QUIT MEAT WHEN

Take a Glass of Salts Before Breakfast if Your Back Hurts or Bladder Is Troubling You

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this to-night, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

World's Greatest Auto Speedway

To be located on the company's ground—to which title is now held - between Harrisburg and Middletown

What the possibilities of such a speedway are, may be learned from the history of the Indianapolis Speedway.

Every year on May 30th, it draws an attendance of from 130,000 to 150,000.

During the five years of its operation it has returned to its stockholders a million dollars. Now think of the more favorable conditions that

surround the local speedway. Harrisburg will have a larger speedway than In-

dianapolis.

Rooms 705-706-707-708

Harrisburg has a larger population to draw from than Indianapolis. Within 300 miles of Harrisburg there are eighteen million people - the greatest number in so small a radius, in the United States, according to the Census Bureau.

Harrisburg's Speedway will consist of a 21/2-mile track of vitrified brick laid in solid concrete and a fireproof grandstand of adequate seating capacity. Work will be started at the earliest possible moment and an effort made to complete the speedway by Fall.

NOW IS THE TIME TO BUY—IT'S THE SUREST WAY OF GETTING IN ON THE PROPOSI-TION AT PRICES AT WHICH THE FIRST SERIES IS BEING SOLD
