TO DARKEN HAIR APPLY SAGE TEA

A Few Applications of Sage Tea and Sulphur Brings Back Its Vigor, Color, Gloss and Thickness

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Adv.

Queer Note Left by a Pool Room Man Who Hangs

Allentown, Pa., March 30.—Although he left a note saying he was heart-broken, and giving full directions for his funeral, mystery envelops the motive for the suicide of Milton Kohler, proprietor of the American hotel pool room, found hanging in his home yesterday afternoon.
