Eldredge Two-Spool Rotary Sewing Machines

To-morrow only, by an expert.

Every housewife and modiste should see this greatest improvement in sewing machine construction, as it marks without doubt the most notable advancement in sewing machine perfection.

You sew direct with two spools of thread. The second spool answers the purpose of the shuttle, and in this way you are not annoyed by the lower thread running out unexpectedly in the middle of a seam, as the amount of thread on the lower spool is indicated by that on the spool-pin.

\$1.00 Places a Machine In Your Home

This dollar entitles you to membership in the Eldredge Club, and no other amount is required on deposit. Then you pay it off in weekly payments of \$1.00.

In addition to the Eldredge, you may secure a Paveway, at **\$12.98**; Bowman A No. 1, at **\$19.50**; Vindex, at **\$25.00**, or the Eldredge-Rotary, at **\$37.00**—and save the agents' commission. All machines guaranteed for 10 years.
