FOR CATARRHAL DEAFNESS AND HEAD NOISES

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

Sufferers who could scarcely hear a watch tick tell how they had their hearing restored by this English treatment to such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear.

Therefore, if you know someone who is troubled with catarrh, catarrhal deafness or head noises, cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be easily prepared at home for about 75c and is made as follows:

From your druggist obtain 1 oz. of Parmit (Double Strength), about 75c worth. Take this home, and add to it 1/4 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take a tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are usually remarkably quick and effective.

Every person who has catarrh in any form should give this recipe a trial and free themselves from this destructive disease.—Adv.

LOCAL UNDERWRITERS ADDRESSED BY OFFICIALS
Central Pennsylvania Insurance Men Hear Superintendent Russell and General Agent Darby of Phoenix Mutual Company

The Central Pennsylvania Association of Life Underwriters held their annual banquet Monday night at the Engineers' Club. Covers were laid for thirty men, including the guests of honor and principal speakers, Winslow Russell, superintendent of agents of the Phoenix Mutual of Hartford, and G. M. Darby, general agent for the Phoenix, with offices in Philadelphia.

Previous to the dinner a short business meeting was held with President V. W. Kennedy, in the chair. J. T. Sherry, of the Equitable Life Assurance Society, was elected a member of the executive committee of the national association. Messrs. Heathcote, Johnson, Eckenrode, Wanbaugh, of Harrisburg, and Harman, of Lancaster, were elected delegates to the national convention which is to be held at San Francisco in August of this year and Messrs. Poorman, Essick, Cummings, Berger and Cordry were elected alternate delegates.

At the conclusion of the dinner Mr. Kennedy, acting as toastmaster, introduced Mr. Russell. The latter proved a most interesting speaker. His subject, "The Ethics of the Life Insurance Profession," while not new, was expounded in an original way by what he pleased to call his declaration of dependence.

The interdependence of nations and their inhabitants, the effect of an individual act or event in a remote part of the earth upon the humblest citizen here was used with telling force in his illustration of the dependence of each life insurance man upon the others of his profession. He showed how every act of every life insurance representative either benefited or injured every other man in the business, and how important it is from the standpoint of the insuring public that each insurance man scrupulously guard against the act which hurts.

Mr. Darby followed Mr. Russell in a most pleasing and helpful talk on the better appreciation of life insurance as a vocation. At the conclusion of the speeches the meeting was thrown open for general discussion on the welfare of the business. As an expression of appreciation the association elected Mr. Russell and Mr. Darby honorary members.
