

Beauty and Value

are two separate features of a piano, each independent of the other. Too often value has to be sacrificed to make way for beauty, but few of us buy pianos just for decoration.

What is most wanted in the piano for your home is one that isn't going to need a rebuilding within a year or two. But that is likely to happen if the instrument is only beautiful.

Value—tone production—good action—and ability to withstand strain; are what you get in the Steinway, the Mehlin, the C. M. Sigler—the best at their respective prices.

When you think of piano purchase; think of these three. It will be to your advantage in many ways.

A CLEAR COMPLEXION

Buddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

Horrid Pimples Kill Dimples

But Stuart's Calcium Wafers Will Remove the Unsightly Blemishes in So Short a Time as to Seem Almost Impossible of Belief

The crowning beauty of a woman is her skin. She may have only ordinary features or even a coarse, heavy contour of face, but if she is the possessor of a fine, colorful skin, showing vigorous health and a pure blood, she will grow attractive to every eye.

Go to your druggist, whoever he may be, and he will give you a box of Stuart's Calcium Wafers, price 50c.

The difficulty is generally impure blood. The blood is a stream of waste matter filled with poisons. Its color is black or blue or brownish cast, instead of ruby red, as it should be.

The best color always comes in youth, of course, but all the cosmetics in the world will not bring back the color if your blood is diseased or filled with impurities which it cannot remove or throw off.
