OF INTEREST TO WOMEN
MODES FOR TOP COAT AND SUIT
The Late Skirts Show Trimming at the Lower Edge—Pleat Edged Ribbons

New York, March 26.
The proper wrap and the proper suit for Spring are the first questions which crop into the woman's mind with the beginning of the balmy weather. The winter coat has been worn until one is tired of it, and besides on the first warm day it feels so heavy and drags about the neck, and we need something lighter to take its place.
For general wear with the dress comes the coat in various styles. The model illustrated shows a new and very practical style in coats. In the back it is very full and falls in ripples while in the front it has less fullness. A wide gauntlet cuff is used on the sleeves, and the high collar which flares up as high as the chin is unusually new and smart. The model is developed in blue serge. Other fabrics which are being used for such a coat are black and white checked coating, covert cloth, field cloth, gabardine, and for the fancy coat faille silk is used.

YOUNG ROBBER WHO SLEW DETECTIVE IS CAPTURED

Caught Along Pennsylvania Railroad in Philadelphia as He Was About to Board a Freight Train for New York

By Associated Press.
Philadelphia, March 26.—Jacob C. Miller, the youthful robber, who last night shot and killed a detective, and probably mortally wounded another while they were taking him to a police station, was arrested to-day at Torresdale, in the extreme northeastern part of the city. The arrest was made by one railroad and two city detectives who came upon Miller from the rear and seized him before he could offer any resistance.

The automatic revolver with which Miller killed James Mancey and wounded Harry C. Tucker was found on him. This afternoon the prisoner was taken to a hospital where Tucker identified him as the man that did the shooting. Miller's arrest was brought about by two of his friends who furnished a clue to his whereabouts. It is believed Miller had intended boarding a freight train for New York.

Miller was previously arrested last night on a charge of committing a robbery at a residence where he had been employed as a utility man. He is 21 years old and had served a term in the Huntingdon Reformatory. Until recently he was a sailor in the navy.

PRIEST SLAIN BY BROTHER

Recovery of Famous Art Treasures From Earthquake Ruins Said to Have Disclosed Crime

By Associated Press.
Rome, March 25, 8.25 P. M., Via Paris, March 26, 3.05 A. M.—Recovery by the police of a famous art treasure stolen from the parish church of Massa D'Albe after it was destroyed by the earthquake in January has disclosed also that the parish priest was murdered by his brother, according to advices from Avizzano.

When the ruins of the church were explored after the disaster it was found that a noted Byzantine triptych, executed on ivory, used as an altar piece, as well as other religious objects, were missing. Their value was fixed at a large sum.
The police now claim to have learned that when part of the church was wrecked the priest was buried with the art treasures in a section of the building which remained standing because its massive walls were part of an old fort built on solid rock.
The priest was slain, the authorities assert, by his brother, who suspected the priest of being friendly with his wife. This man, it is asserted, found the clergyman lying helpless under the ruins and killed him and, with the assistance of friends, then removed the art objects. An interested letter led to the discovery of the crime and all those suspected of being involved have been arrested.

FUNERAL OF HARRY CARR

Former Resident Buried From Home of George R. Stouffer

The funeral of Harry Carr, a former resident of this city, who died at his home in Fall River, N. J., was held this afternoon at 2 o'clock from the home of his brother-in-law, George R. Stouffer, 1409 North Third street.
The Rev. Harry Nelson Bassler, pastor of the Second Reformed church, officiated. Interment was made in the Camp Hill cemetery, where the Masonic lodge conducted the burial rites.

WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements.
This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is free from harmful drugs or alcohol.

HUEY A PROBABLE CHAMPION ATTEMPTS TO SPOIL ROMANCE

Regains Lead in Billiard Contest Over Veteran John Daly

By Associated Press.
Chicago, March 26.—With the games on his schedule completed, William Huey, of Chicago, loomed up to-day as the probable world's champion at three-cushion billiards.
Huey regained the leadership last night by defeating John Daly, a New York veteran, 59 to 50. He had won 9 games and lost 2. Daly was paired with Alfred DeOro, the retiring title holder, in to-night's play, the final game of the world's championship tournament, and George Moore, of New York, was to meet Charles Morin, of Chicago, in the afternoon contest.

Daly and Moore, who have won eight and lost two games, still have a chance to tie Huey if victorious in the final games. In the event of a tie, the match to determine the winner will be played off to-morrow.

PRESIDENT REMITS FINE
Cancels \$10,000 Penalty on F. A. Hyde Convicted of Land Frauds
Washington, D. C., March 26.—President Wilson yesterday remitted the \$10,000 fine imposed on Frederick A. Hyde as part of a sentence for conviction of land frauds against the Government in California and Oregon. Hyde was convicted with J. H. Schneider in what was quite a celebrated case.
President Taft refused Hyde a pardon, and President Wilson commuted Hyde's sentence from two years to one, which he served, on condition that he pay the fine.

How to Buy Coal

It is necessary for the coal merchant to have full particulars if he is to give you good reliable service.

Tell him if you have a Hot Air, Steam or Hot Water Furnace. Whether it is large or small, and it will be a good thing for him to know about the size of the fire box.

The coal dealer will then be able to give more of an idea what kind of coal will give you the best results than if you merely inform him you want "furnace coal."

There are many kinds and sizes of coal and it is important that you get the kind that is best suited to your conditions.

We have two yards containing many varieties, tell us about your requirements.
