## THE NON-PARTISAN BALLOT LAW IS TO BE RETAINED

Measure Designed to Repeal It Is Killed in Committee Following a Hearing in Which Pittsburghers, Take an Active Part

The proposition to repeal the non-par-tisan election law by which judges of all kinds throughout the State and city omerais an certain municipalities are nominated and elected, met with a swift death in the Senate Committee on Elections last evening. If the bill had been made a law the city of Pittsburgh would have reverted to the old system of nominating and electing its councils just as it had the new system fairly started, and judges' elections would have been made by the party system again.
