

HOUSEHOLD TALKS

Henrietta D. Grauel

Let There Be Light

The first month of spring is here and while it lasts you will doubtless be too busy to think a great deal about the food supply.

We know disease lurks in dirt and that both dirt and disease are found in neglected corners.

There should be sunshine and air in the bed chamber where there are, oh, so many things to catch and hold dust; ornaments on dresser and walls; slipper cases and fancy bags and draperies may make pretty bits of color, but more often they only catch dust.

One can plan even house cleaning so that it may be done in comfort. Needless steps, tired backs, wrinkles that massage will never remove, come because we do not take sufficient time to plan our work.

compleish a wonderful amount. House-keeping and house cleaning; in fact all our daily tasks are just what we make them, pleasant work or tiring drudgery.

QUESTIONS AND ANSWERS Question.—Please tell me the difference between "sanitary" milk and "pasteurized" milk?

Question.—How is new iron ware prepared for use?

Question.—Please tell me of some use for a quantity of badly worn stockings?

NOTE TELLS OF CRIME

Hazleton, March 24.—Christ Kennedy, of Drifton, while walking between Lattimer and Drifton found the following note on a bush:

DYSPEPSIA PANACEA will put your stomach in shape and help you digest all the food you eat.

Digest All Your Food

Food that is properly and thoroughly digested will never trouble you. When food is not digested it gives rise to the formation of gasses which impair the action of the heart, it forms poisonous compounds and upsets the system.

DYSPEPSIA PANACEA will put your stomach in shape and help you digest all the food you eat.

ner. I told her more, what you never knew. I let Craig believe that I was you, Paul. I wore your clothes, your scarfpins, your hats. In that I was a black villain. God! What a hell I lived in. . . . Ah, mother! Arthur dropped his head upon his arms again.

"Yes, it is I, the Unlucky Penny."

wasn't fit to lace your shoes! If you had written you would have learned that everything was smoothed over. The Andes people dropped the matter entirely. You loved the mother far better than I."

"And she must never know," quietly. "Do you mean that?"

"I always mean everything I say, Arty. Can't you see the uselessness of telling her now? She has gone all these years with the belief that I am a thief. A thief, Arty, I, who never stole anything save a farmer's apples. They would have called you a defaulter; that's because you had access to the safe, whereas I had none."

Warrington reached mechanically for the portrait in the silver frame, but Arthur stayed his hand. "No, Paul; that is mine."

"You must never leave us again, Paul. Promise."

"Always!" And she took his hand and pressed it tightly against her cheek. "Always! Ah, your poor blind mother!"

"Always to come back! . . . I

"Eighteen Thousand Miles I Have Traveled to Find You."

am going to China in a little while, to take up the work I have always loved, the building or bridges."

"And I am going, too!" It was Elsa, at her journey's end.

Jealous love is keen of eye. There was death in Arthur's heart, but he smiled at her. After all, what was more logical than that she should appear at this moment? Why sip the cup when it might be drained at once, over with and done with?

"Yes, mother. Ah, why did you not tell me all?"

Arthur walked to the long window that opened out upon the garden.

"Go to him, mother," said Elsa, wisely and with pity.

The mother hesitated, pulled by the old and the new love, by the fear that the new-found could be hers but a little while. Slowly she let Paul's hand fall, and slower still she followed Arthur's footsteps.

"I wasn't quite brave enough," he said, when she found him. "They love. And love me well, mother, for I am the broken man."

She pressed his head against her heart. "My boy!" But her glance was leveled at the amber-tinted window through which she had come.

To Warrington, Elsa was a little thinner, and of color there was none; but her eyes shone with all the splen-

PICTURES OF MARS OBTAINED IN CLEAR AIR OF ARIZONA

TWENTY-FOUR INCH TELESCOPE OF THE LOWELL OBSERVATORY, FLAGSTAFF, ARIZONA.

Mars is in the ascendant in the days of the world war, and there is interest, therefore, in the planet Mars as well. There are some remarkable photographs and transparencies of our next door neighbor in the solar system. These photographs were taken at the Lowell Observatory, the viewpoint of things celestial at Flagstaff, Ariz.

The exhibition represents the latest discoveries made at the observatory in the Southwest, where the atmosphere is remarkably clear and the observatory is thousands of feet above the level of the sea, so there are fine opportunities for watching what is going on in skyland.

What faros on the planet Mars has been the subject of speculation this many a year, and the announcement by Dr. Schiaparelli thirty-eight years ago that he saw channels was followed by the investigations of Dr. Lowell, who mapped out the supposed waterways and prepared many drawings and photographs.

The changes noticed in certain channels has given credence to the idea that some of them at least are artificial.

or of the oriental stars at which he had so often gazed with mute inquiry. "Galahad!" she said, and smiled.

"Well, what have you to say?" "I? In God's name, what can I say but that I love you?"

"Well, say it, and stop the ache in my heart! Say it, and make me forget the weary eighteen thousand miles I have journeyed to find you! Say it, and hold me close for I am tired!"

"Listen!" she whispered, lifting her head from his shoulder.

From out the stillness of the summer night came a jarring note, the eternal protest of Rajah.

THE END.

GET SOMERSET MINES

Johnstown, March 24.—Reports are in circulation here that the United Coal Company mines in Jerome, Boswell and Elk Lick, Somerset county, are to be taken back by the Merchants' Coal Company, of Baltimore, which sold them to the Kuhn interests of Pittsburgh five years ago.

It is believed here that this indicates an early resumption of work at the mines and a heavy shipment of coal from the Somerset county workings.

It's Easy to Start the Fire

Your fires don't need constant watching if you burn—

KELLEY'S COAL

Why? Because it's easy to start the fires and just as easy to keep them going. Because it's all pure coal, rich in carbon, uniform in size, even burning and clean.

That's why?
