

## A Strength, Flesh and Body Builder For Spring

Run Down, Underweight People Put On Ten to Twenty Pounds of Healthy Flesh

Most people show a tendency to lose weight in winter. The fat making material in the foods they eat, which at other seasons keep flesh and weight at normal is partially diverted in cold weather and instead is used to furnish heat for the body. Then most of us acquire coughs, colds or the grippe which tear down flesh, lower vitality, cause a considerable loss in weight and leave us in a rundown condition in the spring. Any material loss of weight should be regarded with alarm and prompt measures taken to regain the lost flesh. A splendid body builder and flesh producer is found in a preparation known as Sargol, which can be found at drugists everywhere and which seldom fails to give the user a weight increase of from ten to twenty pounds within a few weeks. Sargol does not of itself make flesh. It is a small tablet which readily dissolves in the stomach and, mixing with the fats, sugars and starches of the food you eat, prepares these flesh making materials into a form where the blood can easily absorb and distribute them throughout the body. It is really amazing how quickly and easily lost flesh and weight return when Sargol is used with your meals. With returning normal weight comes too a corresponding return of health, spirit, ambition and vitality and you soon feel your old self again. Geo. A. Gorgas and leading druggists everywhere sell and recommend Sargol and every package contains a guarantee of weight increase or money back.

**Caution:**—While Sargol is also widely used for overcoming nervous dyspepsia and general stomach troubles its action in increasing weight is so practically certain that its use is not recommended to those who are not willing to put on ten or more pounds of flesh.—Adv.

## Springtime Is Silver Time

The good housewife renovates the house in the Spring—and worn silver is out of place in a spotless dining room. Snowy linen, or polished wood, deserves a faultless setting.

The manufacturers from whom Diener purchases Sterling and Plated Silver consider attractiveness of design as important as true worthiness of quality. You will approve their taste—their guarantee and Diener's stand back of the quality.

It is a compliment to your good buying judgment to patronize Diener's, where every purchase every day represents full value for the price—and the fact that your Silver comes from an exclusive, high grade jewelry store adds much to your satisfaction.

### DAVID WARFIELD WILL APPEAR HERE ON APRIL 15

Arrangements for the appearance of David Warfield in this city have been completed and Manager Hopkins, of the Majestic, announces that the great actor will appear at that theatre on Thursday evening, April 15, in his elaborate revival of "The auctioneer," the comedy that so charmingly mingles smiles and tears. It was in this play thirteen years ago at the Bijou theatre, New York, that Mr. Warfield surprised the metropolitan critics and even his friends by his delicate art, and fulfilled to the highest degree the predictions that David Belasco had made for him.

When the piece was laid aside eleven years ago, Mr. Belasco promised a better and greater auctioneer some day, and this season his promise is being fulfilled. Mr. Warfield ranks as the most popular actor of the day with the American public, and from all accounts his present tour, which embraces only the more important cities of the country, is challenging in point of receipts and artistic success, his sensational tour in "The Music Master" and "The Return of Peter Grimm." All of the living members of the original cast are promised. Mail orders accompanied by remittance and self-addressed stamped envelope, will be received now.—Adv.

**Drop Bombs on the Germans**  
London, April 2, 6.50 A. M.—An Amsterdam dispatch to Reuter's Telegram Company says a message from Berlin states that a hostile air craft appeared above Mullheim, Baden, at 5.30 o'clock yesterday afternoon and dropped a bomb, which caused considerable damage. Another aviator dropped three bombs on Neuenburg, also in Baden, at 7 o'clock, but the damage done was slight.

**Restrictions in Bread Making Removed**  
London, April 2, 5.10 A. M.—Some of the restrictions against the use of wheat and flour in Germany for making bread and pastry have been removed, says a Reuter dispatch from Amsterdam. This step has been taken because of the increased consumption of rye bread, which resulted in an undue proportion of that grain being used rather than wheat.
