Eaton Farm in West Hanover Township Changes Hands for \$10,500—Total for Last Half-week Reaches \$225,000

The beautiful Eaton farm, situated in West Hanover township, has been sold to Matteo Socco, of Saxton, Huntingdon county, for \$10,500, it was learned here to-day.

Under another deed filed this morning the transfer of one of the farms formerly owned by James Young changes hands.

Simon F. Smith, Lower Paxton township, to Jonas J. Pottiger, \$1,500; Harry T. Hoeker, Derry township, to Henry H. Hoffer, \$1,400; H. L. Lark, farm in Upper Paxton township, near Millersburg, to H. E. Spicher, \$8,526; William S. Harris, two lots in Parkside Place, to John R. Henry, \$4,500; Amos and William Snavely, farm near Union Deposit, to A. M. Schaffner, \$1,625; William M. Hargest, Susquehanna township, to E. S. Miller, \$900; George W. Henry, South Hanover township, to Albert M. Schaffner, \$1,570; Alice M. Schell, Halifax, dwelling, to Bernard Hoffman, \$615.33; Ida J. Shue, Lower Paxton township, farm, to Luther S. Hoeker, \$8,000; J. C. Thompson, 2467 Reel street, Harrisburg, to Walter Cleland, \$3,500; Provident Building & Loan Association, 2316 North Sixth street, to William L. Van Camp, \$1,500.

READY TO START ON ROADS

Fifteen Divisions of the State Highway Department Will Be On the Job Monday Morning

Next Monday morning the machinery and men in the entire fifteen divisions of the State Highway Department, taking in every county in the State, will be set to work of fixing up the roads that have gone through a pretty rough winter, and the majority of which are very much in need of attention.

George H. Biles, maintenance engineer of the department, said to-day that the instructions given by Governor Brumbaugh to Deputy State Highway Commissioner Hunter to begin work on Monday, will be carried out to the letter. General maintenance work will be taken up at first. Precautions were taken some time ago by Mr. Biles' division so that things would be ready when the call should go out to begin operations, and all it was waiting for was the word to begin.

"Everything is in first class shape to take care of the work," said Biles, "and we can put as many men as are needed on any part of the job. All roads in the State coming under State supervision will be put in repair for the summer."

The heads of all the divisions were notified yesterday and each division engineer inferring Deputy Commissioner Hunter will be at the Highway Department on Monday morning and will personally look after affairs.

No successor to Highway Commissioner Bigelow, who resigned to take effect last Wednesday, has as yet been appointed by the Governor.

9 IN EASTER CROP OF BRIDES

This Number Is 50 Per Cent. Below That of This Time Last Year

Harrisburg's contribution to the list of Easter brides is extremely small this year. Only one of the nine couples who obtained licenses this morning at the marriage license bureau are residents of this city.

The number of licenses issued to Easter brides in Dauphin county is fewer by more than 50 per cent. than that taken out a year ago. It was suggested at the Recorder's office this morning that possibly the "high cost of living" is responsible for the decrease.

These couples got licenses to-day: Melvin L. Chubb, Highspire, and Bertha M. Reed, Penbrook; John T. Grove and Anna M. Gilbert, Harrisburg; Adeglio Alessandrini and Giselda Cini, Swatara; John P. Gohl Boyles, Rochester, N. Y., and Stella Klingler, Steelton; Daniel Lehr and Amelia Zimmerman, Hummelstown; Leroy Wolfensberger, Hummelstown, and Bertha Straw, Highspire; Earle H. Schaeffer, Ridgeway, and Miss Mary E. York Springs; Austin L. Baker and Eva Myers, York county; Charles T. Lentz and Anna M. Tschopp, Elizabethtown.

INCREASE IN FOREIGN TRADE

Business in Fruits and Nuts Double That of Ten Years Ago

Washington, April 3.—With a grand total of \$93,540,172, the foreign trade of the United States in fruits and nuts during the calendar year 1914 was double that of ten years ago, according to the Department of Commerce.

Imports aggregated \$59,231,394 in value, and exports \$33,608,778, which included the trade with Hawaii, Porto Rico, Alaska and the Philippines.

Mr. and Mrs. H. H. Hain, 214 Crescent street, had as guests at dinner last evening Representative and Mrs. D. Calvin Rudisill and Miss Rudisill, of Gettysburg. Mrs. Rudisill and her daughter, who is a member of the Senior class at Gettysburg College, spent a part of the Easter holiday season here shopping and sightseeing.

Amputated Brakeman's Hand Russell Lowe, 2128 Adams street, a brakeman in the Marvells yards of the Pennsylvania railroad, had his right forearm crushed early this morning when he slipped from a car ladder between two cars. His hand and wrist were amputated at the Harrisburg hospital this morning.

Physician Installs X-ray in Office Dr. Allen R. Ritzman, Roentgenologist at the Harrisburg hospital, has installed a complete X-ray machine in his office, 812 North Sixth street.

SIGNIFICANCE SEEN IN CONCENTRATION OF TROOPS AT ADRIANOPOLE

ADRIANOPOLE, ITS 'NATURAL AND ARTIFICIAL DEFENCES.

A concentration of Turkish troops at Adrianople, the nearest important Turkish town to the Bulgarian frontier, is interpreted in Sofia as a Turkish precautionary measure in the event of war with Bulgaria. In addition to this concentration Turkey is increasing the pieces of artillery on the Adrianople fortifications. Adrianople is 137 miles from Constantinople and has a civilian population of one hundred thousand. The town and fortress are of great military and strategic value. The defenses include a chain of powerful forts, which have recently been remodelled and modernized by the Germans under Field Marshal von der Goltz. The west forts are Baslik Redoubt, Karagueuz Fort, Semerskeul Fort, Ainalu Fort, Chataja Fort, Chair Tepe Fort and Hadirlik Fort. The south forts are Arda Redoubt, Karacach Fort, Merkes Fort and Demirliash Fort. The east forts are Kayalik Fort, Tash Tabla Fort, Alvas Baba Fort, Devekolli Fort, Kestanlik Fort, Kuru Cezme Fort, Bash Faki Fort, Tajlik Fort, Jevizlik Fort, Yildiz Fort, Kalk Fort, Topoyolu Fort and Kavkas Fort.

NEWSPAPER PAY BILL IS VETOED

who contended that it meant the payment of bills that were unfair to the state. This was resented in a speech by Senator Beilman, of Dauphin, and the bill passed and was sent to the Governor.

Appropriation Is Insufficient "This bill," said the Governor in applying the ax, "purports to adjust and settle and pay certain claims against the Commonwealth on a basis there in fixed. The bill makes an appropriation of a definite sum with which to conclude this transaction. I am informed by the Auditor General that these claims, if paid on the basis directed in this bill, will aggregate the sum of \$91,760.65.

"As only the sum of \$46,040.80 is in this bill appropriated for that purpose the payment directed by this bill is incapable of accomplishment. In other words the Auditor General is directed by this bill to perform an impossibility.

"The fact of this discrepancy between the amount required to pay these claims and the amount herein appropriated appears to have arisen because of a misunderstanding between the claimants and the statements given by the office of accomplishment. In other words the Auditor General is directed by this bill to perform an impossibility.

"While I do not in any manner intend to approve or interfere with the method of adjustment and payment of claims under the jurisdiction of the Department of the Auditor General, neither do I intend by my disapproval of this bill to be understood as having disapproved these claims. In other words, I have no intention of being in any way judged as having given any opinion concerning them. By submission of these claims at once to the Board of Public Accounts the end desired by the claimants may be speedily attained. For these reasons this bill is not approved."

Two Other Bills Get the Ax The bill validating certain sales of real estate heretofore made by guardians, administrators and executors by decree of orphans court, was vetoed. The Governor thinks it is defective because it attempts to validate sales made under decree of orphans' court regardless of the fact that that court may not have had jurisdiction over the matter. It is questionable whether the Legislature could validate such sales, he holds.

The joint resolution authorizing the granting and binding of the report of the commission to consider the revision and amendment of the penal laws of Pennsylvania was vetoed because the measure does not define any limit of cost of publication.

CHARGED WITH DOPING WOMAN

John Mickey Held for Giving Lillian Budd Drugged Liquor Charged with giving Miss Lillian Budd drugged liquor, John Mickey was arrested yesterday and held under \$500 bail for a hearing before Alderman Murray to-night.

It is claimed the Budd woman was taken to the Harrisburg hospital in a hysterical condition immediately following her drinking some of the liquor.

Mickey says he gave the woman some wine, but denies having furnished her with any drugged liquor.

Governor to Address Telephone Body When the Eastern Pennsylvania Telephone Association holds its convention in this city next Wednesday and Thursday, Governor Brumbaugh will be among the important speakers. they could find them. They even got them from outside of the State, took them to justices who did not know the difference and collected the money. The commission is inclined to lay the blame on the justices, holding that they should have made a careful examination.

In Elk county yesterday six men were arrested and sent to jail for trail, who have been arrested in other counties. In Lebanon county a man claimed pay for gosawks in summer, when he fooled the justice with chicken heads, and got his money.

In Scranton, one man detected at the rat game, was arrested and made to pay a fine, and he acknowledged his crime.

Change Made in Game Laws The Game Commission has incorporated in the new game law a proviso which compels every claimant for a bounty to submit the animal skin or the bird head to an official of the commission before he can collect a bounty and in this way the State will be protected.

Secretary Kalbfus has had a conference with Governor Brumbaugh on the way in which the State has been looted, and there may be an official inquiry. The claims for bounties by counties are still in the Auditor General's department, but in such numbers that it is impossible to classify them by counties in a short time. The work will take many days.

1,235 DIE OF PNEUMONIA

Total Deaths in State in January 9,609; Births, 18,533

Pneumonia took a great toll of lives in Pennsylvania during the month of January, according to the reports received by the Bureau of Vital Statistics of the State Department of Health and made public to-day. The total number of deaths in the State during that month was 9,609, and of these 1,235 were due to pneumonia. Tuberculosis carried away 886 and Bright's disease had 844 victims, while 505 persons succumbed to cancer.

Of the communicable diseases typhoid fever had 76 victims; scarlet fever, 36; diphtheria, 179; measles, 40, and whooping cough, 35. Influenza killed 104, and malaria but 2. There were 75 cases of suicide; 80 persons were killed by accidents in mines; 81 died from railroad injuries and other forms of violence carried away 436.

There were almost one hundred per cent. more births than deaths, the new citizens numbering 18,533, showing that the stork is still active in the Pennsylvania bailiwick.

THIEVES HELD UNDER \$800

Men Who Stole Cigarettes From Pennsylvania Warehouse Get Hearing Newton Miller, Daniel Rose and Edward Wilder, who were arrested yesterday by Captain Barclay, Lieutenant Crawford, Patrolman Morrissey and Detective Harry White, charged with stealing from the Pennsylvania railroad freight warehouse, were each held under \$800 bail at a hearing before Alderman Hovetter this morning.

At the hearing the three men confessed to the charge of stealing cigarettes valued at \$700, which they sold in wholesale quantities at a reduced rate. In default of bail all three were sent to jail for court.

LESS MONEY FOR FLOWERS

Charity Demands Make New York Churches Curtail Easter Expenses By Associated Press. New York, April 3.—New York churches will spend less money for Easter flowers this year than usual owing to the fact that the demands for charity during the winter have been great. The flowers, however, are much cheaper than in former years.

The Easter lily, use of which had almost been abandoned, has again been adopted; the florists say. Prices for the lilies this year average twelve cents a blossom.

COURT HOUSE

TREASURER APPORTIONS TAX

Distributes \$2,600 Among Municipalities and School Districts The apportionment of return and dog taxes received at the county treasury during the last year has just been completed by Treasurer A. H. Bailey and checks for the amounts due the several Dauphin districts were sent out this morning. The combined amount of the taxes will run in the neighborhood of \$2,600. The dog tax is to be distributed among the school districts while the return taxes—settlements made after the regular collectors closed their accounts—will go to the municipalities.

Building Permits J. F. Hartman took out a building permit this morning to build a one-story iron garage at the rear of 1328 Park street, costing \$50; Earl Wallis got papers to build an addition to the three-story house at 436 Hummel street, \$75.

Treasurer Returns County Treasurer A. H. Bailey has returned after spending several days in Philadelphia.

BOSCELLI GETS LIBERTY

Proprietor of the One Notorious 'Rose Garden' Is Freed From Cell—Forgery Charge Quashed

A. A. Boschelli, former proprietor of the notorious Rose Garden drinking place on Market street near the Pennsylvania railroad, which was closed by the court following its being raided by the police, was released to-day from the Dauphin county jail, having served a few days more than three months for failure to pay \$1,300 in fines and costs imposed in a number of criminal cases growing out of the loose way he conducted the resort.

Simultaneously with issuing the order discharging Boschelli from prison, Judge Kunkel signed an order by which the indictment charging Boschelli with forging names to a \$400 note was quashed. The prosecutor in the forgery case was M. P. Johnson, who, in a recent petition to the court, set out that since bringing the criminal suit against Boschelli, Johnson has learned that he had been incorrectly advised as to certain facts.

The discharge order was received at the Dauphin county prison shortly after the noon hour and Boschelli left the jail an hour or so later. His health has improved since December 21, when he was sentenced to pay fines and costs aggregating \$1,300 for violations of the liquor laws.

Some time after the Rose Garden liquor license was revoked, Boschelli was declared a bankrupt and he was released from prison to-day on the ground that he now is insolvent and unable to pay the fine and costs.

CYCLISTS PLAN READING TRIP

Keystone Club of Harrisburg to Have Charge of Division in Parade Members of the Keystone Motorcycle Club at a meeting last evening unanimously decided to accept an invitation to have charge of the motorcycle division of the big parade which will be held in Reading during the three-day convention of the Motion Picture Exhibitors' League of Pennsylvania which will be held in that city on June 7, 8 and 9.

Charles Sellers, president of the club, has been directed to appoint a special committee to receive entries and make final arrangements for the part the motorcycleists will play in the parade. The Harrisburg delegation will send invitations to motorcycle clubs in all of the larger cities in Eastern Pennsylvania and it is believed that several hundred machines and riders will be in line.

Harrisburg alone, it is predicted, will send sixty or more men on motorcycles. On the day of the parade, probably June 8, the local club men will hold an endurance run to Reading, leaving Harrisburg early in the morning. The convention will entertain representatives from practically all of the big companies staging the plays for the movie films.

BRITAIN'S NEW CENSORSHIP POLICY NOW BEFORE BRYAN

Washington, April 3.—Secretary Bryan had before him to-day Great Britain's formal announcement of her new cable censorship policy. A memorandum on the subject had been transmitted to the State Department through Ambassador Page at London.

In it Great Britain serves notice of its intention to stop all messages sent over cables under British control relating to trade in contraband or non-contraband "to which a resident in an enemy country is one of the parties." In this connection the communication points out that "it is clear that in view of the great importance of restricting the enemy's supplies and withholding facilities from them for carrying on their trade, His Majesty's government cannot be expected to afford the use of British cables to enable neutral and enemy countries to make arrangements with each other for the conduct of that trade."

Officials here construe the action to mean that in accordance with the allies' program Great Britain will not permit the sending of messages from the United States to Italy or any other neutral country if they refer in any way to a transaction in which a resident of Germany, Austria or Turkey is interested.

TRENTON OFFICIALS HERE

Says 3 to 2 Vote Is Frequent in Commission in His City, Too

William P. Burk, Commissioner of Parks and Town Property, of Trenton, N. J., to-day inspected Harrisburg's filtration system, the parks and streets and called on a number of local city officials, including City Clerk Charles A. Miller and Park Commissioner M. Harvey Taylor. Commission form of government in New Jersey, according to Mr. Burk, differs somewhat from the Clark system followed here and in other Pennsylvania third class cities.

Trenton conditions he likened to Harrisburg's in that a 3 to 2 vote is frequently recorded by the five-member commission. Politics rarely figures in the little scraps, he said. Police and city employees are selected in Trenton by civil service, he pointed out, and the commission conducts liquor license court and has many powers which now are not vested in Pennsylvania city commissions. Trenton commissioners get \$3,000 per year, which is \$500 better than the salaries of Harrisburg commissioners.

PAXTANG PAYS FOR SCHOOL

Borough's Directors Float Bonds and Settle With Swatara Township With the \$2,500 obtained through floating five \$500 improvement bonds, the school directors of Paxtang to-day made settlement with the Swatara township school district for the Paxtang school building, which was acquired from the township at the time of the formation of the borough last fall. Prior to floating these bonds the Paxtang School Board had no debts. The valuation of the borough, for school purposes, is fixed at \$281,535. Seventy per cent of a mill of the school tax is to be applied annually to a sinking fund, out of which the bonded debt is to be paid. The annual installments will increase automatically with the increasing of the town's realty valuation.

Paxtang borough is now having electric lights installed in the town and it is expected that the new system will be put into service within the next two or three weeks.

PERSONS OF MANY FAITHS AT BISHOP DUBS' FUNERAL

Continued From First Page.

Remarks were also made by the Rev. Edward S. Luter and the Rev. W. M. Stanford. The benediction was pronounced by the Rev. George F. Schaum, pastor of the Harris Street church.

The services at the church took place at 1 o'clock and were in charge of the Rev. Mr. Niebel, the Rev. Mr. Stanford and the Rev. Mr. Hartzler. Five minute eulogies were made by Bishop James Henry Darrington, representing the Protestant Episcopal churches; the Rev. Dr. John D. Fox, representing the Methodist Episcopal churches and ex-bishop, C. S. Haman, of Reading, the oldest living United Evangelical minister. The services at the grave were in charge of the Rev. Mr. Hartzler, the Rev. Mr. Stanford and the Rev. George Ott, editor of the German paper "Zeitschrift," which Bishop Dubs edited for many years.

During the church service the Rev. Mr. Schaum, who has just returned from the Northern conference of Evangelical Ministers, at Lemars, Iowa, read resolutions of sympathy adopted by that conference. Most of the ministers of the conference, representing four states, North and South Dakota, Minnesota and Northwest Iowa, were well known by Bishop Dubs, who sent them into the mission fields many years ago.

Not only were the services well attended by members of the United Evangelical congregation but by pastors and members of other denominations as well. Many local ministers also attended the services at the grave.

The pallbearers, clergymen selected from various churches of the country, were as follows: The Rev. W. S. Harris, pastor of United Evangelical church, Peabrook; the Rev. J. O. A. Curry, presiding elder of the Johnstown district; the Rev. J. D. Shortell, York; the Rev. H. A. Beifer, Baltimore, Md.; the Rev. S. P. Erisman, Allentown, and the Rev. H. V. Summers, Columbus, Ohio.

Numerous were the bouquets and wreaths sent by institutions and individuals. Conspicuous among these were a large wreath of cream roses from the employees of the Evangelical Publishing House, another large wreath from the Harris Street congregation and a spray of carnations from Bishop U. F. Swengel, this city, and Bishop W. F. Fouke, of Illinois, the two remaining bishops of the church, who will jointly carry on the work of Bishop Dubs, until the next conference in 1918.

MERCANTILE MARINE FAILS

Application for Receiver for International Company Where Concern Defaults in Paying Bond Interest

By Associated Press.

New York, April 3.—Application was made in the United States District Court to-day for the appointment of receivers for the International Mercantile Marine Company on a bill of complaint, filed by the New York Trust Company. The complaint was filed against the International Mercantile Marine Company and the International Navigation Company. The complaint claims default of interest on \$52,744,000 four and one-half per cent. collateral trust bonds.

The mammoth fleet that flies the flag of the Mercantile Marine Company was brought together by a syndicate of American and British capitalists under the leadership of the late J. P. Morgan. The corporation in its present form was chartered in New Jersey in 1902, and succeeded the International Navigation Company. One hundred and nineteen steamships, flying the flags of Great Britain, the United States and Belgium were operated according to the latest available figures and there were the building 18 more ships. Some of these have since been completed. More than \$100,000,000 of the company's authorized capital stock of \$120,000,000 has been issued.

No transatlantic steamships were directly operated by the company, their operations being left to subsidiary corporations, whose stock was held by the International Mercantile Marine Company.

It was said the receivership proceedings would not, in any way, disturb the operation of the company on its subsidiaries. A conference of attorneys was to be held this afternoon at the home of Federal District Judge Houghton, whose illness kept him from his chambers, to determine whether a receiver should be appointed.

LATE WAR NEWS SUMMARY

KILLING OF U. S. CORPORAL

The Panama Police Fired Into Train of Unarmed Soldiers and Civilians at Colon Yesterday

By Associated Press.

Washington, April 3.—Brigadier General Edwards, commanding the troops in the Panama Canal Zone, to-day reported that during a fight in Colon yesterday between American soldiers and Panama policemen, in which Corporal Langdon, of the coast artillery, was killed and three soldiers were wounded, the Panama police fired into a train of unarmed soldiers and civilians and pelted the train with stones and rocks.

Colon, Panama, April 3.—Major General Leonard Wood, commander of the department of the east, reached here to-day and immediately ordered a full investigation of the shooting of Corporal Langdon last night by a Colon police lieutenant.

Preliminary examinations of a number of witnesses indicates that the killing of Corporal Langdon was without justification. The corporal was attempting to arrest a turbulent private, when the police lieutenant began shooting without warning. General Wood began to-day his inspection of the canal defense.

TITANIC SURVIVOR SAILS

Miss Nora M. Keane, of This City, Starts for Ireland to Visit Mother, Who Is Ill

Miss Nora M. Keane, 167 Paxton street, a survivor of the Titanic, the White Star liner which sank in mid-Atlantic after striking an iceberg April 14, 1912, is again braving the Atlantic, despite the dangers of the blockade of the Germans, in an effort to get to her old home in Garden Hill, County Limerick, Ireland, to see her mother, Mrs. John Keane, who is seriously ill.

Miss Keane was booked to leave New York on the Lusitania this morning, she having left Harrisburg for the east last evening. Miss Keane received the word of the serious illness of her mother on Monday and decided to go by the next big boat to her old home, despite the warning of her friends of the dangers of a trip across the Atlantic during the time when hostile warships are most everywhere and blockades by submarines are menacing transatlantic travel.

Miss Keane, who was returning on the Titanic, was forced into a lifeboat after the big liner struck the iceberg and spent the night on the ocean before being rescued the next morning by the Carpathia.

Overheated Stove Fires Building
