Austria is reported to have abandoned her campaign against Serbia, bringing to a close the offensive operations which were the immediate cause of the general European comflict. Dispatches from Switzerland say that Austria has given up the plan for a new attack on Serbia for the sake of sending additional troops to the Italian frontier. MASTER WINSLOW SON OF REAR ADMIRAL CAMERON MERAE WINSLOW "AT THE WHEEL" Master John Chilton Winslow, son of Rear Admiral Cameron McRae Winslow, U. S. N., is the envy of all the chauffeurs in Newport, R. L. The boy, who is six years old, is frequently seen at the wheel of his father's car guiding it through the crowded districts of Newport. He takes his accomplishments most seriously and is so fond of driving that his mother has hard work to make tim keep his appointments with his tutors. The hills and sharp turns are nothing to him, and he has excellent judgment in steering the car around other vehicles. He is usually accompanied by his father, who is now in Washington, or by his chauffeur, who keeps a sharp lookout for the brakes when the lad is driving. When the boy was asked to pose for a photograph he gleefully agreed and was told to look like "Barney" Oldfield. "But," said Master Winslow, "Barney" wouldn't be driving this kind of a
