Cedar Chests Are Proof Against Moths

It is soon time to put away winter clothes, and very few homes have a proper place to store furs and winter clothes to keep them from being moth-eaten. A Cedar Chest is just the thing—they are handsome and last a lifetime. They are beautiful to look at, and the odor of cedar which permeates everything that is placed in them, protects them from moth. This insect will not venture where there is any cedar, as the odor of this wood is destructive to them.

No Excuse for Any Family Not Having One

The price is so low on these chests, and in addition, you have the privilege of paying for them in easy monthly payments, that there is no excuse for a cedar chest not being in every home. They more than save their cost in preserving your clothes. This special offer is only made possible by contrasting with a manufacturer to make up a large quantity. We can show you the largest variety of cedar chests ever shown in this city.

Useful and Beautiful

Not only are these Cedar Chests moth proof, but they are handsome pieces of furniture as well. As a window seat a cedar chest is ideal. The copper bands serve the double purpose of added strength and beauty.

You don't need to roll your clothes up in a ball to put them away. Just fold them in smoothly. The large capacity of these chests enables you to store away all your winter clothes.

ALASKA REFRIGERATORS have stood the test of time. They are better made than others, and on account of the large quantity we contract for we can sell them to you at no higher price than inferior makes.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

KNIGHTS OF ST. GEORGE TO HOLD CONCERT AND SMOKER

Elaborate Preparations Made for Big Entertainment Which Will Be Held in Social Hall of St. Francis' Catholic Church

Preliminary arrangements for a band concert, smoker and mammoth booster meeting were made by the members of Branch 168, Roman Catholic Knights of St. George, at a meeting held in the basement of St. Francis' church yesterday afternoon. The affair will be held on Thursday evening, April 29, in the church basement, and will be for the members and their invited guests. The Verdi Italian band, of which C. Gaeta, 212 Locust street, is president, and M. Caldarazzi, a crack Steelton musician, conductor, has been engaged for the concert. The band, which has been in existence for the past eighteen months and which has been rehearsing weekly since its organization, gives promise of becoming one of the best musical organizations in Central Pennsylvania. For several weeks past the band has been rehearsing for the coming concert and the Knights and their friends are expecting some excellent selections.

At the meeting yesterday E. J. Kreidler was elected director of the branch for the coming year. He will also serve as the delegate from the branch to the State convention to be held at Scranton next month. As director and delegate, Mr. Kreidler succeeds Joseph Waldschmitt.

During the afternoon it was announced that many prizes have already been secured for the five hundred party and euchre which the branch will conduct for the benefit of St. Francis' church in Winterdale hall on Wednesday evening, April 21. A number of members have offered prizes and it is believed that players will be offered at least 150 trophies.

A class of nine candidates was initiated into the order yesterday.

The committee in charge of the booster meeting, April 29, is composed of Michael J. Barry, Frank J. Sater, Simon J. Hare, Thomas P. Culhane and Charles P. Theuer.

Impressive Memorial Services

Impressive services were observed yesterday afternoon at the home of the Loyal Order of Moose, Taird and Boas streets, commemorating the departed members of Lodge No. 107.

The Lodge of Sorrow convened yesterday wherever there was a branch of the Order of Moose, according to the usual custom, and the ritual of the fraternity used exclusively on such occasions was observed before an audience of several hundred at the local home. Michael E. Stroup delivered the address of the afternoon.

In preceding years it had been the custom of the Moose of the city to hold the memorial services in a theatre or other public auditorium, but last year the committee in charge of the arrangements decided not to secure a hall but to devote the money saved in this way for the relief of the poor and needy of the city. About \$175 was saved by the action of the committee, and, as there has been a heavy drain on the charity fund of the Moose during the

winter, this amount will be greatly appreciated.

Since the organization of the Moose in Harrisburg ninety members have died, twelve of them within the last year, and as the name of each was called a carnation was put aside in memory of the departed. These flowers were later distributed among the sick.

Getting Together on Housing

Acting on the suggestion of the Governor in his veto message of the Philadelphia housing bill, the two Philadelphia factions are now endeavoring to get together on a bill that will suit both. Governor Brumbaugh says that it will not be a hard matter for them to get together, and he looks for a new bill to be brought into the House about next week. According to the Governor the old bill had the fangs and the new bill which was vetoed, was fangless, and he would like to see a compromise that has some "wisdom teeth."
