LEE MAGEE STARTS BADLY

Brookfed Manager Draws Fine and Suspension for Rowdiness Chicago, April 13.—Manager Lee Magee, of the Brooklyn Federals, was notified yesterday by President Gilmore that he had been fined \$50 and suspended for two days on charges of rowdiness in the opening game at Brooklyn Saturday. According to reports to Gilmore, Magee, after being put out of the game, returned to the coaching lines six times. Gilmore in a statement declared he would tolerate no rowdiness and that he would support his umpires.

Manager Schiaffly, of the Buffalo team, wired a protest against the Brooklyn victory in the same game on the ground that Catcher Land, after surrendering his place on the base lines to another runner, resumed his part in the game illegally. Gilmore will await a letter from Schiaffly before taking action on the protest, he said.

Long Drawn Out Uncle Jeff, an aged negro driver of Augustus, was piloting several northern visitors around just after the first golf links had been put in there. Uncle Jeff was a little short in his knowledge according to St. Andrew, but long on local pride. "How many holes have they?" inquired a visitor, "eighteen!" Uncle Jeff pulled up to make his answer more impressive. "More'n dat, sub," he said. "Dey's got a passel er land, and de holes ain't bigger'n a tin can. I reckon dey's got a thousand holes already, such."—New York Post.

TENER INSTRUCTS UMPIRES

Infielders May Practice Before Each Inning During Cold Weather

New York, April 13.—John K. Tener, president of the National League, held a meeting yesterday with his official staff of umpires and the league headquarters here. President Tener went over the rules with his staff, explaining ambiguous points and laying down a code for the strict enforcement of the rules this year.

The following umpires were in attendance: Robert Emslie, William Klem, Charles Rigler, Albert Orth, William Bryon, William Hart and George Cockill. The latter has just been appointed to the staff. E. C. Quigley and Mal Eason, who live in the Far West, were not present.

The pairing of umpires and assignments for opening games follows: At New York, Rigler and Hart; at Boston, Bryson and Orth; at Cincinnati, Klem and Emslie; at Chicago, Quigley and Eason.

A special dispensation will be granted to infielders to use a ball for practice purposes prior to the start of each inning, the rule to be in effect up to May 15. This rule was made for the purpose of allowing the men to warm up before the start of each inning during a period that is more or less cold. After May 15, however, President Tener believes the weather will be warm enough to eliminate such practice and the former rule prohibiting the same will be strictly enforced.

Presidential Cheeses The first monster cheese presented to a President of which we can find record is that offered with great publicity to Jefferson in 1802. The cheese was made—one might almost say built—in Cheshire, Mass., in a press giving at the great dimensions of four feet diameter and eighteen inches high. After being successfully pressed, it was drawn from Cheshire to Washington in a six horse dray, amid popular rejoicing. With regard to the dignity of his office, the President insisted on footing the bill to the tune of \$200. There is record of an even greater cheese presented to President Jackson, and President Van Buren received a great cheese every year of his incumbency. With him the custom seems to have ended.—New York Sun.
