BOSS COPS HERE: CROOKS TO WOODS!

Prayer by the Rev. Harry Nelson Bassler, pastor of Second Reformed church. Mayor Royal welcomed the police chiefs to Harrisburg. J. N. Tillard, chief of police of Altoona, president of the association, responded. This evening the sleuths will banquet in the Board of Trade hall. The sessions will be continued to-morrow morning, to be followed by an automobile ride over the city.

Says Politics Handicap Police

In his opening address to the convention this afternoon President Tillard dwelt at length on conditions in police departments under political appointment systems, contending it is practically useless to expect expert police service when the force is changed with every change in the politics of the city administration. Working toward a uniform measure which would put departments on a stable footing, he advocated civil service and police pension funds. He said, in part:

There are now pending in the Legislature bills which are intended to be put upon a more reasonable basis the police bureaus of the cities of the third class in the State and create pension laws affecting all officers from the township to the city of the first class. The passage of these laws would create a quiet and gradual evolution of the police service of the State that would mean much to the people thereof, to say nothing of what it would mean to the faithful guardians of the public peace. I sincerely hope that the members of this association will rise to the occasion by calling the attention of their respective Representatives to the importance of the matters involved.

Asks for Public Support

"We are gathered," he continued, "to confer with each other as to the best possible method of pulling together for the public good. The people should remember that we are but men like themselves, who need encouragement by holding up our hands. If they deal with us niggardly and meanly, indulge in captious criticisms, show a disposition to hinder rather than help, they will not get the best possible results."

"They must remember that when they hire certain agents to perform dangerous, difficult and perplexing work they do not fully absolve themselves from the duty of rendering such assistance as they alone can supply. We are willing to assume the dangers of the firing line, but they must keep up the commissary and the ammunition."

"If we give the best that is in us they must not play into the hands of the common enemy by hurling at us unjust accusations or abusive ridicule. An occasional knock may do us good, but we do not care to have it come in the back of the head when we are grappling with a crook or facing a perplexing situation."

NEW EPWORTH LEAGUE HEAD

The Rev. W. E. Watkins, of York, is Elected District President

At a meeting in the Stevens Memorial Methodist church of this city on Saturday afternoon of the Harrisburg District Epworth League Cabinet, which represents sixty-nine Epworth League Chapters, the Rev. W. E. Watkins, of York, was elected district president, succeeding the Rev. J. W. Long, formerly of Dillsburg, who was sent to West Clearfield in the Juniata District following the sessions of the Central Pennsylvania Conference of the Methodist church at Shamokin several weeks ago. The Rev. Mr. Long's transfer to another district necessitated the election of a successor, and this meeting of the District Cabinet was called by C. H. Clark, of Carlisle, the first vice president of the district, for that purpose.

Besides Mr. Clark, those present were: A. H. Stover, second vice president, of Harrisburg; R. K. Bergstrom, fourth vice president, of Harrisburg; Miss Jessie Spangler, corresponding secretary, of Littlestown; Miss Mary Crane, recording secretary, of Harrisburg; the Rev. Allen C. Shue, treasurer, of York; Miss Myrtle Mayberry, Junior League superintendent, of Dillsburg, and the Rev. W. E. Watkins, the president-elect, of York.

Following the election of the Rev. Mr. Watkins as president, plans for the district convention to be held in Chambersburg on June 17 and 18 were outlined, and a new president was authorized to arrange with speakers for that occasion.

GARDENS FOR THE NEEDY

Plowing Has Started on Lots Which Will Supply Many Families

Plowing has been started on three lots in different sections of the city which are to be converted into workers' gardens for the support of at least three hundred families, under the direction of the Benevolent Association.

The officers of the Harrisburg Benevolent Association are George W. Reilly, president; Donald McCormick, secretary, and Charles A. Kunkel, treasurer. The organization is co-operating with the directors of the poor.

Many applications for the miniature farms have already been received and sections will be allotted as soon as the land is marked off. The amount given will depend upon the size of the family, ranging from lots 25 by 100 feet to 100 by 100 feet. The average plot will be 50 by 100 feet. Seeds will be furnished by the Association, and the gardens will be cultivated under its supervision.

For the first time since 1908 these workers' gardens will be in operation here. At that time the Associated Charities let out small tracts of a total of about 10 acres to numerous poor families. The idea proved unusually successful, the value of the truck products amounting to nearly \$4,500.

CIVIC CLUB NURSE GAVE AN INTERESTING REPORT

Ladies' Guild of Trinity Church and Central Baptist Sunday School Furnished Donations of Clothing and Cash to Associated Charities

The monthly report made by Miss Wiseman, Civic Club nurse, at a meeting of the Associated Charities last evening had two features of merit, consisting of the aid the Charities body received during the month of March and the assistance it rendered during the same month.

Of the former, the Ladies' Guild of Trinity P. E. church, contributed a large quantity of clothing, made by the ladies during Lent and a cash donation of \$10 from the Central Baptist Sunday school.

The committee from Steelton Lodge, Knights of Pythias, which recently gave an entertainment for charity, did not report last night. The members of the Associated Charities committee turned \$52, the proceeds of tickets sold by them, into the treasury.

The demands for assistance made on the Charities committee during the cold weather of March is outlined by the nurse as follows: Sixty-three orders for groceries, 62 order for coal and 16 pairs of shoes. Clothing was furnished on six occasions and employment was obtained for three men. During the month Miss Wiseman, the agent for the Associated Charities, made 75 visits to the homes of the poor.

OUTDOOR ACTIVITIES

In Addition to Garden Plots and Gardens for Adults and Children Arrangements Are Completed

Outdoor activities by the local Civic Club received considerable attention yesterday afternoon at a meeting of the executive committee after details for a public lecture, to be delivered in the High school auditorium next Monday evening, had been completed.

This lecture will be given by the Rev. William B. Cooke, a former pastor of the local Presbyterian church, and will be a recital of his experiences, acquired by a three years' residence in the Philippine Islands since leaving the borough.

A report on the work of the committee in charge of the garden school and the free family gardens was made by Mrs. Vanier, chairman of the committee, yesterday. The plots on Cottage Hill for adults have been opened and many families have started to raise vegetables. These plots have not yet been all taken up and the remainder can be obtained through applying to the chairman of the committee.

The garden school for children has not yet been put in proper shape for planting and it is expected to open these gardens some time during the next two weeks. The committee has received a large quantity of seeds from the Department of Agriculture and many of these will be planted.

POLICE CIVIL SERVICE PLAN TO HAVE PUBLIC HEARING

Chances of passage by the Legislature of the police civil service bill for third class cities in Pennsylvania, of which Harrisburg is one, are considered much better since the backers of the bill have obtained promise that an open hearing on the measure will be granted to them before the Judiciary Special Committee of the Senate. This was arranged to-day by Senator Snyder, of Schuylkill.

The measure already has passed the House and has been sent to the Senate. It was referred to Snyder's committee and was considered dead. Since that time the League of Third Class Cities has been plugging for the bill and, through the efforts of Ira W. Stratton, Mayor of Reading, president of the league, the hearing has been granted.

The hearing will be held to-morrow afternoon in the committee room and all of the chiefs of police from third class cities who are in the city attending the convention of the Pennsylvania State Association of Chiefs of Police will attend the hearing. To-morrow afternoon the conventionists will take an automobile ride through Harrisburg, which will end at the Capitol in time for the chiefs to attend the hearing.

Chief Hutchison said this morning that the chances of the bill passing the Senate are now good. The policemen will endeavor to impress the committee with the importance of the measure, so that it will reach the floor of the Senate.

Canal Locks

Although the ancients knew the value of canals, they failed to hit on the simple device of the lock, which was not discovered till the fourteenth century. To this day the dispute has never been settled as to which country, Italy or Holland, is entitled to the credit of the invention.

A Polite Threat

"Just as a gentle reminder," replied the other, "that if he forgets the tip it's liable to hurt him next time."
