\$5,000 IN JEWELS STOLEN

Robbery Took Place in New York Hotel Several Weeks Ago

New York, April 2.—Despite efforts of the Brooklyn police to keep the case quiet, it became known yesterday that thieves had entered the apartment in the St. George hotel of Michael J. Dady, Republican leader of the First Assembly district, and had stolen about \$5,000 in jewels belonging to Mrs. Dady. The robbery took place between February 10 and March 18, when the Dady was in Havana.

After Mrs. Dady discovered her loss on her return to the city, half a dozen detectives from Brooklyn headquarters were assigned to the case. Some of the articles stolen were: Two rings, each with a sapphire, surrounded by diamonds; three rings set with turquoise and diamonds; a pair of turquoise and diamond earrings and a gold locket, the handle of which was set with sapphires and diamonds.

PRIEST HELPS RESCUE GIRL

Aids Fireman at Newark Blaze—Victim May Die

Newark, N. J., April 2.—Miss Lilian Feldman, a stenographer, 16 years old, was terribly burned and two other persons were injured seriously in a fire that swept through a four story brick building at New Jersey Railroad avenue and East Mechanic street late yesterday afternoon.

Lures Child From Home

Nanticoke, Pa., April 2.—An unknown man, who is being sought by State troopers and the police of this place, yesterday lured Mary Briggs, 5 years old, daughter of Charles Briggs, from the street in front of her home and carried her a distance of one-half mile to an old cemetery and attacked her.

Bainbridge Minister Dies on Visit

Bainbridge, April 2.—The Rev. George S. Hairaigh, 61 years old, a minister of the Church of the Brethren, died yesterday from a complication of diseases at Denton, Maryland, where he was visiting. Aside from being a minister of the gospel he was prominent in business affairs as a land owner. He leaves a widow and seven children.

Ashland Man Ends Life

Ashland, Pa., April 2.—The body of Joseph Livers, a well-known business man, was found dangling by the neck at the end of a strap to the rafters of a barn in the rear of his home here yesterday. Livers transferred his business to his son Wednesday and no motive for suicide was given.

PLAN PAVING AT CAMP HILL

Market Street to Be Covered With Asphalt or Bricks If Loan Is Approved

Camp Hill, April 2.—If plans of the council work out here it will not be long before Market street is paved as an ordinance providing for an increase in the borough's debt has been drawn up, and will come up for first reading next Thursday.

The loan to be asked for will be \$45,000 and will be placed before the voters at a special election to be held in a few months.

The cost of paving Market street, either by brick or asphalt would amount to \$80,000, the street being one and one-half miles in length.

According to the present plans the State will be asked to pay for eight feet, which will allow for a driveway of 16 feet. The Valley Railways Company will be asked to pay for seven feet, the amount of material required to cover their roadbed.

As the street is 24 feet in width, this would leave nine feet to be paid by the borough. Of this, property holders on Market street, will be asked to pay for two-thirds or 6 feet, while the borough would pay the remaining three feet.

AGED WOMAN FRACTURES HIP

Falls Over Open Furnace Door While Putting Coal on Fire

(Special to the Star-Independent.) Dancannon, April 2.—Mrs. Amelia Gintzer, aged 74 years, of South Market street, met with a serious accident yesterday afternoon. She was in the cellar at her home putting coal in the furnace when she accidentally fell over the furnace door, which was open, to the concrete floor and sustained a fracture of the left hip.

Despite the fact that Mrs. Gintzer is well advanced in years, she has conducted one of the principal dry goods stores of this place and attended to the business herself ever since the death of her husband, Lewis F. Gintzer, several years ago.

HOW GOOD THAT MUSTEROLE FEELS!

It Gets to That Sore Spot Like Magic

A-ah! That's delicious relief for those sore muscles, those stiff joints, that lame back.

MUSTEROLE is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub MUSTEROLE on the spot where the pain is—rub it on briskly—and the pain is gone.

No muss, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blister like the old-fashioned mustard plaster used to make.

There is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet and Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

"MORE AMMUNITION" IS LORD KITCHENER'S CRY

Bethlehem, Pa., April 2.—Charles M. Schwab, head of the Bethlehem Steel Works, has been recovering so satisfactorily at White Sulphur Springs and other Southern points from his nervous indisposition that he has changed his plans, and instead of going to Florida and Cuba, intends to return home next week.

Mr. Schwab is not constitutionally ill, but his nerves were temporarily shattered by the terrific pressure of the work he assumed when he landed the war orders from Lord Kitchener. Their extent can be imagined from the fact that of shrapnel alone 6,000,000 shells are to be manufactured. About 9,000 shells are being made daily, but so great is the demand for ammunition by the British army that Lord Kitchener is constantly calling for more. Preparations are now well advanced to increase the output to 7,500 shells a day.

Things are expected to go faster with the completion of the fuse factory at Redington. Two hundred additional hands were put to work this week, including some of the most highly skilled machinists in the country.

JAMES J. HILL PREDICTS END OF WAR BY OCT. 1

New York, April 1.—James J. Hill, on leaving for St. Paul yesterday, said: "I believe the war will end by October 1. The termination will come through the physical, financial and industrial exhaustion of the belligerents. Meanwhile all of the fighting nations will build up great credits here. Their borrowings are only in their beginning."

"I think there is not the slightest doubt that there will be enough grain to go around this year. A big acreage of wheat will be planted in the Northwest, and already a good acreage of winter wheat is planted."

"I believe the American farmer ought to get \$1 a bushel for next year's crop as Germany, Austria and France have planned an average of from 40 to 45 per cent, under the average. After the war is over it is possible that wheat may fall to 70 cents."

"The European laborer will turn back to mother earth for his living. This will have an important influence in cheapening the price."

DUAL MONARCHY SITUATION SAID TO BE GETTING GRAVE

Rome, April 1, 6.55 P. M., Via Paris, April 2, 9 A. M.—Advices received here from the Austrian frontier describe the internal situation in the dual monarchy as increasingly grave. Opposition to a continuance of the war is said to be growing stronger among the classes which are suffering most from the scarcity of food. Violent anti-war demonstrations are reported to have occurred in several cities, especially Vienna, where a crowd attempted to stone windows of the War Office, but was charged by the police and troops. Several persons are said to have been wounded; many arrests were made.

MARCH A COLD MONTH

Average Daily Deficiency in Temperature 1.8 Degrees

March averaged 1.8 degrees below normal in temperature for each day of the month, according to the monthly summary issued from the local office of the Weather Bureau. The highest temperature for the month, which was 54, was thirty degrees below the record for the month for twenty-seven years and the lowest temperature 19 was fourteen degrees higher than the minimum record for the month for that many years.

There was a deficiency in rainfall of 1.26 inches although there was thirteen inches of snow on the 6 and 7. There were thirteen clear days; eleven, partly cloudy; seven cloudy and six during which it snowed or rained.

PLIGHT OF A POET.

His Vivid Imagination Once Nearly Got Coleridge in Trouble.

From his early youth Coleridge lived in a world of books and dreams, yet his favorite walk seems to have been the Strand, the last place in the world for a poet to lose himself in reverie. As he strolled down the street he imagined himself swimming the Hellespont, the feat of which other poets had written and which the poet Byron was to accomplish later. Once while the mind of Coleridge was thus far from the busy Strand he absently thrust his hands before him in the manner of one swimming. Suddenly one hand came in contact with a gentleman's pocket.

The gentleman, thinking to capture a thief, seized the hand and exclaimed: "What! So young and so wicked!" He accused the poor, poetic boy of an attempt at pocket picking.

With some fright and a few tears the boy explained, and we can imagine that words did not fail him who was to become the most brilliant talker of his age. The gentleman was delighted with Coleridge's imagination, which could turn the Strand into the Hellespont. The intelligence of the young Leander made the stranger inquire into Coleridge's tastes, and when he found the boy liked books he opened for him a subscription at the circulating library in Cheapside.—Westminster Gazette.

Lancaster Carpenters Strike

Lancaster, April 2.—A number of union carpenters struck yesterday because their employers refused to grant their demands for an increase in wages from 36 to 41 cents an hour. Carpenters have been making \$18 a week of 50 hours and their demand is the same wages for 44 hours' work. Union painters also threaten to strike unless they receive a raise from \$2.70 to \$3 a day.

Strike at Carbondale

Carbondale, Pa., April 2.—The word "Minimum" is responsible for a strike of 20 carpenters yesterday morning. The carpenters insist that the rate of 42½ cents an hour be made a minimum, but the contractors refuse. The contractors, 31 in number, say they are willing to pay foremen 5 cents over the scale, but will make no further concessions.

U. S. AS AFFECTED BY WAR

American Interests to Be Discussed at Meeting of Academy of Political and Social Science

Philadelphia, April 2.—America's interests as affected by the European war will be the general topic of discussion this year at the nineteenth annual meeting of the American Academy of Political and Social Science in this city on April 30 and May 1.

American industry and labor as affected by the war, international trade of the United States, the neutral rights and obligations of the American Republics, relations with Central and South America, America's financial position and how America can best contribute to the future maintenance of the world's peace are the subdivisions of the general topic to be discussed. Delegates from various states, national, civic and trade organizations are expected to be present. Among those who have been invited to participate in the discussions are:

Secretary of Commerce Redfield, John Bassett Moore, Columbia University; Ambassador DeGan, of Brazil; Jane Addams, of Chicago; Louis F. Corey, former minister to Nicaragua to the United States; Major General Leonard Wood, Frank A. Vanderlip, New York; John Hays Hammond, New York; Henry B. Ruere, Chamberlain of the city of New York; John H. Fahney, president of the Chamber of Commerce of the United States; W. Morgan Shuster, New York; E. E. Pratt, chief of the Federal Bureau of Foreign and Domestic Commerce, and James A. Farrell, chairman of the National Foreign Trade Council.

OPPOSE WOMEN JUSTICES

Bill Limited in Scope, but Senators Bottle It Up in Committee

Albany, April 2.—The bill to give New York City two women Justices has been bottled up in the Senate Cities Committee. The Senators are opposed to female Judges.

The City Administration has opposed the idea. The principal advocates of it are Women Suffragists, on the ground that women Judges are better qualified to take charge of girls brought into the Children's Court than are men.

High School Boy, 14, Ends His Life

New York, April 2.—Walter Schultz, 14 years old, a pupil in Public School No. 34 in Jersey City, committed suicide in his home at 252 Armstrong avenue yesterday by blowing his brains out with a revolver.
