HOW TO BE SLIM

By Winifred Grace Forrest. If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must eat what is laughed at on account of your fat, but go to W. H. Kennedy, or any of our Koroan capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body. It costs little, is absolutely harmless and I am sure a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.
