## BANISH SCROFULA

Hood's Sarsaparilla Cleanses the Blood, Skin Troubles Vanish

Scrofula eruptions on the face and body are both annoying and disfiguring. Many a complexion would be perfect if they were not present!

This disease shows itself in other ways, as blemishes on the neck, inflamed eyelids, sore ears, wasting of the muscles, a form of dyspepsia, and general debility.

Ask your druggist for Hood's Sarsaparilla. This great medicine completely eradicates scrofula. It purifies and enriches the blood, removes humors, and builds up the whole system. It has stood the test of forty years, and has received thousands of testimonials of the entire satisfaction it has given.

Scrofula is either inherited or acquired. Better be sure you are quite free from it. Get Hood's Sarsaparilla and begin taking it to-day.—Adv.

Riegel and Huston Accept \$100 Each and Will Settle Their Differences With County Later

With the understanding that their claims for services be given further consideration, in view of the County Commissioners tentative decision to cut ten days pay—\$30 from their charges—Auditors Francis W. Riegel and Fred W. Huston, who yesterday filed their audit report, last evening were paid \$100 on account and mileage.

Huston received \$101.44 and Riegel got \$151.84. John W. Cassel, president of the audit board, whom his colleague Riegel, has declared put in no time on the audit, did not present a bill for "services." The matter may be thrashed out by the auditors and Commissioners when the Commissioners meet next Wednesday. The county heads will not meet to-morrow in view of the holiday, Good Friday.

## QUICK RELIEF FOR CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "key-note" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—a torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

## LATE WAR NEWS SUMMARY

Continued From First Page.

other steamer to the bottom. A French ship was torpedoed in the English channel, and so far as is known only two members of her crew of nineteen were saved. A Dutch cargo boat suspected of having supplied fuel oil to the submarines has been seized by British torpedo boats.

There are further indications that Turkey expects other Balkan nations to enter the war on the side of the allies. Adrianople, the nearest important Turkish town to the Bulgarian frontier, troops are being concentrated and the artillery equipment increased. This is interpreted in Sofia as preparatory to a possible war with Bulgaria.

Russian and Austrian reports concerning the Greek struggle in the Carpathians are completely at variance, although they agree that heavy fighting is continuing. The Russian war office claims various successes along this front, but the Austrians state that Russian attacks were driven back. There were similar conflict between German and Russian reports of the fighting in the north.

The Russian Black sea fleet has bombarded several Turkish towns in Asia Minor and it is stated that considerable damage was done, including the sinking of several ships. The attack, however, is contradicted at Constantinople.

The French attack in the Champagne region which met with a measure of success, apparently is no longer being pushed. Although the Germans are reported to have brought large forces into Alsace only the customary desultory fighting is in progress there. In Northwest France and Belgium operations are almost at a standstill.
