of common sense in train manning, the railroads favor giving the Public Service Commissioners full power over the manning of trains without any restriction as to the minimum or maximum number of men. This will do all that the Full Crew Law was intended to do, and will, in addition, broaden the power in the public's hands.

TELLS OF WAR IN GERMANY

Commissioner of Labor John P. Jackson Describes Thrilling Scenes

"What I Saw In Germany at the Outbreak of the War," was the subject of a lecture by Commissioner John Price Jackson, of the State Department of Labor and Industry, at the Market Square Presbyterian church, last night.

Mr. Jackson told how his daughter was arrested by German soldiers when in the act of photographing a scaffold. He also described the architectual wonders of Germany, and said it was the purpose of bringing home a picture of a German building and scaffold that induced his daughter to photograph one of the structures.

Following the address Shirley Watts gave a talk on "The Telephone Girl."

Advocate of Rural Mail Delivery

Jackson, Mich. March 19.—James O'Donnell, a member of the House of Representatives from 1884 to 1892, died at his home here. He was born in Connecticut 73 years ago. Mr. O'Donnell was one of the earilest advocates in Congress of rural free delivery of mail. For many years he was editor of the Jackson "Citizen."

Dies in His 101st Year

Brookville, Pa., March 19.—Jacob Beers, the oldest man in Jefferson county, is dead at his home near here. Mr. Beers celebrated his 100th birthday anniversary on the 24th of last November. He was one of the early settlers of Jefferson county and was the father of five children. Two of his sons are Civil war veterans.

LARGEST INDEMNITY POLICY

Covers 17 Car Loads of Autos and Issued By Aetna Offices Here

The largest indemnity policy, covering seventeen car loads of autos, ever written, was lately issued from the Aetna offices in the Union Trust Company building in this city. William S. Essick, general agent and also adjuster, has display exhibits at both automobile shows this week. The growth of the insurance business with Mr. Essick has been constant and has reached a stage which compels him to add another room to his suite of offices.

It is the largest agency outside of Philadelphia and Pittsburgh in Pennsylvania. The work of adjustment and payment of claims, which have been many and for large amounts, is a strong indication of the popularity and strength of the company of which Mr. Essick is general agent. The management has recently added to the office force one more clerk and also a dictaphone. Another clerk will also be engaged as soon as the new and additional office room is ready for occupancy.

FUNERAL CAR TANGO TROLLEY

Traffic to Cemeteries Poor, So Now For Dancing Parties Awheel!

Atlantic City, N. J., March 19.—The Atlantic City and Shore Fast Line six months ago went to considerable expense to have a finely equipped trolley car twice the size of the ordinary cars, constructed to carry funeral parties to the cemeteries on the mainland. At the end of the six months they found the car a dead loss.

Work was started yesterday morning to make it pay. It will be tansformed into a "tango car." The central seats will be removed a maple floor will be put down and waxed, and then the car will be put in special service to carry parties to the country clubs on the main line. They may tango over and tango back.

"There's more than one way of making ends meet," said the officials.

COUNTERFEIT $5 GOLD COINS

Gang Supposed to Making Bogus Money in Vicinity of Lebanon

Lebanon, March 19.—The belief that a band of counterfeiters and "coin sweaters" are at work in this part of the State grows stronger following the receipt of "doctored" $5 gold pieces and counterfeits by merchants in this vicinity. No counterfeits have been passed in this city proper, however.

The spurious half eagles resemble nickels that were gold-plated. They are not as heavy as the genuine but the imitation is said to be excellent. This practice had not been complained of in the east, except in a few instances, and as merchants have a new one to watch for in the sweated coin they are cautioned to pay particular attention to the weight of gold pieces submitted to them.

Captain Killed on Drydocked Liner

A WANDERER ON THE OCEAN

Nathan Cohen, an Undesirable Alien, Travels 33,740 Miles on One Forty-five Dollar Ticket

By Associated Press.

New York, March 19.—Excluded from America, rejected by Brazil and due apparently to travel the ocean as a guest of the Lamport and Holt Line steamers until the United States immigration authorities concede that he has recovered his mental equilibrium, Nathan Cohen is in New York again today after having completed two round trips from New York to Buenos Aires. Since last May Cohen has been a wanderer on the face of the ocean.

His case is an odd one in the annals of deported immigrants. Asserting that Brazil was his native country he first arrived in New York in May, 1912, and went to Virginia to set up a little store with a relative. His sanity was questioned and the immigration officials ordered his deportation to Rio Janeiro, whence he came. He was first shipped south last May, but Brazil rejected him and he was carried on to Buenos Aires and thence back to New York. Efforts to land him here were futile and again he made the round trip to Buenos Aires, returning yesterday on board the steamship Vasari. In all he has traveled 33,740 miles on one $45 ticket.

It is now asserted that his mental balance has been restored and an effort is again to be made to land him here. If it fails he must start south again on March 27.

SWAB UNABLE TO GET IN JAIL

Former Northumberland County Official Waiting to Start Sentence

(Special to the Star-Independent.)

Sunbury, Pa., March 19.—Mark L. Swab, convicted of complicity in the embezzlement of $19,422.38, while he was deputy to William M. Lloyd, Northumberland county treasurer, during 1909-1911, and who failed to gain a new trial last week, gave himself up to the warden of the Northumberland county jail yesterday, but could not be received, as the High Court's order had not officially come to the attention of the county court.

Meanwhile Swab is here awaiting a chance to go to jail, he says.

WHITE SLAVE LAW UPHELD

Interpretations Applying It to Caminetti Escapade Affirmed

San Francisco, March 19.—The convictions of F. Drew Caminetti and Maurice I. Diggs, under the Mann white slave act were affirmed yesterday by the United States circuit court of appeals. The opinion was delivered by President Judge Gilbert and was concurred in by Judge Wolverton. Judge Erskine M. Ross dissented.

Diggs and Caminetti were tried and convicted before District Judge William C. Van Fleet, in 1913, for the transportation of Lola Norris and Marsha Warrington from Sacramento to Reno, Nev., for immoral purposes. Diggs was sentenced to imprisonment on McNeil Island for two years and fined $2,000. Caminetti was sentenced to 18 months' imprisonment and was fined $1,500. The case was taken to the higher court on a writ of error.

The opinion handed down yesterday holds that the prosecution had a right to comment upon the fact that Diggs was silent upon the movements of the four principals after they left Sacramento, and that it was proper for the jury to consider this silence as an indication of guilt or innocence. Judge Ross dissenting opinion expresses the opposite view.

Actress Who Shot Herself Is Dead

Ruskin's Political Views

Ruskin was once a candidate for the rectorship of Glasgow University and flew into a rage when asked by a deputation of the students whether his political sympathies lay with Beaconsfield or with Gladstone. "What in the devil's name," he exclaimed, "have you to do with either Disraeli or Gladstone? You are students at the university and have no more business with politics than you have with rat catching. Had you ever read the words of mine with understanding you would have known that I care no more either for Mr. Disraeli or Mr. Gladstone than for two old bagpipes with the drones going by steam, but that I hate all Liberalism as I do Beezlebub, and that with Carlyle I stand—we two alone in England—for God and the Queen."—London Express.

INDIAN'S PURSUERS RECALLED

Federal Deputies Ordered to Cease Hunt for Piute, Wanted for Murder

By Associated Press.

Denver, Col., March 19.—The posse of Federal deputies under United States Marshal Nebeker at Bluff, Utah, which for more than a month has been attempting to arrest Tse-Ne-Gat, a Piute Indian, wanted by the Federal authorities on a charge of murder, has been ordered home, according to a dispatch from Bluff last night.

"Old Polk," father of Tse-Ne-Gat, and a large party of renegade Indians have for several weeks been aiding the fugitive in resisting arrest. No reference is made in the dispatch to the activities or present whereabouts of General Scott, chief of staff of the army, who arrived in the Bluff district recently to attempt to pacify the recalcitrant Piutes.

According to the dispatch, the Piutes are believed to have encamped in the foothills of the Navajo mountains, on the Arizona-Utah border.

Don't Be Fussy About Eating

Your Stomach Will Digest Any Kind of Food When Given the Proper Assistance

We are prone to fall into the error of singling out some article of food and soundly berating the fiend who first invented the dish. The habit grows with some people till almost all food is put on the blacklist. This is all wrong. What is required is a little assistance with those agencies upon which scientific students for many years have set their seal of approval because they have become absolute facts. Stuart's Dyspepsia Tablets for all stomach disorders are recognized; they have a fine record, they are rated reliable, dependable and worthy of confidence just as the president of a big bank puts his O. K. on a depositor's check. And so you can eat what you want, whatever you like, knowing well that should indigestion, sour risings, gas formations, fermentations or any other stomach distress arise, Stuart's Dyspepsia Tablets in a few moments will put you right.

Coated tongue, bad breath, heartburn, belching, flatulency, bloat—all the symptoms of digestive troubles disappear quickly when these tablets are used. They are not a cure for anything but dyspepsia and kindred complaints. But they have brought relief to more sufferers from digestive diseases than all the patent medicines and doctor's prescriptions put together.

The stomach does the heaviest work of any of the bodily organs, yet it's the one we treat with the least regard. We eat too much of the wrong kind of food at any time. The patient stomach stands such treatment as long as it can and then it rebels. You get notice of the rebellion in the shape of the gases and pains caused by undigested, fermenting food.

Stuart's Dyspepsia Tablets are sold and recommended by all druggists at 50c a box.

STEEL HARD HIT IN 1914

U. S. Corporation's Annual Report Shows Big Drop in Finances

New York, March 19.—The annual report of the United States Steel Corporation for 1914, issued yesterday, offers proof of the depression in the steel industry during that year.

Earnings of $81,746,518 show a decrease of $65,421,000, compared with 1913, while the net income of $46,520,408 indicated a decrease of $58,800,284.

Net income for 1914 shows a deficit of $16,971,984, against surplus of $30,582,184 the previous year.

The corporation's expenditures of $45,372,594 for maintenance, repairs and extraordinary replacements were $14,570,376, or 24.31 per cent., under the previous year.

In 1914 the corporation mined only 17,034,981 tons of iron ore, against 28,738,451 tons in 1913, and its total production of rolled and other finished steel products for sale fell off 3,360,326 tons to 9,014,512 tons.

Chairman Gary stated that, because of the uncertain conditions in the trade and for the additional reason that a large number of employes had been laid off, the corporation decided not to offer employes the usual annual privilege of subscribing for stock under the plan observed during the preceding years. About 40,700 employes are among the corporation's shareholders at this time.

BIRDS EAT PEACH BUDS

South Jersey Farmers Find New Enemy in the Orchards

Egg Harbor, N. J., March 19.—Farmers in this vicinity are agitated over the appearance of a small reddish brown bird, about the size of a sparrow, which is devouring the fruit buds from the trees in the large peach orchards of Charles F. Stucket.

An employe of the Stucket farm yesterday shot several of the birds, and they were sent to the State agricultural experiment station at New Brunswick in order to discover whether they are protected by law.

LITTLE WHEAT IN CHICAGO

City Has Half of Nation's Visible Supply of Corn

Chicago, March 19.—Only 66,000 bushels of wheat remain in the public elevators of Chicago; private houses have 1,038,000 bushels, and there are 100,000 bushels stored in boats. The total is 1,204,000 bushels, the smallest amount held here at this season in many years. A year ago there were 6,249,000 bushels.

Public elevators have 6,004,000 bushels of corn, there are 6,939,000 bushels in private houses and 4,515,000 bushels of corn stored in Chicago, nearly one-half of the visible supply in the United States.

CAPTAIN F. B. SHUNK DIES

Veteran of Mexican and Civil Wars Succumbs at 90 Years of Age

Phoenixville, Pa., March 19.—Captain Frederick B. Shunk, 90 years old, a veteran of both Mexican and Civil wars, former Councilman and school Director and superintendent of the Phoenix Iron Works, died yesterday at his home, 122 Washington avenue. He had been in bed for more than a year, suffering with a broken hip. Captain Shunk was a nephew of Ex-Governor Shunk, of Pennsylvania. A sister, Susan Shunk, 94 years, of Paoli; five children, eleven grandchildren and ten great-grandchildren survive him.

He was commissioned captain of Company I, 129th regiment, Pennsylvania volunteers, during the Civil war, serving at Antietam, Fredericksburg and Chancellorsville with the Fifth corps, Army of the Potomac. He was wounded at Sharpsburg. After the Mexican war he joined the naval forces and was on the famous cruise to the Mediterranean when an American man-of-war assisted in the escape of the Hungarian patriot, Louis Kossuth, who had been interned in Turkey by his successors.

FRENCH COMMISSIONERS TO FAIR

Here is shown Albert Tirman, Commissioner General of the French government to the Panama Exposition, and Jean Guiffrey, Commissioner of Beaux Arts from France to the fair, together with William Francklyn Paris, of New York city, secretary of the Institut Francais aux Etats Unis. This is not the first time these French officials have been in the United States. They were here in July for a short time, making arrangements for the French exhibit. At that time Mr. Tirman returned direct to France, but Mr. Guiffrey went on to Japan, where he was at the time war was declared. "I am sure the exposition will be one of the finest ever given," said Mr. Tirman. "France has acknowledged its importance by setting aside, busy as she is at the present time, specimens of her best products in arts and manufacture and sending them over to America in competition." The French officials were enthusiastic over the sympathy for the cause of the Allies displayed in the United States.

IF KIDNEYS AND BLADDER BOTHER

Take a Glass of Salts to Flush Out Your Kidneys and Neutralize Irritating Acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

Lasting Benefit From Duffy's

MISS MAE RODGERS

This lady suffered a long time from Bronchitis with no relief. She finally used Duffy's with great success. Several years ago she wrote as follows:

"For some time I was a sufferer from bronchitis and spent a great deal of money doctoring, until I heard through a friend of the wonderful merits of Duffy's Pure Malt Whiskey. Early in the fall I began taking it and since have been entirely free from the bronchial attack. I consider it my duty to thank you but have not enough words to say in praise of this wonderful Pure Malt Whiskey as a medicine that is good for everyone."—Miss Mae Rodgers.

To-day she is well and strong with no return of bronchial trouble, as her recent letter proves: "My health is perfect. Am entirely cured of bronchial trouble, but still continue to use Duffy's Pure Malt Whiskey as a tonic, and I recommend it to all my friends."—Miss Mae H. Rodgers, 202 S. Grove St., E. Orange, N. J.

Duffy's Pure Malt Whiskey

is a life-sustaining agent in cases of emergency which no family medicine chest should lack. It is an absolutely pure distillation of clean, selected grain, carefully malted and so processed as to remove, as far as possible, all injurious elements. By its salutary effect upon the digestion it enriches the blood and builds body and muscle, and in the prevention and relief of coughs, colds, and stomach troubles it is very dependable. It makes the old feel young and keeps the young strong and vigorous. Heed the advice of thousands—
