SPECIALTIES FEATURE OF THE MARKET AGAIN TO-DAY

New York, March 31 .- Wall Street Specialties were again the features of chief interest during to-day's early trading, some of these issues changing hands in blocks of a thousand or more shares. Motors stocks made the greatshares. Motors stocks made the greatest gains, their rise extending from one to two and a half points. National Lead also added two points to its rise of the preceding session and Amalgamated a point. In the railway division activity in Rock Island was resumed, that stock soon advancing to 32 7-8, a point above its high price of yesterday. Missouri Pacific, Denver and Rio Grande, pfd., Great Northern Ore and Bethlehem Steel, all showed gains of a point better.

Business in the first hour was al-

and Bethiehem Steel, all showed gains of a point of better.

Business in the first hour was almost as large as yesterday's huge overturn and considerably broader, but standard stocks were reactionary. In the second hour, however, fresh buying imparted renewed strength to the entire list, Steel, Amalgamated Copper and Smelting rising to best prices of the present movement. New Haven gained 3 points. Bethlehem Steel was comparatively neglected and heavy. Book Island extended its gain to five points with a continuance of the extensive demand. Some of the Motor shares gained as much as five points and less prominent specialties showed gains of 2 to 3 points. Bonds were strong.
